Caucus Party's Landslide Ends 16-Year Goedke Rule

A cascade of Caucus party votes elected Edward G. Carlisle village president of Arlington Heights Tuesday, ending the record 16-year mayoralty career of Albert W. Goedke.

Only 4,874 ballots — virtually the same total cast in the mayoralty race 4 years ago — were recorded in the election that saw all the Caucus candidates installed in village hall by huge majorities.

The victorious trustees are Robert H. Bukowski, Wendell L. Prunty and Melvin L. Kurtz. Mrs. Mildred O. Pearson walloped the only other candidate for clerk, Mrs. Eleanor M. Anderson of the Home Service party, 2,653 to 1,317.

* * *

MAYOR GOEDKE and 2 of 3 members of his slate ran second behind the Caucus winners and presidential candidate Edward S. Jackson and his Home Service, with one notable exception, trailed in third.

For Carlisle, his margin of better than 2 to 1 over Mayor Goedke was a direct reversal of form from his last political battle with a Goedke-backed ticket. In the 1955 election Carlisle, running for a second term as village trustee, lost out decisively to Goedke's trustee candidates.

Here are the unofficial complete returns, with winners' names in bold face type:

VILLAGE PRESIDENT
- **Edward G. Carlisle (C)** 2,511
- Albert W. Goedke (P) 1,224
- Edward S. Jackson (HS) 1,084

VILLAGE CLERK
- Mrs. Pearson (C) 2,653
- Mrs. Anderson (HS) 1,317

VILLAGE TRUSTEE (3)
- **Melvin L. Kurtz (C)** 2,622
- **Dendell L. Prunty (C)** 2,513
- **Robert H. Bukowski (C)** 2,496
- Walter C. Kehe (HS) 1,225
- C. L. Griffith (P) 1,180
- Floyd E. Burns (P) 1,151
- William F. Hessler (P) 1,086
- Leo J. Mueller (HS) 1,055
- Daniel W. Senne (HS) 1,037

BETTER THAN three-fourths of the village voters marked the circle for a straight ballot. Of the 4,874 votes, exactly 3,733 were "down the line" or straight ballots, the Caucus party getting 2,234 of them, the Home Service, 760, and the People's party, 739.

An analysis of vote returns indicated that the first woman elected to village office, clerk Mrs. Pearson, received the highest total vote. This was probably due to the fact that only 2 women competed for the position.

In a humorous sidelight observation on the tabulations, retiring clerk Carl H. Weinrich observed that he swamped his good friend Forrest F. Davis, who served as village clerk for 3 terms, by 10 votes to 3 in write-ins for clerk. Weinrich beat out Davis, who will step down from the village board at the end of this month, back in 1953.

Leader on the Caucus ticket, omitting the clerkship race, was 49-year-old Kurtz, who lives at 805 S. Mitchell. His votes exceeded Carlisle's by 111. He led his running mates, Bukowski and Prunty, in every one of the 6 village precincts.

* * *

PERSONABLE, young Walter Kehe, the only native of the village on any slate, finished well ahead of his ticket, topping the vote of Jackson by 140 tallies and even nosing out Mayor Goedke by a single vote.

The drop in the mayor's total in this election as compared with his 3,100 votes in his last time out was startling to many persons. Apparently, as one election veteran put it, "It's not enough to talk to people over the telephone; you have to get out and meet them."

Goedke, 66 years old, did not attend any neighborhood association meetings; neither did one of the other People's party candidates.

* * *

ON THE OTHER hand, the Caucus party was organized as perhaps no other party had been for a local village contest.

The party sent out numerous village-wide mailings that again and again stressed its hard-hitting indictment of "privilege, patronage and procrastination" on the part of the Goedke administration.

Perhaps more influential in the upset victory is the fact that the Caucus had 300 block workers, far more than the others. They were handing out circulars right up to election eve.

There were other strategic advantages the Caucus had, for example, some of its campaign "brain-trusters" were old hands at politics, played a big part in the village manager campaign. Also, the Caucus had a head start on the other parties.

These factors were discounted by many before the election, however, and the mayor was given a fair chance to get back in.

A breakdown of the returns by precinct shows that Carlisle carried every precinct except the one at North school, won by the incumbent mayor with 48 per cent of the vote.

* * *

CARLISLE'S best area was precinct 2, from Ridge west on the south side, where he captured 61 per cent of the 454 mayoralty ballots. In the other 4 he took his share was between 51 and 58 per cent, with an over-all total of 52 per cent.

In contrast, Goedke gleaned only 25 per cent of the total and Jackson, an attorney who was almost unknown publicly before the campaign, got 23 per cent. Jackson led Goedke in precincts 2 and 3 on the south side and 6 on the north side.

THE NEW MAYOR made a victory statement in which he praised his workers for their loyalty and credited them with much of the responsibility for his elevation to office. He also had kind words for campaign manager Lester H. Ploetz.

"Now it's time for all residents to renew their spirit of willing cooperation that is so characteristic of our town," declared Carlisle in a bid to gain support from losers in the election. Carlisle spoke at a happy Caucus gathering in the Legion hall.

In his statement, Jackson thanked all his supporters and noted "the voters have spoken through the democratic system."

Nelson Hauff, the mayor's campaign manager, also thanked his backers.

NEW VILLAGE OFFICIALS elected Tuesday happily posed in front of the tally board in the Caucus party headquarters at the American Legion hall. From left, **Robert H. Bukowski**, trustee; Edward G. Carlisle, village president; Mrs. Mildred Pearson, village clerk; Melvin L. Kurtz and Wendell L. Prunty, trustees. Carlisle's Caucus party was swept into office with large majorities over Mayor Goedke's People's party and Edward S. Jackson's Home Service party.

The *Editor's* column

by STUART R. PADDOCK

The editor is back on the job. We enjoyed our trip to the Virgin Islands while we were there, and again after we returned and learned that the hometown had abominable weather all the time we were gone.

After 2 weeks of wonderful weather in the island possessions, we were transported in a few hours to Lake Placid, N. Y., where it was still winter. A week later we were greeted with a snow storm at Quantico, Va.

We still think that Illinois has the best climate in the world, although we do not criticize those who earn enough money in Illinois to spend it in a warmer climate during the cold months.

•

The elections are over. None of the losers should feel chagrined over the result. They put up a terrific battle, and it will be to their credit if they take defeat gracefully. There will be other elections coming.

The defeated candidates hereabouts can remember that they made a better showing locally than Stevenson did, throughout the country, November 6.

This is a democracy. Differences of opinion keep it that way. We are all thankful that we could go to the polls without a dictator telling us how to mark our ballots.

•

After attending a session of the House of Representatives in Washington Wednesday afternoon, we decided that the solons who are settling the policies of our government are not much different than the members of village and city boards back home.

Just as we were taking notes, while seated in the visitors' gallery, a guard said note-taking was prohibited. No wonder the public does not know all that goes on in Congress. Or are members of Congress afraid of "off the cuff" words they might say?

•

The Wednesday afternoon session was supposed to be very controversial, although both of the floor leaders were in agreement that it would aid amiable relations between England and the United States if Uncle Sam would approve England's application for a 50-year "FHA loan" at 2% interest.

Members of Congress could ask as many "whys" as do spectators at village board sessions.

They were talking about 3.7 billion dollars. They could not understand why England should not make regular payments as agreed in 1946. The morning papers had announced England had slashed its budget. Also that Queen Elizabeth had gone to France with a tremendous wardrobe.

One congressman wanted to know if England had cut its budget on the strength that Uncle Sam would pay the difference and if U.S. taxpayers would be expected to pay for a fancy wardrobe for the queen.

•

After an hour of talk and the request of a member that somebody tell him what it "is all about," our Congresswoman, Marguerite Stitt Church, was asked to enlighten him. Her explanation brought the only applause given any speaker of the afternoon.

The loan story was told over and over again as do municipal engineers at home as they try to explain their plans to a room full of spectators.

It was early evident that the Republican and Democratic leaders voiced their approval, but it took nearly 5 hours of talk and the defeat of an offered amendment before final action.

The final words of Speaker Rayburn probably could be the basis of an attacking editorial in the Chicago Tribune.

Rayburn said: "I am pained to say we have fewer friends in the world than at any time in our history. Let us not throw away the friends we have. This is not forgiveness of a loan. It is simply a postponement. Do we want to say to the nation which is still our best and most useful friend in the world that we do not want to postpone for a time the interest that is due on a loan?"

All in all, it was democracy in action and our Congressmen do it about the same way as do our city and village boards at home.

Speaker Rayburn kept the session in order by limiting speakers to 5 minutes and only one speaker at a time.

Would it be such a bad idea if village heads occasionally used their gavel to expedite village business.

•

We got an insight into the labor of our congresswoman when we visited the office of Mrs. Church. She and her 5 secretaries are attempting to personally answer the greater part of over 2700 letters she has received regarding a cut in the budget.

Cyclist, 2 Motorists Injured Here

A 15-year-old cyclist broke a leg and 2 motorists were bruised in mishaps in Arlington Heights during the past week.

The cyclist, Charles Rush of 205 W. Fremont, was taken to St. Francis hospital in Evanston after his bicycle collided with a parked car. The drivers, Edward L. Meyers, 40, of 1016 N. Salem, and June Carelly, 35, of 901 N. Forrest, were victims of a head-on collision on E. Euclid ave. Thursday evening.

POLICE SAID the Carelly auto pulled out to pass another eastbound car and hit the Meyers' coming toward it in the westbound lane.

Sandra Lemke, 16, of 815 W. Campbell, told police her car "hit something in the street" near the railway crossing on Evergreen, climbed over a curb and smacked into a light post and parking meter.

Another youth, 19-year-old Raymond F. Lamping, said his car was backed into by another car while stopped on Campbell at Ridge Sunday night. Police traced the other car to one "R. Montemayer" but were unable to find him at the address listed on his license.

OK Construction Masonic Lodge

Permission has been granted the Century club, an affiliate of the Arlington Heights Masonic lodge, to construct a building on Dryden pl., near Northwest hwy. in Stonegate subdivision.

A permit was granted the club Saturday by the village building department.

Designed by architects James Viger and Theodore Meyer, the new lodge is to be constructed on 3 lots on Dryden. Parking will be at the front, rear and side and on a fourth lot, with a total capacity of 35 autos.

The Masonic building is to be constructed of stained, massive timbers over stucco along its frontage with an entrance of large glass panes and stainless steel reached from 3 steps of stone.

THE SIDE AND rear of the building will be built of pre-cast concrete, molded to give the effect of lannon stone.

Landscaping is planned for the front of the lodge along with fencing around the sides and at the rear.

The area in which the building is to be erected is zoned for Class B construction, which includes fraternal buildings.

It is reported the Stonegate property owners association will go to court to prevent erection of the building as legal action was threatened if the building were approved.

Free X-Rays

Free chest X-rays will be offered residents 15 years old and over, Tuesday, April 23 when a mobile unit is parked at the Village Hall, 101 W. Davis st., Arlington Heights.

X-raying hours are from noon to 6 p.m.

Stick-Up Loan Office Again

For the second time since it opened 10 months ago, the Arlington Heights office of Household Finance corp. was robbed at gun point Friday.

L. J. Nau, manager of the loan company office upstairs at 8 E. Northwest hwy., said a bandit about 30 years old escaped with $189 cash in the 6 p.m. robbery.

The firm was robbed of several hundred dollars shortly after it opened last June. A pair of masked youths pulled that job; this time it was a lone man, described as 5 ft., 9 inches, about 165 pounds, wearing glasses and a grey topcoat.

VILLAGE police also reported burglaries of a gas station and a restaurant Sunday night. The station, operated by Norman Valentine, was burglarized of $150 and additional cash and cigarettes from a vending machine.

A Rolling Meadows motorist on his way home at 4 a.m. noticed a door open at the Standard station at Central and State rds. and informed police.

A juke box at the Suburban Snack shop, Wilke rd. and Campbell ave., was looted of $18 by a burglar who gained entrance by forcing a rear door.

A third burglary occurred in the middle of last week at a new home site. An official of Alan Construction Co. of Northbrook told police a portable generator weighing about 150 pounds was stolen from an equipment shed and window hardware worth $100 taken.

'Trap' Sold Out For April 27

The April 27th performance of "The Tender Trap" is sold out, the Village Theater reported today.

Seats, however, are still available for Apr. 25 and 26. Reservations may be made by calling Cl 3-8595.

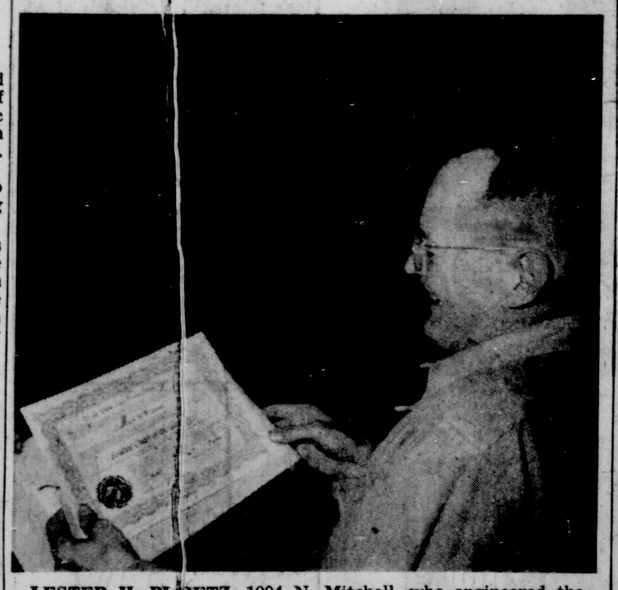
MURIEL MUNDY SHOP of 28 Dunton ct. and Ettner's Shoe store of 20 E. Northwest highway are providing costumes for the players, who will appear at 12:15 p.m. April 23 on the WBBM-TV show, 'Shopping with Miss Lee.'

Randy Moses, Jane Miller, Pat Skamfer and Barbara Housekeeper of the Village Theater will appear on the show.

TWO CAUCUS WINNERS huddled in a corner at party headquarters just before final returns were announced. They were new village president Edward G. Carlisle (left) and trustee Melvin L. Kurtz.



LESTER H. PLOETZ, 1004 N. Mitchell, who engineered the Caucus party victory as party campaign manager, was presented with a membership in the "Order of the Giraffe" by new Trustee Robert H. Bukowski following the final tally. The citation applauds Ploetz for his ability to "stick his neck out and keep his feet on the ground."

Post Office Cut Hikes Use Of Special Delivery

A 50 per cent increase in the number of special delivery letters mailed Saturday was the chief effect of the cutback in postal service in Arlington Heights.

Postmaster Mrs. Virginia Dodge said that the normal volume of 80 "specials" shot up to 120 Saturday. No home deliveries of first, second and third -lass mail or

duced by 1½ hours. The windows now open at 8:30 a.m. instead of 8 and close at 5 p.m., one hour earlier.

Postmen reported to work 45 minutes early Monday morning to handle sorting of their 2-day load. They were on the street with extra-heavy mail bags at the usual hour, Mrs. Dodge reported.

The 14 regular mailmen working out of the Arlington post office did not learn until late Friday afternoon they were not to report for work Saturday. The cutback in service followed the failure to approve an increase of $47 million in postal department appropriations.

Arlington Area School Election Results

Kenneth A. Anderson, 734 N. Beverly, and Mrs. Mildred S. Froyd, 606 S. Vail, received 290 and 292 votes, respectively, t and 292 votes, respectively, to win election to the board of education of Arlington Heights grade school district 25 in an election Saturday.

WILSON

Wilson school district residents gave a vote of confidence to 2 incumbents on the school board in Saturday's voting. Just 286 voters, only a fair turnout for the district, showed up to re-elect board president William I. Casteel and Mrs. Dorothy M. Rice.

* * *

THE PAIR RAN well in both Virginia Terrace precinct 1 and Wilson school precinct 2. The 3 losers were former board president Harold C. Best, salesman Paul S. Stassevitch and attorney George E. Herbert. Both the winners live in the unincorporated area.

Mrs. Rice received 63 votes in precinct 1 and 88 in precinct 2, for a 151 total. Casteel got 99 votes in precinct 1 and 58 in precinct 2, for 157 total votes. Other totals were Best, 89; Stassevitch, 61, and Herbert, 66.

Lengthening of the school term to 10 months won 212-67.

FOREST VIEW

In voting at Forest View school on S. State rd., south of Arlington Heights, 32 voters turned up to re-elect Mrs. Eunice Hutchings to a full term on the school board. Five of the ballots were spoiled and she received 27 votes. She was unopposed for election to the 3-man board.

ARLINGTON HIGH SCHOOL

With no contest to fill 3 vacancies on the board of education of Arlington high school, incumbents Mrs. Alma Fontaine, Daryl B. Oldaker and Kenneth E. Dougan were returned to office.

One surprising turn did develop in 3 referendum measures, however. A large number of voters went to the polls in Rolling Meadows to vote 2 men onto the Palatine-Rolling Meadows grade school district school board with a last-minute write-in campaign.

* * *

THE VOTERS in the city then crossed the hall to the Arlington high school election booth and a majority cast "no" ballots on approval of a site for a future high school in Buffalo Grove and on an increase in the tax rate. However, all 3 measures passed in the district-wide vote.

The site won, 954 to 577; a site bond issue, 914 to 544; and the tax hike, 896 to 642 on the strength of large majorities in Wheeling and Prospect Heights.

Annual Spring Dance

Arlington Terrace association will hold its annual spring dance May 11 in Palatine Fireman's hall. Square dances will be featured although there will be many fox trots and waltzes. The dance will be held at 8:30 p.m.

Tickets may be purchased from Mrs. Mickey Hofer at CLearbrook 3-4407.

Transportation Parley Is Slated In Chicago Thursday

Mayors, village officials, and civic association representatives will have their say at the next meeting of the Illinois senate-house committee on mass transportation problems.

They have been invited by the committee chairman, Rep. Elroy C. Sandquist (R., Chicago). The session — expected to center on the controversial CTA subsidy proposal — will open at 10 a.m. Thursday, April 18, in the main hearing room on the 19th floor at 160 N. LaSalle st., Chicago.

* * *

AT LAST week's hearing, the committee heard objections from several railroad officials to proposed subsidies for the CTA or any other line. One banker, however, urged a CTA subsidy for service and maintenance costs. He was Edward Eagle Brown, chairman of the First National Bank of Chicago.

J. P. Kiley, president of the Milwaukee Road, sent a statement saying that "subsidies should be used only after full and painstaking investigation unmistakably reveals there is no alternative."

The Milwaukee Road's suburban commuter operations, incidentally, are "carried on at an annual out of pocket loss," he said, adding:

* * *

OFFICIALS of suburban bus companies sought elimination of gas tax and state license payments — including Leonard Manuel, vice president of United Motor Coach Co. that serves 20 northwest suburbs.

Manuel also proposed "a special lane" for buses. This would give faster service and attract more riders, he said.

United Motor Coach lost $47,000 on its regular passenger routes last year, he said. (B7

22nd Annual Youth Parade Is May 19

Pavements will echo with the tramp, tramp, tramp of marching feet, to the cadence of musical corps, the roll of drums and the excited cries of the thousands of marchers as the 22nd annual youth convention and parade gets under way in River Grove May 19.

Parade Chairman, James Kissner, 71 Middletin ave., Palatine, advises that youth in all age groups will be egilible. This includes drum and bugle corps, ROTC units, school bands and other bands and musical groups, boy and girl scout troops and all athletic and sports groups. Twenty first place trophies will be awarded and 20 each for second and third place winners. Every youth participating will be given a gold 'participation medal.'

Judging rules have been made flexible to take into consideration age and experience in all categories so every group will have an equal opportunity to qualify for prizes.

Backed by the 42 Legion posts and 30 auxiliary units this event has become known far and wide and is in keeping with the child welfare program of the Legion that aims to keep youht active and on the "right road," commented Kissner. (B7

A boy, his dad and a boat...

maybe he'll never tell you . . . but in the eyes of that boy of yours you're just about the greatest man who ever lived. And whether it's a trip the two of you take together . . . or something more important, like his college education . . . it's wonderful to have the money when you want it.

But where you save your money makes a difference. That's why, these days, people are putting more savings account dollars in Insured Savings and Loan Associations than in any other type of savings institution. You'll find the management of your Insured Savings and Loan knows where to invest your dollars so they'll be safe and bring you excellent returns. And—don't forget—your savings are insured up to $10,000 by the Federal Savings and Loan Insurance Corporation. So start now to save the safe, progressive way.

Editor Paddock Paints Vivid Picture Of Islands

by STUART R. PADDOCK

(Editor Paddock has just toured Puerto Rico and the Virgin Islands with other U.S. editors and publishers.)

Seven flags have flown over St. Thomas from the time of discovery by Christopher Columbus on his second trip in 1493. Blackbird's and Bluebird's castle are relics of the days of the pirates.

The islands prospered during the slavery days when that labor was used in the cultivation of sugar, but it came to an abrupt end in 1848, 10 years ahead of the previous promise made for its abolishment by Denmark. A governor of the islands in 1848 was so convinced that slavery should be abolished that he issued such an edict on his own responsibility.

* *

RUINS OF THE sugar mills are frequently seen. There are today a few modern mills being operated. The islanders are not interested in the labor of sugar cane culture and laborers are brought from the British Island of Martinique. We saw them cutting the cane by large knives. Yankee ingenuity has not yet produced a sugar cane harvester.

Uncle Sam on the excuse of contributing to the economy of the islands, issues sugar subsidies which in turn pay for the labor imported from another country.

* * *

THE NORTHWEST suburbs only think they have water problems.

Water here is so scarce that except in the more expensive restaurants, it is served only when requested. Water sheds store water from the rainy season in huge reservoirs. Individual homes store water in cisterns. There is no lawn sprinkling during the dry season. Sea water is used for sanitary purposes.

Except for housing developments, rents are as high as in the Chicago area. Few homes are individually owned by the occupants. One resident told us that he pays $85 rent out of a salary of $75 a week. In the Virgin Islands, the withholding tax is the same as in the United States. They say they are happy to pay it because all of it goes to Europe. It is used solely for island purposes.

Virgin Islands is a free port—no customs, which is the big attraction to visitors. Instead of enjoying the great outdoors, the visitors from the states flock to the shops. A visit to all of them in the 4 block long area requires at least 2 full days. The shops branch off from alleyways with as many as a dozen shops in one alley.

* * *

THOSE SHOPS ARE housed in stone buildings, original warehouses of the West Indian Company. Denmark sold the islands for $25,000,000 forty years ago, but the rents its investors are receiving from those shops could be considered payment of tribute from American vacationers.

We were disappointed when we found that little tropical food is served in the hotels this time of year. American dishes predominate the menus. A taxi driver when asked the reason said, "Only the poor people confine their purchases to native dishes."

Economy of the islands is based on tourist trade. Those tourists can make advantageous purchases, but hotel accommodations for them are as high, if not higher, than in the U.S.

Coral reefs keep out fish dangerous to swimmers and the better hotels have their own pools. There are no bikini swim suits—all one piece.

WE MAY BE ASKED when we return home, "Was it all worth the trip?" To the lover of nature the answer can only be "yes." As one looks over the Caribbean, he sees scores of islands; sunlight so bright that adjustments must be made on cameras; exotic homes on the side and on the top of small mountains; only persons in a hurry are the tourists as they run from shop to shop; many shops close from one to 2 o'clock for a siesta; taxicabs patrol the streets at all hours, and the trade winds provide a breeze at all hours of the day. Easter Egg Hunt At Nike Base Sat.

Arlington Heights Nike installation was the scene of the April 11 meeting of the Womans auxiliary of the 86th AAA missile battalion. Guest speaker was W. O. Hickman of the surgeon's office at Ft. Sheridan who spoke on the "Dependents Medical Care Bill."

Plans were made for the Easter egg hunt to be held at 3 p.m. April 20 for children of members of the auxiliary and battalion. Prizes will be given to winners of the contest and there will be entertainment for older children not taking part in the egg hunt. In case of inclement weather, the hunt will take place in the hanger. (A

Two Important Deadlines For Social Security Near

by JULIUS BERMAN
Northwest District Manager
Social Security Administration

Deadlines and last words: Two important deadline dates are approaching for some people. For ministers who have been ordained for at least two years and who have earned at least $400 net from the exercise of their ministry in each of the last two years, April 15 is significant. It is the last day on which they may elect social security coverage.

To elect coverage, they must complete and sign the prescribed waiver certificate. These certificates are available at all social security and internal revenue offices. Ministers who have not completed such a certificate by April 15 cannot at any future time come under social security. Ministers who want additional information should communicate with me or with their local social security office without delay.

* * *

FOR SOME DISABLED people, June 30 is a critical deadline. If they file their disability claims on or before that date, their rights will be fully protected. If they fail to file by then, they may lose all or some of their social security benefits.

Persons who qualify for the "disability freeze" are those who have had social security credits for five years out of the ten immediately before they became disabled, with a year and a half of those credits earned in the three years before the disability began.

The disability they incurred must still exist and must be severe enough to prevent them from any kind of substantial, gainful work.

Persons whose disabilities prevent them from coming to the social security office in person should communicate with the office by mail or phone or through a friend or relative. And quickly. Delay that extends beyond the deadline date will bring bitter disappointment instead of protection or benefits.

* * *

AND WITH THESE urgent reminders we conclude this series of columns. If there is need enough and demand enough, we may resume in the summer. Recent Changes In Law Ease Social Security

Recent changes in the law make it easier to get social security benefits according to Julius Berman, northwest district manager of the Social Security administration.

Women who become 62 during the first half of 1957 need about 3 years of work under social security to qualify for benefits. These women previously needed about 4½ years of work. Also, they can now collect benefits at 62 instead of 65 if they are willing to accept a permanently reduced amount.

* * *

MEN STILL HAVE to wait till age 65, but they may need less work to qualify Berman explained. A special provision was enacted to make allowance for newly covered groups like dentists and lawyers. Individuals who have worked steadily after 1954, with the possible exception of one year, until retirement age or death will be insured. All workers under social security, whether newly covered or not, may qualify under this provision.

The total amount of work necessary to qualify for benefits depends on the age of the individual. Men who are now 68 years of age and women who are 65 need about one and one-half years of work. The younger the individual, the more work he will need. No one, however, needs more than 10 years of coverage. (B7

In The Shadow Of The Steeple

Another Easter Story Designed For Children

by REV. WILLIAM McGILL

One of the saddest things we know is that when people are unpleasant, somebody gets hurt.

That's true whether it's a little boy who throws stones on the playground or whether we are talking about what happened to Jesus when he went to Jerusalem.

Another sad thing is that when people are unpleasant, other people are afraid they might get hurt by them. That's why nobody does anything to stop unpleasantness. Other little boys or little girls try to stay away from the one who throws stones, because he might throw right at them.

* * *

AND WHEN WE talk about Jesus in Jerusalem, most of the friends who cheered Him when He went into the city were afraid they might get hurt too if they tried to do anything to help Him.

Jesus knew this was the way things happened, but He also knew that He had to try to convince people that it is not the way they are supposed to happen if we all behave the way God wants us to behave. That's why He went to the city and did everything He could to encourage the unpleasant people to change their ways.

But these people took it as a dare—and you know what happens when somebody is dared! Really, He was daring them to do something good, and they insisted on thinking He was daring them to do something not good. And they did something not good. They figured out a way to get Jesus killed.

* * *

WHY DID HE let them do it! This is the question all boys and girls ask, (and so do many of your mothers and fathers). If you go up to the little boy who throws stones on the playground and tell him to stop, he might throw a stone at your face. If there is a ballgame going on at the playground, and you pick up a bat and hit him with it, he might stop throwing stones and run home. But it isn't right hit him with the bat. Then you are wrong too, and you're just about as bad as he is.

When Jesus prayed in the garden the night before, that's what He was praying about. "How can I do the right thing and not get hurt." But God said, "That's the way it is when some people are unpleasant and bitter and bad; people who want to do the right thing are likely to be hurt for it."

* * *

JESUS WAS WISE enough to know that doing the right thing was more important than not getting hurt. And He also knew that doing nothing or doing something not good was no way to avoid getting hurt. And He went to Calvary.

(This is a Good Friday story as it might be told to children.)

The Mailman's Corner

Challenges Of Child Raising

by LELDAN ELLIS STRUXELL

No greater problem confronts parents than that of raising a family.

From birth until he has reached manhood or womanhood, a child is a constant problem and responsibility. Children promise both great reward, and threaten suffering and sorrow.

Children, successfully raised, bring blessings to their parents, are an endless source of pleasure. But if a child becomes a law-breaker, a ne'er-do-well, or develops an otherwise anti-social personality, the parent feels he has only himself to blame, and the burden is heavy.

* * *

AND GENERALLY speaking, it is the parents who are to blame. Psychologists, noting the recurrance of good and bad traits persisting in families through generations, once thought that most of a child's character and personality was inborn.

Now they know, from experiment and observation, that it is not heredity, but habit and attitudes acquired at home, handed down from generation to generation, which are largely responsible for a child's success or failure in life.

From this study a set of rules has evolved which, when adhered to by parents, almost always produce well adjusted, successful, happy children.

There are exceptions, where children have been subjected to unusual temptations and have, with a child's inborn daring, curiosity and love of experiment, become the victim of bad habit before they reached the age of discernment.

* * *

GENERALLY SPEAKING, a child will develop properly if he has: a sense of security; knowledge that he is loved; parents who can see and understand his problems from a child's point of view; encouragement; a knowledge of right and wrong; patient parents; a strong christian faith; a good example set by parents, whom children copy almost exactly; a good, stable parental character; definite, accepted principles of right living; parents who are fair, considerate, and understanding in handling a child's problems as they come up; and who have emotional stability. Housewives Rally To Aid Schools Short Of Teachers

If the attitude of northwest suburban housewives is any indication, no child in Illinois is going to be prevented from receiving a good education because of a teacher shortage.

Forty enthusiastic homemakers, practically all with college degrees, attended a meeting at Arlington high school last week to learn how they can become eligible to teach.

The meeting was one of a series of teacher recruitment clinics sponsored throughout the county by Noble J. Puffer, Cook county school superintendent.

* * *

'THE RESPONSE was much better than we had anticipated,' commented Harold L. Slichenmyer, Arlington high school superintendent. He presided at the local meeting for residents of Wheeling, Elk Grove, Barrington, Palatine and Maine townships.

The state of Illinois will need to recruit, from some source, about 2,000 more teachers every year than are graduating from Illinois colleges. Under the new plan, liberal arts graduates are being urged to return to school for special classes which will qualify them to teach quickly.

Nineteen colleges have agreed to cooperate by establishing courses in the late afternoon, evenings, Saturdays and in the summer. (B7

Birthdays Celebrated

The Casey Gordons went to Burlington, Wis., recently to visit friends, Mr. and Mrs. Gordon Whamond and their son, Donald. They had dinner at the Colonial house at Brown's lake to celebrate the birthday of 5 of the group: Florence, Cathy and Ronnie Gordon and Mrs. Whamond and Donald.

April 9 was Ronnie Gordon's 13th birthday and there was a surprise party for him at his home. Butch Wiegel was there, along with Bobby Gray, Joe Nastal, Bert Christenson and Wally Friker. After a few games, everyone had hamburgers, ice cream and cake.

Friday night Jean and Harry Kunberger joined the Rupert Vittinghoffs for cocktails at the "Top of the Rock' lounge atop the Prudential building before going to dinner. After dinner the 2 couples went to see "No Time for Sergeants," the occasion being the celebration of Jean's birthday.

The Kenneth Hugg family helped his parents, Mr. and Mrs. Fred Hugg, celebrate their golden wedding anniversary April 6 and 7. The guests of honor, who live in Burlington, Iowa, spent that weekend with Mr. and Mrs. Kenneth Hugg. However, they continued the celebration in Park Forest, where they joined the Fred Hugg's other 2 sons and their families for dinner. During their visit here the Kenneth Hugg's neighbors, the Norman Franks, sent them a floral arrangement and then took stills and movies of them opening it Sunday morning.

Dorothy Kieck, daughter of Mr. and Mrs. Arthur W. Kieck, made her confirmation in Faith Lutheran church Sunday. Afterward several of their friends and relatives were invited to their home for dinner. Their cousins, Mr. and Mrs. Herbert Henning and their 2 children came from Wauwatosa, Wis., and Dorothy's sponsors, Mr. and Mrs. Bill Mauer, came from McHenry with their daughter and granddaughter.

Ellen Lee, daughter of the William Lees, was also in the confirmation class in Faith Lutheran church Palm Sunday. She, too, had a celebration afterward when her sponsors, Mr. and Mrs. Robert Benson, her aunt and uncle, came to dinner with her grandparents, Mr. and Mrs. Alex Lee of Chicago. That evening there were more aunts, uncles and cousins for supper.

Norma and Al Snap have just returned from a trip to Champaign-Urbana, where they visited their families.

Peggy Miller, daughter of Mr. and Mrs. John A. Miller, made her confirmation Palm Sunday in St. John church. For service, the boys and girls were in white robes, the girls with corsages and the boys a single flower. Peggy's aunt, Mrs. Ann Helverson was one of her sponsors and other. After church, the Ben Swann family, including his mother, the Helversons and Peggy's grandfather, Fred Maenner, came to dinner.

Charlotte and Jim Ronayne came back from Arizona Saturday sunburned and shivering from the Arlington Heights' cold. Their first stop was Tucson, where they spent 3 days swimming, sunning and sightseeing. They went to see 'Desert Treasurers" which boasts groves of fruit trees, Old Tucson and the desert museum. From there they went to Phoenix for 5 days of similar vacationing, after which they returned to Tucson. On the way home they stayed in Truth or Consequences, N.M., although they are having a hard time convincing friends that there is such a place.

Mr. and Mrs. E. W. Elste are shivering in the cold weather, too, after having returned from a trip to Florida. Their first stop was Clearwater Beach, where they were joined for 5 days by his brother from Indianapolis, Lyle Elste and family. From there they drove to St. Petersburg to visit with his parents, the senior E. W. Elstes. From St. Petersburg, they toured the state, going to Cyprus Gardens, Bach tower and Silver Springs, which included the boat ride that has made that city famous. The trip home included a stopover in New Orleans for 2 days, where they took the tour of the city and returned to Antoines for a dinner in the French quarters. In Clinton, Ill., they stopped to pay a surprise visit to friends and had lunch with them there.

The B. A. Beckmans will spend Easter in Chicago with their youngest daughter, Mrs. John Kiely and her family. (A

Tickets On Sale For Annual PTA Card Party April 26

Tickets are now available for the annual card party sponsored by Arlington Heights PTA. The affair will be held in the South Junior high gymnasium Friday, April 26, at 8:15 p.m.

Room mothers are contacting parents of school children to take ticket orders and tickets are also available from Mrs. Kenneth Kirchner, ticket chairman, at CLearbrook 3-1407.

Mrs. Richard Decker, card party chairman, and Mrs. T. C. Carlson, co-chairman, have announced that candy and soft drinks will be sold during the evening and that later in the evening, sandwiches and coffee will be served free of charge. Local merchants have donated gifts which will be given away during the evening. (A

Dedicate New Fire Station; Equipment Display, Parade

Arlington Heights' new north side fire station will be dedicated at 3 p.m., Sunday, April 28. Following the dedication there will be an open house in the new building and a display of the village's fire-fighting equipment.

Chairman of the dedication is Trustee Frederick A. Weber, chairman of the fire and buildings committee of the village board. Committee members include Fire Chief Elroy J. Winkelman, Trustee James E. Millay and volunteer firemen Vincent Weidner and Ralph Meyer.

Meyer was the general contractor for the structure.

* * *

BEFORE the dedication there will be a parade of fire trucks from the village hall to the station on N. State rd. near Hawthorne.

Speakers will be Mayor Goedke, Chief Winkelman, a representative of the Junior Chamber of Commerce, which is donating a resuscitator to the new station, and the Veterans of Foreign Wars post, giving a new flag. Rev. Robert A. Reicher, assistant pastor of St. James Catholic church, will give the invocation and benediction.

One piece of equipment to be added is a 1,000-gallon American LaFrance pumper several weeks ago. Its capacity was tested at the Wilmette harbor on Lake Michigan last week and the truck passed the exam easily, said Village Manager F. R. Buecnner.

April Meeting Reports

PTA meetings are scheduled a week later than usual this month because of spring vacation. The K-5 school meetings will be next Tuesday at 8:15 p.m. and the Junior high meeting will be the following Tuesday, April 30, at 8:15 p.m. At each of the meetings, parents will have an opportunity to make suggestions or comments on program evaluation slips to be filled out. This will give all parents a chance to assist the program chairmen select next year's program material.

Park School

DR. PIERS

Dr. Maria W. Piers, psychologist, will discuss children's emotions at the April PTA meeting. Dr. Piers is exceptionally qualified to speak on the social and emotional aspects of a child's development. She received her Ph.D. in anthropology and psychology from the University of Vienna, studied in Switzerland, as well as taking postgraduate work at Northwestern university, the University of Chicago and the Chicago Institute for Psychoanalysis.

In addition, Dr. Piers has had a wealth of experience in Europe. She taught nursery school and kindergarten, held summer camps for nervous children and worked as a social worker in Vienna, including group work with delinquent girls.

Her American experience includes case work at the Illinois Society for Mental Hygiene and for Emerson house and Bethlehem Community center. She also has been a staff member of the Association for Family Living, staff consultant to nursery school, University of Chicago and a consultant to faculty, Rockford college, Rockford.

At the present time, Dr. Pier is an assistant clinical professor of psychiatric social work at the Chicago Medical school, a member of the faculties of the University of Illinois School of Social Work and the Institute for Psychoanalysis Child Care Course. She has written numerous articles for Parents Magazine, Hygiea, and other professional journals. She is married to Dr. Gerhart Piers, a psychiatrist, and has 2 children.

Mrs. Agnes Skadberg will precede Dr. Piers on the program and will diseuss her responsibilities as a reading consultant in our schools. Hostesses for the evening will be kindergarten mothers.

North School

Robert A. Goodman, professional counselor in problems of family living, will be guest speaker at North school this month. His subject will be "The Family that Plays Together Stays Together."

Goodman has done advanced study in social subjects and has earned a master's degree in this field at the University of Chicago. Presently serving as assistant director of Highland Park Family Service, Goodman is also a staff resource member of the Association for Family Living and has written on the Parent-Child relationship for a number of publications.

All who view the onset of summer with some trepidation as to what activities will serve their children's interests best will be sure to find assistance in Mr. Goodman's address.

Ridge School

A highly-rated Canadian film, "From Sociable Six to Noisy Nine," will be shown, with Mrs. Ruth Sangster, guidance counselor, as leader of the discussion period following the presentation.

Although not made in this country, the film portrays a family which is typically American—the same woes, pleasures, and jealousies. With many touches of humor, the film shows how this particular family handles its difficulties.

Hostesses for the evening will be kindergarten mothers.

Dryden School

April meeting will consist of a review of the recreational educational and religious opportunities available to children in Arlington Heights area during the coming summer months.

Mrs. Charles Kule, head librarian of the Arlington Heights Memorial library will tell parents about the summer reading program planned for the children at the library. She will also describe the enlarged children's department in the basement of the library.

Donald Odbert, instructor at the Junior high school will talk about his experiences working with children in private and summer day camps and of the many advantages such camps offer children.

Richard Ault, new superintendent of parks in Arlington Heights, will outline plans for the summer activities at local parks.

Charles McClellan, executive secretary of the Northwest YMCA, will be present to discuss the opportunities for children who sign up for YMCA activities.

The religious side of the children's development will be included, too, by presenting announcements from the local churches as to plans for religious classes or other church activities on the summer calendar.

Robert Campbell, Dryden principal, will explain the summer school program in schools.

Come to hear these speakers to get an answer to the age-old question "Mother, what can I do now?" Look forward to an interesting and happy vacation with no time for getting bored—thanks to the Arlington Heights summer program.

Anyone needing help in arranging a foursome for the card party April 26, may call Mrs. Robert Schwank, hospitality chairman, at Cl 3-3411. Tickets are available through the ticket chairman, Mrs. Kenneth Kirchner, Cl 3-1407 and room mothers.

Select Names For Five Playgrounds

Arlington Heights park district commissioners selected names for the village's 5 playground areas at a recent meeting.

Civic associations submitted names over a period of several months.

PARK NAMES, locations and names of group suggesting name chosen are:

Greens park, Arlington Greens, by that subdivision association;

Virginia park, Virginia Terrace, by Eastwood Community assn.;

Westgate park, Westgate, Eastwood;

Evergreen park, Stoltzners' Evergreen estates, Eastwood;

Dryden park, adjacent to Dryden school, Eastwood.

Previously announced was the naming of the new 23-acre south side park as Pioneer park. The Arlington Heights Woman's club suggested the title. (A

Plans For More Classrooms Told By School Board

The Board of Education of Arlington Heights school District 25 has authorized the firm of Ganster and Henninghausen to prepare preliminary plans for additional school facilities. To be included in this program are a 7-room elementary building on the east end of the Miner street site and a 4-room addition and a multi-purpose room at Ridge school.

The board pointed out that there must be additional room for junior high school students on the north side by September, 1958, as well as more room for a growing lower grade population in that area.

During the coming year, more than half of the new Miner junior high school will be occupied by lower grade classes. The board's solution to both of these problems is to construct the first unit of a lower grade school, as planned for that site, thus allowing more space for junior high school students in the building now being constructed and also providing 3 or 4 additional classrooms for younger children.

* * *

THE ORIGINAL PLANS for the Ridge school provided for 4 more classrooms and a multi-purpose room to bring it to completion. Even by reducing the area to be served by the school next year, it will be necessary to conduct double session classes for first grade.

If no rooms were added, other grades would have to be placed on double sessions the following year. The multi-purpose room will not only allow the school to provide for an adequate school program, but it will serve as a small meeting room for P.T.A. and other community activities.

* * *

THE RECENTLY—announced assessed valuation will allow the district to bond for the needed funds and to construct classrooms which would have been in earlier programs had bonding power been ample. It is expected that preliminary plans will have reached the stage that a bond referendum can be held in early June.

The board also discussed asking voters to approve a higher educational tax rate limit at this election. The present limit is $1.125 per hundred dollars of assessed valuation. The law, however, allows a district to raise this limit to $1.25 by referendum. Many suburban districts, and most of the neighboring school districts, have already taken this step. (A

Village Theatre Presents Comedy To Mothers Club

A comedy farce, "Who's Nervous," was presented by the Village Theatre at the April 11 meeting of the Mothers club of St. James Women's guild of Arlington Heights. The play was under the direction of Harriet Smith and the cast included Mrs. Smith, Randy Moses, Marcelle Wilcox, Jeanette Jenkins and Anita Wilkins.

Mrs. Edward Boarini, chairman of the nominating committee, announced the nominees for the coming election to be held at the May meeting. Mrs. Z. R. Rogozinski told the membership that tickets for the annual spring luncheon and card party to be held May 16 at River Forest Golf club, are available from Mrs. Robert Esbensen, ticket chairman, Mrs. A. Rose, Mrs. Rogozinski, Mrs. R. Ernst, Mrs. W. Harrah, Mrs. G. Murray, Mrs. A. Sadowski and Mrs L. Fischer. (A

Virginia Terrace News

New Neighbors

Newcomers to the Terrace are Jack and Cynthia Higgins and daughter, Cindy, of Kansas City, who have purchased the home at 1409 N. Wilke, formerly owned by the Kenneth Gersteins. The Higgins found another illustration of how small the world is in the discovery that one of their new neighbors, Jim Howard, was a fraternity brother of Jack's at Missouri university. Jack Higgins is a regional representative with the Coca Cola company; Cynthia is a graduate of Drury college in Springfield, Mo.

New neighbors on Chicago st. are Gerda and Bill Foshee and their baby daughter, Emily, who have purchased the home formerly owned by Chuck and Doris Plummer. Gerda and Bill are graduates of Oklahoma A. and M. university, where Bill majored in dairy manufacturing. Bill is employed by the Kraft Food co. in their research laboratory in Glenview, where he is currently engaged as a cheese specialist. The Foshee's aunt, Mrs. Margaret Stevens is here from Wichita, Kan., to visit with the newly settled family.

Mary Massa, captain of the Cancer crusade for Virginia Terrace, is busy recruiting residents of the Terrace to help in the annual fund raising campaign. Door-to-door canvass will be made next Wednesday evening between 7 and 9 p.m.

Re-Elected

Bill Casteel and Dorothy Rice, the incumbent members of the school board who were up for reelection were reelected to the school board in Saturday's election in which 282 people voted.

Patti Klint, daughter of Bud and Mary Klint, won a pen and pencil set in a coloring contest sponsored by the Jewel Tea co. All of the 7 winners of the contest were students from Wilson school.

Leslie Silver, a freshman at Arlington high school, has been selected as a member of Orchesis, a modern dance group at the high school.

Return From Southern Vacation

The Ralph Hollister family has recently returned from a vacation in Florida and Cuba. Sue and the children, David and Peggy, spent 3 weeks with Ralph's parents, Mr. and Mrs. George Hollister in Jacksonville, Fla., and were then joined by Ralph, who with Sue flew to Havana for a whirlwind tour of many of Cuba's tourist attractions, including the Morro castle overlooking the harbor, an alligator factory, cigar factory, distilleries and night clubs. Sue reports that although they were fascinated with these sights, that the contrast beween the wild honking of horns, the language and customs of the people and the calm of Virginia Terrace was perhaps to them the highlight of the trip. While the family visited in Florida, Peggy was christened in St. John cathedral there.

First Child

Marge and Bob Stein are the parents of a son, their first child, who was born April 16 in Sherman hospital. The new parents have not as yet decided on a name for their 7 pound 3 ounce son.

Doris Silver has been named ticket chairman for the Village Theatre's next production, the Tender Trap.

An Easter vacation treat was in store for the boys in the Kenneth Williams' family as Ken took his son, Kenny, with him on a business trip to Grand Rapids and Battle Creek, Mich. the first half of the week and plans to take his younger son, Bruce, with him on a 2-day tour through Iowa the last half of this week.

Paula and Bill Dean, 1420 N. Chicago, are expecting Paula's sister and her husband, Beverly and Arthur Ludlow of Lorain, O., as guests for the Easter weekend. Bob and Jo Diedon will be entertaining Joan and Kenneth Stevens for an Easter breakfast.

Jimmy Dean's fourth birthday was the occasion for an afternoon party given by his parents, Bill and Paul, for Jimmy's playmates. The guests included Beth Martin, Linda and Donald Brown, Ricky Hayes, Kurt Zabel, Nancy Sorenson, Linda Cech and Jim's brother, Bill.

Gail McAlister, 1111 Wilke, celebrated her third birthday twice last week with a party given by her parents, Betty and Earl, for her friends and their mothers in addition to a family celebration over the weekend. Here from Minneapolis for the family party were Mr. and Mrs. Archie Twito, maternal grandparents, and from Chicago, Mrs. Clara McAlister, paternal grandmother and her aunt, Miss Mae McAlister. Guests at the children's party included Stacey and Janice Travers, Donald and Barbara Virta, Roxanne and Elaine Petrucci, Barbara and Jean Sadowski, Suzanne Quinn and Gail's sister and brother, David and Lauretta. Pure Oil Units Will Occupy New Building Here

The Pure Oil co. has announced that it has leased a building to be constructed at 311 S. State road in Arlington Heights. A building permit was issued to the Trude Land Development co. last week.

The new building will be used by Pure Oil as temporary headquarters for a limited number of employees, pending construction of the company's large suburban office building near Palatine.

According to William Trude of Trude Land Development, construction will start immediately with occupancy late this year.

THE BUILDING, which will be fully air conditioned, will consist of 2 levels, comprising 30,000 square feet of office space. It will be attractively landscaped and will have a parking lot. Walter Kroeber of Arlington Heights is the architect.

According to Pure Oil, the building will be the temporary home of the large "705" electronic computer that the company has on order from International Business Machines corp. for delivery late this year.

Currently scheduled to Arlington Heights are the company's marketing accounting departments, a section of the machine accounting department, and a group from the economic analysis and planning department assigned to the computer program.

The office building will be erected on the south half of a lot on the east side of State, 60 ft. north of the extension Grove. The lot has 273 ft. frontage on State and extends 249 ft. to the rear. The building itself has 100 ft. in width and 200 ft in depth.

Parking for 92 autos is provided on the north half of the lot. (AF

St. John Church Announces Holy Week Services

Maundy Thursday at 7:45 p.m., holy communion will be served at the altar of St. John church of Arlington Heights, N. Evergreen at St. James. Pastor J. Gerhard Meiners will preach on "Adventures With Discarded Materials." St. John church, as a broadly ecumenical community-serving church, practices "open" communion.

Friday at 7:45 p.m. Good Friday service will include "A Service of Song" and the sacrament of the Lord's Supper will again be served before the altar-table. Soloists and ensemble members are Miss Pearl Miller, Mrs. Ferd Blohm, Mrs. Ralph Potts, Weddy Kraenzel, Charles Duwe, Donald Evensen and John Noerenberg. August Stelling is director.

Celebration of Easter day at St. John church will begin with a 6:30 a.m. sunrise service of holy communion. This will be a pew communion with elders assisting the pastor. Sermon of Pastor J. G. Meiners at this service will be entitled "News from a Graveyard."

At 7:30 a.m., a family style Easter breakfast will be served by the Youth Fellowship. Church school for primary and up will be conducted at 9:15 a.m. and for kindergarten and nursery at 10:30 a.m. During both sessions of Sunday school workers and pupils will be dedicating their Lenten mite boxes for use in building the Christian education and fellowship unit of the congregation's new church plant.

The festival service will be held at 10:30 a.m., with child-care being provided for small children. New members will be received and the combined chancel and children's choirs will sing. The sermon of Rev. Meiners at this service will be "A World Gone Sane."

The public is invited to these services and programs. (A

Hospital Center To Benefit from Bake Sale

Easter "goodies" of all types will be the main features of the first fund-raising project of the Palatine Women's auxiliary of the Northwest Community hospital. The group will hold a homemade bake sale and "coffee break" Saturday, April 20, at 9 a.m.

The sale will be held at Palatine Motors, 42 W. Chicago ave., Palatine. It was scheduled the day before Easter to encourage purchase of Easter food items. In addition to homemade cakes, coffee cakes, pies and bread, the sale will feature delicatessen items such as salads and baked ham.

An unusual feature will be an array of Easter baskets decorated and prepared by auxiliary members. Hard decorated Easter eggs will be sold, as well as decorated hollow-Easter egg centerpieces. Packaged candies will be available.

During the sale the women will hold a "coffee break" serving coffee and rolls to Saturday morning shoppers.

The sale is sponsored by the ways and means committee of the Palatine auxiliary. Funds raised will be given to the general auxiliary treasury. Co-chairmen of the sale are Mrs. A. C. Proctor and Mrs. A. McIlwraith. Further information may be obtained from Mrs. Proctor at Palatine 1890R or Mrs. McIlwraith at Palatine 819W1. (S

Garden Club To Hear H. C. Durland

Earl E. Diehl, program chairman of Arlington Heights Garden club, announces that Harold C. Durland of Mt. Prospect will speak on the culture of gladiolus at the club's meeting Monday, April 22 at 8 p.m. in the field house.

Mr. Durland is president of the North American Gladiolus council, an international society of gorwers, and is holder of more than 40 major trophies for outstanding gladiolus specimens exhibited in shows throughout the midwest. As an amateur he has won more than 100 ribbons and trophies from his backyard project.

Mrs. P. J. Burkhart, a member of the Garden club, will continue in her series of short talks on arrangements. Her subject this month is to be "table arrangements."

The club invites anyone interested in attending this meeting or joining the club, to phone the membership chairman, Mrs. H. L. Berthold Jr., at CLearbrook 3-5143. Membership is open to both men and women.

THE CLUB will hold a public plant sale at railroad park in Arlington Heights Friday and Saturday, May 17 and 18. Proceeds are to be used in civic beautification and horticultural advancement.

"ALL THINGS COME FROM THE EARTH"

*(Author's Name Below)

From all over the world agents of pharmaceutical research organizations are sending back thousands of different samples of earth. They are collected from back yards, forests, jungles, farms, etc.

Millions of dollars are spent to analyze them with the hopeful wish that a better anti-biotic may be discovered. Perhaps even cancer may be cured someday by something from the earth.

One thing we do know. New medicines are being perfected rapidly, and as soon as they are approved for safe use, we stock them in our pharmacy.

Picnic Grove To Parking Lot-- Oldsters Recall Livelier Days

Within a few months, the large wooden lot at the rear of Hill-Behan Lumber co. will become a parking lot for Arlington Heights shoppers and commuters.

For several generations of local residents, the arrival of graders and scrapers will stir up memories of past days when the tract was known far and wide as "Meyer's park."

* * *

VILLAGE old-timers only heave a sigh as the asphalt spills out over the former site of the village ice-pond and the parking meters line up in ranks where once stood an open-air dance pavilion.

Meyer's park, you see, was quite a place in its day. That "day" began, as near as can be determined, about 1890 and continued until the mid-1930's when the picnic grove passed out of the hands of the Meyer family.

* * *

MANY VILLAGE residents can recall happy hours spent skimming over the ice-skating rink and later, evenings in the roller rink that was built late in the park's life.

Other memories spring to life at the mention of the park along S. State rd.: political rallies night after night, with ice-cooled beer and florid speeches for consumption; the friendly atmosphere and hard work when the ice was cut and stored in the ice-house awaiting summer delivery, walks through the shaded groves after the end of the last dance at the pavilion.

* * *

WHEN THE PICNIC grove was at its heyday, its Fourth of July celebrations were a highlight of the summer. Then and at other holidays, hundreds of city dwellers would climb aboard the Chicago and North Western excursion train, trailing children and lunch baskets, for the journey out to Arlington Heights.

"Half of the town was named Meyer," or so it seemed, when the town took its recreation at the park, relates Ray W. Meyer, 419 E. George. His grandfather, Henry Meyer, built the handsome brick residence still at 11 S. State rd. in 1891 and is thought to have opened the park not long after.

Henry was 1 of 3 Meyer brothers who settled in the village after emigrating from Germany in the latter half of the 19th century.

* * *

FOR MANY YEARS Henry distributed beer, a heady brew from Milwaukee, to Arlington's thirsty German merchants, farmers and tradesmen. His ice business and beer business meshed well, for, grandson Ray tells, the barrels of beer were stored beneath the ice in the ice-house.

Meyer was a substantial and progressive citizen. His brick home was one of the most impressive in the village when built and the passing of years has not diminished its usefulness.

"As children we used to climb onto the benches in the cupola and from its windows look out over the whole town," recalls Mrs. Percy Hertel, 306 W. Campbell, a niece of the builder.

After the death of Henry, his wife continued to operate the park until it was taken over by son William, nicknamed "Stubby." It flourished for a time but change was inevitable. The pond was filled in when S. State rd. was widened and paved during the 1920's. A roller rink was constructed in 1930, remembers "Stubby's" widow, now residing at 219 S. Evergreen.

* * *

FINALLY, with the advent of the auto and the trend to other forms of recreation, the popularity of Meyer's park declined. Mortgage troubles overwhelmed the owners during the depression, according to Mrs. Meyer, and both the house and park were sold.

Pavilion, ice house and roller rink all gave way to the wrecker's crowbar. Weeds and brush grew in the park and a lumber yard expanded into one corner of it.

Before long, even the trees will be cut and the last reminder of the pleasant past of the park removed. But a few who park there, hope the Meyers, will look back to its better days fondly.

Mrs. Mildred Floyd

Funeral services for Mrs. Mildred Jane Floyd, nee Browne, 429 S. Beverly lane, Arlington Heights, were held in London, Ohio, April 16 with Black's Memorial home in Arlington Heights in charge of arrangements. Interment was in Kirkwood cemetery, London.

Mrs. Floyd was born in Michigan June 9, 1894, and was married to Harry E. Floyd in 1922. The couple made its home in Arlington Heights for the last 4 years. Mrs. Floyd died in Chicago April 12 and leaves her husband, Harry E.; a daughter, Mrs. Mary Holton; 4 grandchildren; and a sister, Mrs. Gladys V. Walker. A daughter, Elizabeth Floyd preceded her in death.

Thomas H. Caffrey

Thomas Harry Caffrey, 208 S. Derbyshire lane, Arlington Heights, was buried in Memorial Park cemetery, Skokie, after funeral services April 12 in Black's Memorial home, Arlington Heights.

Mr. Caffrey, formerly of Chicago, was born in Cort McSheevy, Ireland, May 31, 1874 and was married to Sara O'Hara in Chicago February 11, 1902. The couple moved to Arlington Heights 18 months ago from Chicago.

Mr. McCaffrey died April 9 and besides his wife leaves 2 daughters, Mrs. Frances McGraw of Chestnut Hills, Mass. and Mrs. Marian McCormick of Arlington Heights; and 1 grandson, John T. McGraw of Flint, Mich.

Dr. H. W. Abelmann

The end of a lifetime service to humanity on the part of a physician came to an end in a Chicago hospital April 11 when Dr. Henry W. Abelmann passed away.

Since entering the medical profession over 50 years ago, he had specialized in cancer research.

Dr. Abelmann was born in Palatine November 6, 1880.

Graduating from Palatine high school in 1899, he entered the Chicago university and Rush Medical school, after which he spent 5 years in study in Vienna. Returning to Chicago, he opened an office on Michigan ave. and later on the north side.

His contributions, aside from cancer research, to the medical profession, included an instrument to aid in blood transfusion which was so well thought of by the late Dr. William Osler, personal physician to King Edward, that he acquired it for his personal use. There were other, medical techniques he introduced for testing incompatibilities of blood.

The basic work of Dr. Abelmann had been biological research on all parasites which infest the human blood and to study diseases associated with germ viruses originating in tumor.

The family of Dr. Abelmann was a Palatine pioneer family. His grandfather was H. C. Battermann, long time mayor of Palatine, who built the 3-story brick block that for many years occupied the present vacant triangle lot in the center of Palatine business district.

Services for Dr. Abelmann, 76, of 1426 Rosemont ave., were held Monday from the chapel. Interment was in Palatine. Dr. Abelmann died Thursday in Presbyterian hospital. He had been a physician since the early 1900's, but had given up his practice after being injured in an auto accident a few years ago.

Surviving are his widow, Janice; 2 sons, Henry Jr., and Chris, and 1 brother and 1 sister. (P

Lucas Holtrop

Funeral services for Lucas Holtrop, of Villa Park, formerly of Wheeling, were held April 13 in the Oehler chapel in Des Plaines with the Rev. Gerben Zylstra officiating. Burial was in Ridgewood cemetery.

Mr. Holtrop died April 10 in his home. He was born July 17, 1871 in Holland. He was preceded in death by his wife, Frieda. He leaves his children, Ralph of Mt. Prospect, Winnie Bos of Villa Park and William of Mt. Prospect; 3 grandchildren; 1 great-grandchild.

Mrs. Clara Mick

Funeral mass for Mrs. Clara Mick, 9 Cul de Sac, Prospect Heights, was held at 10 a.m. April 12 in St. Mary church, Buffalo Grove, with burial in St. Mary cemetery. Mrs. Mick died in her home April 10. She was born December 10, 1876 in Northfield.

Mrs. Mick leaves a daughter, Kathryn Hart; a grandchild, Robert; 4 great grandchildren; and 3 brothers, Christ, Louis and Emil Mentzer. Her husband, John, died in 1929. She was in state in the Oehler chapel in Des Plaines.

Mrs. Emma Busse

Funeral services for Mrs. Emma Busse, who was born in Elk Grove township June 16, 1889, were held Tuesday, April 9, in St. John Evangelical Lutheran church, Elk Grove.

Mrs. Busse, nee Oldenburg, was a resident of 317 W. Euclid, Arlington Heights, and had formerly lived on Landmeier rd., Elk Grove. She was confirmed in St. John Evangelical Lutheran church in 1903 and was married to Alfred H. Busse in 1912. She died April 6 and leaves her husband, Alfred H.; 2 sons, Orland and Wallace Busse, both of Landmeier rd.; 3 daughters, Mrs. Evelyn Gotzke, Mrs. Margaret Shaw and Mrs. Delores Phillis; her mother, Mrs. Emma Oldenburg; 13 grandchildren; 3 sisters, Mrs. Lillian Kirchhoff, Mrs. Martha Runge and Mrs. Alma Behrens, and 2 brothers, Fred and Gilbert Oldenburg.

The Rev. Waldemar Struefert officiated at the service which was in charge of Black's Memorial home. Interment was in St. John Ev. Lutheran cemetery.

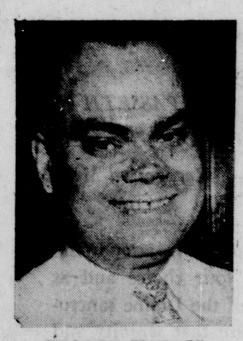
Easter GREETINGS

The message of Easter is cherished by all Christians. Share the joy of Christ risen with your family by going to church on Easter Sunday.

LAUTERBURG & OEHLER
Funeral Home

the HARRIS huddle



GEORGE HARRIS

Today presents an excellent opportunity for Marian and I to wish each and every one of you a very, very pleasant Easter. We feel that there are so many other weeks in the year that we can be commercial — that during this holiest of all seasons — we just would like to wish you the best of everything and that you all have a happy Easter Sunday.

The privilege of being in such a wonderful community — of having a chance to grow with the community — of being in such a wonderful country where we have freedom of speech and are free to worship as we please — these are the things that make us both very grateful and thankful. This is the season when our thoughts turn to the children and again how thankful we can be that it is our privilege to raise our kids in such communities and, again, in such a marvelous country.

This column was not meant to be on the maudlin side this week, but it doesn't hurt any of us to stop and think of just how lucky we are.

Next week I'll be back in the groove and be giving you that "old routine" but for now, and to everyone, thanks for giving us the opportunity of being an integral part of this thriving community.

Births

A boy, David Stewart was born March 20 in Swedish Covenant hospital, Chicago, to Mr. and Mrs. Stewart Schultz, 211 N. Lincoln. David, the Schultz' first child, weighed 7 pounds 5½ ounces at birth. The grandparents are Mr. and Mrs. F. G. Pamperien.

Grayce and Glenn Johnson, 405 N. Dryden, returned home Friday from a one-month vacation in Florida. The first week they traveled down the west coast visiting St. Petersburg and Fort Meyer. Then to the eastern coast to Miami for the last 2½ weeks. On their return trip they stopped in Normal to pick up their daughter, Ruthann, a student at Illinois State Normal university, who is home for spring vacation.

Other Florida vacationers who returned home last week are Vera and Herman Mell, 207 N. 3 weeks, the first half being spent in Miami Beach. Laurel, their daughter, was with them for this part of the trip and then flew back home. The Mells continued their vacation, touring to Key West and up the west coast to Naples. One of the highlights of their trip was a 3-day visit at the Chalet Suzanne in Lake Wales.

Home from a trip to Denver, Colo., is Miss Nancy Ford, 206 N. Dryden. Nancy was in Denver recuperating from a recent illness.

Rusty Westby, son of Mr. and Mrs. George Westby, 219 N. Brighton, is home from a visit with relatives in southern Minnesota.

New Residents

To add to the list of new Eastwood residents, Mr. and Mrs. Richard Hetke and their 5-year-old son, Dickie, have moved in at 620 N. Hickory. They came from Chestnut st. here in Arlington Heights. Mr. Hetke may be known to some, since he is the principal of Ridge school.

Carolyn Neas, 201 N. Brighton, along with her Girl Scout troop 223, went on an overnight Friday at Camp Pine in Des Plaines.

Tuesday morning at Katie Cassidy's, 419 N. Hickory, the women and children of N. Hickory, between Euclid and St. James, gathered over coffee and cake to welcome Delores Bartolone, Marietta Derebey, Truma White and Vi Corcoran into the neighborhood. Evelyn Lavin was also in on party arrangements.

Hosting at Eastwood bridge Monday evening were Dud and Dottie Rockwell, 619 N. Hickory. The players attending were Bill and Mary Johnson, Frank and Ruth Patton and Dave and Charlotte Shaughnessy.

At a brief business meeting of the Eastwood Community association held Tuesday, the following people were nominated for officers for the coming year: president, Homer Nielsen and Richard Vlach; vice president, 1Dorothy Raasch and Dudley Rockwell; secretary, Virginia Vlach and Mrs. N. H. Dennis; treasurer, Mary Johnson and Herman Mell; directors, of which 6 will be elected, William Simpson, Homer Nielsen, George Moore, Norman Hoym, Ruth Patton, Stewart Schultz, Donna Lee Newquist, Conley Stewart, Richard Vlach, Norman Dewey, Ben Yunker, Jack Anderson, Herman Raasch and Robert Lane. The elections be held at the next meeting, May 7.

Jack Anderson, ticket chairman for the annual Eastwood dinner dance to be held May 11 at the Arlington Heights country club, has announced that tickets are now on sale. They may be obtained from Mary Johnson, Dorothy Raasch, Jean Rogers, Virginia Vlach or Jack Anderson. Since there are only 100 tickets, it is suggested that reservations be made as soon as possible. Area School Group Will Discuss Teacher Ratings

Merit ratings for teachers will be the subject of the Spring meeting of the Arlington Area School board association. The meeting will be held at 8 p.m. Wednesday, April 24 in the Little Theatre at Arlington high school.

Three educators will take part in the program, which will be open to the public. It will be opened by Harold L. Slichenmyer, superintendent of Arlington high school, with a review of materials presented at the national convention of the American Associaton of School Administrators.

DR. E. T. McSWAIN of the School of Education at Northwestern university, will speak on "Why Teachers Should Give Favorable Consideration to Merit Ratings."

"Why I View Merit Ratings of Teachers with Some Concern" will be discussed by Dr. Millard Bell, superintendent of the Wilmette public schools. Several school systems along the North shore have had experience with various forms of merit ratings, and Dr. Bell will bring a practical evaluation of progress made to date in his area. (B7

IT'S REFRESHMENT TIME at Ridge school and "cadet teacher" Audrey Gronert supervises the serving of lemonade. Miss Gronert, a future teacher, is a senior at Arlington high school. The "cadet" program is being sponsored by the high school's Future Teachers of America organization.

Heights Junior Women Elect New Officers

At the April meeting of Arlington Heights Junior Woman's club, new officers for 1957 to 1959 were elected. They were the president, Mrs. T. Pray, 1015 Harvard, Arlington Heights; first vice president, Mrs. O. Akerlund, 1509 W. Fremont, Arlington Heights; and recording secretary, Mrs. J. Turner, 921 N. Salem, Arlington Heights. New officers will be installed at the annual club banquet to be held May 28.

These new officers, together with the club's active 150 members will continue to promote and direct the Arlington Heights Junior Woman's club's interests in local, state and national philanthropic work. Prominent among community work achieved by the club through its fund raising activities is the nurse's scholarship soon to be awarded to a student at Arlington township high school.

The club also actively supports the Northwest Community hospital fund, Boy and Girl Scouts, Campfire Girls, Little League, public health nurse, provides substantial support for the Wheeling braille classroom, and many more civic projects.

In addition to its local interests, funds are raised and working hours donated to Illinois Federated Womans club projects such as the Park Ridge School for Girls, a scholarship for teachers of exceptional children, and other philanthropies of statewide interest. (A

Here Are Tips For Breaking In A New Car

That new 1957 car does not need the long break-in new cars got in 1927. Even so, your new car will last longer and run better if you handle it correctly at the start. Here's how:

For the first 200 miles, keep under 40 miles per hour.

Between 200 and 500 miles, speed up to 60 miles per hour for short periods only.

* * *

NEVER RACE the engine when you're warming up the car. Carol Lane, women's travel director for Shell Oil company, also suggests keeping an eye on the temperature and oil pressure gauges. Now engines have tight fittings; they're subject to greater friction which can cause overheating. They use more oil at the beginning, too, according to Miss Lane.

Drain and refill the crankcase at 500 miles. Repeat--and lubricate thoroughly .... every 1,000 miles thereafter.

* * *

CHANGE THE OIL filter after the first 1,000 miles. Metal particles in a new engine can tax it.

Whether your car is new or old-drive carefully. (DL

Round 'n About Westgate

Community Association

Saturday the association is holding "Bunny Day" for the youngsters of Westgate. The bunny will have baskets for all children through 10 years of age. Parents are urged to greet the bunny with their children to avoid accidents. The location and time the bunny will visit the 4 sections of Westgate are as follows: Johanna tr., 11:30; Yale and Fremont, 12; St. James and Reuter, 12:30; St. James and Miner, 1 p.m. Children are to wait for the bunny at the corner nearest their homes, as this will equalize the number of children at each location. There will be gifts for some, made possible from contributions by friends and neighbors of the Westgate Park and Shop center.

Westgate directory is in the final stages of completion and should be ready for distribution in May. The association and this reporter are grateful to Estelle Baranowski, Lillian Krueger, Carolyn Burkett, Jeanne Huster, Pat Schaefer, Caryl Wickless, Dolores Goedke, Better Lister, Carol Lorenzen, Jenny Huff, Eleanor DeZonna, Barbara Manthos, Margaret Potter, Jane Kessler and Ed Quigley for their help in checking all residents in the community so that a new directory could be issued.

Newcomers

A welcome is extended to Milly and Buzz Nelson, who are now residing at 120 S. Reuter dr. The Nelsons have 2 daughters, Jan, 9, and Jenee, 7. Jenee, who is particularly interested in finding some friends to play with, is in first grade at Park school on the afternoon shift. Buzz is branch office coordinator for Quaker Oats in Chicago, coming to Arlington Heights from Cedar Rapids, Iowa. Milly and Buzz are interested in golf and bridge and making new friends here in Westgate. The family will attend a Lutheran church here.

Gary Gillis, celebrated his third birthday April 10. A family party was held for him Friday evening and Saturday 11 of his friends from Westgate attended an afternoon party in his honor. Gary is the son of Mollie and Robert Gillis, 1702 W. Fremont.

Michael McDonald advanced to the teenage group this past week, celebrating his 13th birthday April 11. Mike resides at 1601 W. Fremont with his parents, Barbara and Michael McDonald.

Often Misused

Distinguish between "flare" (an outburst of flame or light) and "flair" (an instinctive liking or aptitude). Thus: "They were guided to the sinking ship by the flare in the sky," and, "Anne has a flair for clothes."

Do not say, "He should benefit from a vacation. "Say "He should benefit by a vacation."

Do not say, "If I was him, I would start right away." Say, "If I were he, I should start at once."

"Financial" refers to money matters in any sense, but particularly to large sums. "Fiscal" refers to public revenue. "Monetary" is closest in meaning to the word "money" itself.

All-Farm People Welcome At Extension Services

Dean Louis B. Howard, director of the Illinois Agricultural Extension service, emphasized this week that services of Illinois farm and home advisers are available to all farm people and are not limited to members of any farm organization.

To clear up any misunderstanding, Howard quoted from the code for county agricultural and home economics extension workers as follows:

"**THE OFFICES** of the farm and home advisers shall be open to all who seek educational assistance . . .

"The advisers and assistants shall at all times be considered employees and representatives of the University of Illinois and shall devote their entire time to educational work and appropriate activities relating to such work ...

"The educational service provided by the advisers shall be available to all farm and rural people and to all urban people of the counties so far as possible . . .

All extension meetings shall be announced publicly and shall be open to the public . . ."

ALL FARM and home advisers have copies of this code and are expected to follow it, Howard said.

He stressed the fact that the University and the director of the Agricultural Extension service have always welcomed the support and participation of interested people in planning and carrying on extension work.

Howard pointed out that in the past county farm and home bureaus along with others have provided valuable local guidance omic extension 1 27 8272E8 'lr'lh provided valuable local guidance for the extension service. Members of the farm and home bureau boards formerly served as the county agricultural extension council and county home economic extension council.

* * *

IN ORDER to remove any limit on representation, the farm and home bureau boards are no longer designated as the county extension councils. Instead these councils are now composed of leading farmers and homemakers who are interested in extension work.

The main function of the councils is to give support and direction to the Extension program in agriculture and home economics in each county. They may accept contributions for local extension activities but shall not collect dues, engage in commercial or private enterprises or carry on legislative activities.

These councils are appointed for a 2-year term by the director of the extension service. Organizations of farmers and homemakers may recommend persons whom they wish to have the director consider for appointment. The director may or may not accept these recommendations and may appoint persons to serve who are not representatives to any organizations.

HOWARD pointed out that there is no purpose in asking anyone to serve on a council unless he has a real interest in serving extension work rather than merely representing a farm organization.

As an example of the extension service's willingness to work with all people, Howard cites the figures from the Illinois county. Here the mothers of only 69 out of 700 4-H girls belong to the home bureau. And fathers of only 37 per cent of almost 700 4-H

CHRISTIAN SCIENCE

The vital importance for men today for Christ Jesus' victory over death will be emphasized at Christian Science services Sunday, April 21.

Readings from the King James Version of the Bible and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will comprise the Lesson-Sermon entitled "Doctrine of Atonement." From John will be read the account of Christ Jesus' crucifixion and resurrection.

Correlative passages from Science and Health include the following (45:16): "Glory be to God, and peace to the struggling hearts! Christ hath rolled away the stone from the door of human hope and faith, and through the revelation and demonstration of life in God, hath elevated them to possible at-one-ment with the spiritual idea of man and his divine Principle, Love."

The Golden Text is from I John (4:10): "Herein is love, not that we loved God, but that he loved us, and sent his Son to be the propitiation for our sins."

The Christian Science church is located at 401 S. Evergreen ave., Arlington Heights, and will hold its Sunday service at 11 a.m. All are welcome.

Northwest Covenant Church Plans Easter Services

Because of limited room in the church parish house, the Northwest Covenant church has made arrangements to hold its Easter morning services in the multi-purpose room at Fairview school, where the group met regularly before obtaining its present property.

At 9:45 the Sunday school will have a special united service. The nursery and beginner departments will meet with the rest of the Sunday school classes for a program, and will provide special musical numbers. Mrs. Bert Johnson will give the Easter story in flannelgraph, assisted by the church choir. All Sunday school children are to go to Fairview school rather than to the church as usual.

At 11:00 the morning worship service will also be held at Fairview school. There will be special Easter music by the choir, and the pastor will bring the Easter message, "After the Earthquake, an Angel.'

Easter Sunday evening at 8 p.m., in the church parish house, the film "Call of the Arctic," the story of the Covenant Mission field in Alaska, will be shown, as part of the Covenant world-wide missions emphasis of Easter Sunday. Traditionally in Covenant churches everywhere the Easter offering is given to world missions.

GROUND WAS BROKEN SATURDAY for the Arlington Market shopping center on Kensington rd. Officials at the ceremony included, from left, Victor L. Bedingfield, president of the Arlington Heights district 25 board of education; N. O. Walker, vice president of Jewel Tea co.; Dwight H. Township Collectors Cry Over Abolishment

Suburban Cook county township collectors and the taxpayers Federation of Illinois are tangling over 2 bills in the state senate which would permit abolishing the collectors' jobs.

* * *

SENATE BILL 408, now pending, provides that the excess commissions shall be paid into the county treasury rather than

Senate bill 407, also pending, would authorize a referendum in Cook county to abolish the township collectors. Both bills would strike at the heart of the township system of government by depriving the township of the bulk of its present operating revenues, including salaries.

* * *

UNDER THE present system, 2 per cent of the first $200,000 in taxes collected in the townships goes to pay the salary of the town collector. After his salary is paid the commissions flow into the township treasury to be used for salaries and other running expenses. Because of the amount of these excess commissions, e. g. Wheeling township anticipates collection of $40,000 during the current fiscal year, many townships can "get by" without levying any general tax.

Wheeling township even manages to set aside a surplus yearly from its share of the commissions.

In urging local residents to write their representatives and senators in the General Assembly to recommend defeat of the 2 bills, Wheeling township collector William Annen and Elk Grove collector Arnold Scharringhausen declared that the alternative is a township tax levy.

* * *

"THE EFFECT of bill 408, if passed, would be to require the township to make a tax levy every year in order to operate, with a consequent increase in the tax bill of every taxpayer in the township," they said.

Township officials contend they can give more efficient service to local taxpayers at a reasonable cost and return tax funds to local taxing bodies, including school districts, quicker than does the county.

They also declared that "prompt distribution enables the local taxing bodies to retire interest bearing obligations at the earliest possible time, thus effecting a saving in taxes and in many cases avoiding the need for issuing tax anticipation warrants."

The Taxpayers federation argues that passage of either or both bills would lessen the present cost of collecting taxes by centralizing collection facilities and eliminating much of the work now performed by 30 separate suburban township collection systems. (B7

Builders, Schools Await Decision In Multi-Million Dollar Test Case

Millions of dollars are at stake in a test case challenging a Park Ridge ordinance that taps subdividers $300 a lot to get a home building permit. The money is for a school construction fund.

Other cities and villages about Chicago and across the country have adopted similar laws to bail out school districts — faced by the homebuilding boom with more school age children and not enough money for new schools.

Six subdividers, sponsored by the Home Builders council of Cook county, took the Park Ridge ordinance to court, charging the law is unconstitutional and discriminatory.

They have completed their case before Master-in-Chancery Daniel D. Carmell.

* * *

PARK RIDGE and its Community Consolidated School District No. 64 now are putting on their defense and all their evidence is expected to be presented within 2 weeks.

The case then will be argued before Master Carmell. Attorneys estimate a decision will be made in Circuit court by June 1.

Meanwhile, builders can wait 'til then to see what happens or pay the money. One of several subdivisions under consideration for approval is the Mid-States Development Co. tract containing 300 lots. To go ahead would require an immediate deposit of $90,000.

Builders so far have paid more than $100,000 including interest into the school fund.

* * *

BUT THE SCHOOL board is not spending one penny of it pending outcome of the case.

Park Ridge has invested the money in U. S. treasury bills held in escrow with the First National bank of Chicago. At the latest count, with interest determined, the total sum amounts to $106,440.36.

Plaintiffs in the case are three builders from Park Ridge, and one each from Des Plaines, Oak Park, and Chicago.

The companies and the amounts each has deposited thus far for permits:

—W. E. Gould and Co., 39 S. LaSalle st., Chicago, $2,400.

—Ridge Development, Inc., 6535 North ave., Oak Park, $28,400.

—A. T. Henderson, 721 Goodwin, Park Ridge, $4,200.

—Shoreline Builders, 2155 Farrell ave., Park Ridge, $8,400.

—E. W. Kuntze & Sons, Inc., 1167 Algonquin, Des Plaines, $25,500.

—A. J. LeBlang, 11 Elmore, Park Ridge, $6,900.

* * *

OTHER builders have made deposits but are not a direct party to the suit.

Attys. Edward L. S. Arkema and Harold Marovitz, representing the plaintiffs, say the builders are in sympathy with the plight of school districts frantically trying to keep up with suburban growth.

But they maintain the builder, as well as the new home owner, should not carry the full tax load for school expansion and construction.

Such a requirement "is not in keeping with the tax philosophy of our state and federal government," they say.

The suit charges the Park Ridge ordinance is an invalid attempt to raise revenue.

* * *

THE ORDINANCE, adopted in September 1954, requires subdividers pay Park Ridge $300 a lot before their subdivision is approved by the city council. The money is held for the use and benefit of Community Consolidated School District No. 64.

If the money is not used within 5 years for expansion or new construction, it is to be returned to the builder.

The ordinance is discriminatory in that not every builder has been hit for $300 a lot, the suit charges.

City of Park Ridge building records were subpoenaed. Arkema said they disclosed that of 1600 building permits issued since the ordinance was adopted, 1,350 were issued "without any payment whatsoever." All were for new homes, Arkema said.

Also, the ordinance affects lands within 1½ miles from the city limits but Park Ridge has not collected unit lot charge on lots in this area, Arkema charged.

Arkema said his clients paid the fee because they were informed their subdivisions would not be approved unless they did.

They could not afford the delay required to fight the ordinance in court, so they paid, Arkema said.

* * *

THE SUBDIVIDERS had no choice "because of great investments in land and improvements," Arkema continued.

Highlight of the plaintiffs' case was introduction of a resolution by the school board asking Park Ridge to repeal the contested ordinance. The request was based on state attorney general opinion it was illegal.

The resolution was contained in school board records subpoenaed by Arkema and Marovitz.

So, Arkema and Marovitz contend, "there is a controversy not only between the plaintiffs and the defendants, but even between the defendants pertaining to the constitutionality of the school ordinance."

The lawyers also said Park Ridge sometimes accepted land instead of $300 a lot.

"This illustrates the arbitrary and illegal conduct of the city officials," they alleged.

Plaintiffs also testified they had to pay $300 a lot, regardless of whether the lot was worth $2,500 or $10,000.

Witnesses for the defendants have testified that new subdivisions in Park Ridge would require additional school facilities. The builders admitted this, but insisted that the method of collection of taxes be legal and constitutional.

Arlington Airport Wins $25,000 Suit Against U.S.

A jury before U. S. District Judge Joseph Sam Perry Tuesday returned a sealed verdict awarding damages of $25,000 against the United States government for canceling 2 years and 8 months of a lease on a 93.7-acre Navy tract on the south side of Wilke road between Central and State roads to build a Nike site 2 years ago.

The plaintiff was Illinois Aircraft Services and Sales corporation, headed by Morris Fishman, now in California, which leased the tract in 1947 from the navy, for 5 years renewable for 5 more.

* * *

LEONARD Hartenfeld, 4970 Marine drive, attorney and vice president for the lessee, testified the remainder of the lease was worth $150,000 based on 1953 gross earnings of $187,526. Of this amount, $48,000 was from a trailer camp housing 150 trailers and 500 people, and the rest from the Arlington Airport operated on the site until the army took over.

Assistant U. S. Attorneys Paul O'Malley and Luther Swanstrom contended the lease was worthless because the navy had exercised its option of giving 60-day notice of cancellation in event of national emergency under it. Judge Perry, refused, however, to let the notice of cancellation be introduced and instructed the jury the lease was not cancelled.

* * *

THE GOVERNMENT also presented records of the state health department and Cook county showing the trailer camp had never been licensed as required under the state law effective May 1, 1954.

Attorney James F. Ashenden, Jr., son of the county commissioner, who tried the case, replied that his clients did not need a license because they were on government land and therefore not subject to local regulation.

Walter Rogers, 779 Wolf rd., Des Plaines, appeared as another vice president.

United States Attorney Robert Tieken said he would recommend an appeal to Washington if Judge Perry refuses to grant a new trial. (ACM

'Silent Auction' Planned By Hospital Women Tuesday

A novel twist on the traditional white elephant sale has been devised by the Wheeling township branch of the Northwest Community Hospital Center women's auxiliary for its April 30 meeting. The Tuesday sale will be held at 1 p.m. in the Arlington Heights Field house.

According to Mrs. Henry Stopa, Wheeling, chairman of the ways and means comittee for the branch, members will bring white elephants to be sold at a silent auction. The donations will be displayed on tables, where members and guests may offer their "bids" by writing their names and the prices they are willing to pay for each article they desire on folded slips of paper placed under the white elephant.

* * *

AFTER ALL objects have been examined and bid upon, the auctioneer will open all bids for each article, which will be sold to the woman offering the highest price, explained Mrs. Stopa.

After the meeting and silent auction, refreshments will be served by the hospitality committee, headed by Mrs. John Vork, Arlington Heights. (B7

Political 'Shortages' Disappear When Heights Auditors Go To Work

A report on special assessment procedures by Arlington Heights' new auditors has apparently knocked a minor campaign issue for a loop.

One Caucus party candidate had several times mentioned alleged "shortages" in special assessment accounts. The "shortages" disappeared with the disclosure of the report, made by Ernst and Ernst, nationally-known auditing firm.

* * *

THE INVESTIGATION of the special assessment accounts was made at the insistence of Trustee Robert B. Bishop, who has been supporting the Caucus ticket. At a village board meeting Bishop declared that he is satisfied that the apparent "shortages" were actually non-existent.

"In the 1920's and '30's, when the village had a single bank account, special assessment funds were used for general purposes and the accounts were not always straightened out again," Bishop noted.

* * *

HE ADDED that the examination by qualified accountants revealed merely some "improper procedures regarding special assessment funds" but nothing illegal, at least not since 1932."

Bishop said the auditors had praise for the handling of accounts by village treasurer William F. Meyer, appointed to the job in 1942.

MEETING TO PLAN DETAILS of the PTA spring card party April 24 are, front row, left to right: Mrs. John S. Flaherty, ways and means chairman, Mrs. Clair B. Owen, Mrs. Richard Decker, event chairman, and Mrs. T. C. Carlsen; back row, Mrs. Glenn Buckley, Mrs. Eldred Enloe, Mrs. Richard Oldenburg, Mrs. Henry Wilke, Mrs. Edward Campbell, and Mrs. Dayne Faust. Not present were Mrs. Kenneth Kirchner, Mrs. A. L. Abramson, Mrs. Robert Schwank and Mrs. Jack C. Hosford. (A

Ordinance

AN ORDINANCE PROVIDING FOR THE REGULATION AND OPERATION OF THE MUNICIPAL WATERWORKS SYSTEM OF THE CITY OF ROLLING MEADOWS, COOK COUNTY, ILLINOIS, AND FIXING RATES AND CHARGES FOR WATER AND WATER SERVICES FURNISHED BY SAID WATERWORKS SYSTEM.

WHEREAS, The City of Rolling Meadows, Cook County, Illinois, has heretofore, by proceedings had in manner and form provided by law, been authorized to acquire the waterworks system now furnishing water to said City and issue Water revenue Bonds therefore, all in accordance with the provisions of Article 78 of "An Act concerning cities, villages and incorporated towns, and to repeal certain Acts herein named," effective January 1, 1942, and all laws amendatory thereof and supplemental thereto; and

WHEREAS, pursuant to the terms of the Act above referred to and the ordinance heretofore passed providing for the acquisition of said waterworks system, and the issuance of water revenue bonds to defray the cost of the acquisition of said waterworks system, it is necessary that the City provide for the regulation and operation of such waterworks system, and establish rates and charges for water and water services furnished by such waterworks system;

NOW, THEREFORE, Be it Ordained by the City Council of the City of Rolling Meadows, Cook County, Illinois, as follows:

SECTION 1: There is hereby established an executive department of the City of Rolling Meadows, Cook County, Illinois, to be known as the "Water Department" and the City Council of the City of Rolling Meadows are hereby authorized to create by ordinance a Board of Water Commissioners to have general control and supervision of the Water Department, and the City Council of the City of Rolling Meadows are hereby authorized to appoint a Superintendent of the Water Department and all other necessary employees, and said Superintendent shall have the general management and control of the waterworks system subject, however, to the supervision of the City Council of the City of Rolling Meadows and the Board of Water Commissioners if, as and when created.

SECTION 2: No water shall be turned on for use on or in any premises, until an application therefore in writing has been made for that purpose and filed with the City Clerk of said City, stating the purpose for which the water is to be used. All applicants desiring water service shall deposit with the application the sum of **Fifteen Dollars** ($15.00) before any water is turned on. Such deposit shall be held by the City of Rolling Meadows as security for the payment of water used by the applicant or any occupant of the premises and may be so applied when any default is made in payment of a water bill.

SECTION 3: No person shall in any manner obstruct the access to any stop-cock hydrant or valve, or any public faucet or opening for taking water in any street, alley, public ground or place connected with or part of said water system, nor pile or place any lumber, brick or building material or other article, thing or hindrance whatsoever within twelve feet of the same, or so as to in any manner hinder, delay or obstruct the members of the fire department in reaching the same. It shall be unlawful for any person in any manner to interfere with or obstruct the flow, retention, storage or authorized use of water in said water system, reservoir or plant, or any part thereof, or to injure, deface, remove or displace any water main, hydrant, service pipe, shutoff box, public fountain, valve, engine or building connected with said water system, or plant, or to cause, suffer or permit any of said things to be done, or fail to allow the reading of meters at any and all reasonable times. Any person who shall perform any act in violation of this section shall, upon conviction thereof be fined not less than Ten Dollars ($10.00) or more than Fifty Dollars ($50.00) for each offense, and shall in addition be liable for the actual damage done or caused.

SECTION 4: No person not duly authorized shall turn the water on at any fire hydrant or service cock, or use water therefrom when so turned on, under penalty of Ten Dollars ($10.00) for each offense, and the person so using or wasting water in such unlawful manner shall be liable to pay for the same.

SECTION 5: All connections and water applied for hereunder, and all the water used hereunder, shall be upon the express condition that the City of Rolling Meadows shall not be liable, nor shall any claim be made against it for damages or injury caused by reason of the breaking of any main, branches, service pipes, apparatus or appurtenances connected with said system or plant, any part or portion of said plant, or for any interruption of the supply by reason of the breakage of machinery, or by reason of stoppage, alterations, extensions or renewals.

SECTION 6: That there shall be and there are hereby established rates or charges for the use of and for the service supplied by the waterworks system of the City of Rolling Meadows, Cook County, Illinois, based upon the amount of the water consumed, as shown by the water meters, as follows:

Quarterly Charges or Rates for Users of the Water Service

	Gross Rate	Net Rate
First 10,000 gallons	79c per 1,000 gallons	75c per 1,000 gallons
Next 10,000 gallons	70c per 1,000 gallons	65c per 1,000 gallons
Over 20,000 gallons	52c per 1,000 gallons	45c per 1,000 gallons
Minimum bill	$7.90 Gross and	$7.50 net per quarter

Said rates to become effective and to be collected upon the City of Rolling Meadows assuming operation of said waterworks system. All users of the waterworks system whose premises lie partially or completely outside of the corporate limits of the City of Rolling Meadows: shall be charged 50% additional to all rates listed and set forth in this ordinance.

The City reserves the right to make such reasonable changes in rates and in conditions herein established, and to establish further rules and regulations from time to time as may be found expeditious or necessary.

SECTION 7: That for the purpose of the waterworks system of said City, the calendar year shall be divided into quarterly periods, said periods to begin on the fifteenth days of March, June, September and December.

The rates or charges for water supplied or available as above provided for, shall be payable quarterly and bills for water service shall be rendered on the fifteenth day of the month immediately following the expiration of the quarterly period for which service has been supplied or was available, and such bill shall be delinquent ten (10) days after rendition. And in event of failure to pay bills within said ten-day period, the gross rate listed above shall be charged with a minimum bill of $7.90.

SECTION 8: Persons or corporations desiring to use City water for building or construction purposes shall make application therefore in writing and file the same in the office of the City Clerk on a form prescribed for that purpose. Upon a permit being granted (permits shall be issued in writing and signed by the Superintendent of the Waterworks) the service pipe shall be carried at the expense of the applicant to the inside of the curb line, where a service cock and meter shall be placed, with pipe leading to the surface, and a faucet placed at the end thereof above said surface. When the building or construction work is completed the faucet and meter shall be removed and the water shut off, unless permanent connection hereunder is made. Charge for the use and connecting of meters shall be as prescribed hereafter by the Mayor and City Council.

SECTION 9: The following rules and regulations for the consumers of water and plumbers are hereby adopted and established:

1. No water shall be furnished or supplied to any consumer for any purpose whatever, until such consumer shall make application therefore. Such application shall state the location of the premises to be served and the use to which the water will be put.

2. No water consumer may supply water to other families or allow them to take it, except for use on the premises and for the purposes specified in the application, nor after water is introduced into any building or upon any premises shall any person make or employ any other person to make any tap, or connection with the work upon the premises for alterations, repairs, extensions or attachments without a written permit therefore to be issued by the Superintendent of the waterworks system.

3. The City reserves the right to shut off water at any time in the mains for the purpose of repairing, cleaning, making connections with or extensions to same, or for the concentrating of water in any part of the City in case of fire; and for restricting the use of the water in case of deficiency in supply. No claim shall be made against the City by reason of the breaking of any service pipe or service cock, or damage arising from shutting off of water for repairing, laying or relaying mains, hydrants or other connections or repairing any part of the water system, or from failure of the water supply, or by increasing the water pressure at any time, or from concentration or restricted use of water as above.

SECTION 10: For violation of any of the foregoing rules or for the non-payment of water bills, the City reserves the right to turn off the water without notice and to forfeit any payments made, and after the water has been turned off from any service pipe on account of non-payment of water bills, or violation of rules, the same will not be turned on until all delinquent bills and penalties are paid, together with the actual expense of turning off and on such water, which shall in no event be less than Five Dollars ($5.00), and no water will be furnished to any person, who is indebted to the City on account of water consumed, material or repair.

SECTION 11: No owner or plumber shall be permitted to conduct water pipes into any two distinct premises or tenements unless separate and distinct stop-cocks shall be placed on the outside of such premises along the sidewalk opposite the same, nor shall any pipe be allowed to cross lots or buildings to adjoining premises.

SECTION 12: The right is reserved to suspend the use of lawn fountains and hose for sprinkling lawns and gardens, whenever in the opinion of the Mayor and City Council public exigencies require it.

SECTION 13: Any person who shall violate any of the rules and regulations provided for in Section 9, respecting the regulations for consumers of water and plumbers shall, upon conviction, in addition to the enforcement of the forfeiture and liabilities therein contained, pay a fine of not less than Ten Dollars ($10.00) or more than One Hundred Dollars ($100.00).

SECTION 14: This ordinance after its passage and approval, shall become effective immediately and the same shall be published in the ARLINGTON HERALD, the same being a newspaper having a general circulation in the City of Rolling Meadows, there being no newspaper published in said City.

Passed by the Mayor and City Council of the City of Rolling Meadows, Cook County, Illinois, on the 9th day of April, 1957, and deposited and filed in the office of the City Clerk of said City this 9th day of April 1957.

KICKIN' IT AROUND

by Bob Paddock

ARLINGTON HIGH'S golf team is coming in for further glory at the Citadel where Howard Alton of Mt. Prospect, former Card golfer, has made the college team . . . He's listed No. 1 man . . . When the Hinsdale Relays are held 2 weeks hence Arlington will have to take along their shot put team and discus team trophies for possible change of ownership . . . Cards have won these awards so often we're thinking they ought to change the name of them . . . Combined shot put record for 4 boys established by Heights in 1955 is 189-10 . . . Discus is 534-3.

Starting third baseman for Valparaiso frosh 9 is George Beyer of Palatine. Michigan State swimming letters have been awarded Jim Clemens and Gordon Fornell of Maine . . . Among the group of boys receiving Spartan numerals in wrestling are 3 Oak Lawn boys, a school recognized for its grappling prowess . . . Spring football at Lansing has attracted 200 men . . . John Voyda of R-B is returning golf letterman at Illinois with Wayne Timm of Barrington on the squad . . . Voyda is a junior, Timm a soph . . . John was second low Illini golfer in last year's Big 10 meet.

Three Glenbard alumni took first places in recent U. of Chicago track club meet with Dick Pond '56, Ward Miller '56 and Tom Peters '54 doing the honors . . . As of Tuesday morning Bloom, top possibility for the state track title this year, still hadn't been able to compete in an outdoor meet due to bad weather . . . LeRoy Jackson, state 100-yard dash champ, has an ankle injury, has been withdrawn from all races until warm weather sets in, may not regain his championship form . . . Annual DuPage county track meet will be held Friday, April 19, at Hinsdale . . . Downers Grove will host Peoria Central Saturday.

THOSE MEMORIES of our high school days at Palatine are being stirred by G. A. McElroy's stories of former Palatine Relays. That first meet was held while we were in school, and looking at the results as listed in last week's papers reminded us of boys we haven't seen in years. Mac's quest for first names of Arlington boys brought these results:

Harold Koelling won the 100 in :10.8 and the 220 in :25. He also took the broad jump. A couple of years ago we photographed "Red's" son broad jumping for the Cardinals.

The Heights boys were speedsters in those days. They won both relays, making the 880 in 1:42. That 880 relay team included Frank Shaw, now a Mobil gas station operator in Heights; Norbert Rohlwing, believed to now live near Lake Zurich; Earl Cosman, now living in Mt. Prospect; and aforementioned Koelling. The 440 relay team included Jim Hauff, still of Arlington Heights; Franklin Bublitz, killed in World War II, family still here; Albert Brodnan, passed away, family still here; and Steve Shaw, now living in New York. Rohlwing took the other first for Arlington in the 880 in 2:13.

Some of those times may seem slower than molasses in these days, but believe me it was fast "when we were young."

Other Heights finishers in that first meet included Wally Schroeder in the 220, still in Arlington, has a ski jumping son who broke his leg doing that a year ago. James Morrison took fourth in the 880. Robert Proctor finished second in the mile. Bill Rateike copped third in the discus. Art Luerrsen placed fifth, now believed to live near Des Plaines. Merlin Forzen took fifth in javelin.

Of course that Carl Klehm, fifth in the mile, is still in the nursery business just south of town, and has a son, Carl, winning the shot put in most meets for Heights this year.

We didn't receive any comments from Bensenville on their boys in that first meet, and hesitate to guess.

ILLINI CAGERS George Bon Salle and Harv Schmidt have taken jobs with a trucking firm in Denver . . . The job includes playing basketball in a national industrial cage league . . . Ottawa, third place team of the late state tourney, has already been acclaimed favorite in next winter's Kankakee holiday tournament . . . Defending champ is Glenbard . . . George Meyer of Des Plaines has been named coach of the US soccer team which will attempt to cop the title to be awarded in Sweden in 1958 . . . New football coach at Antioch is Bob Walther, former Augustana athlete.

It has been suggested Paddock Publications sponsor a traveling league among top 5 bowlers from each alley establishment with the area served by the newspapers . . . Sports department and Al Walter would appreciate hearing thoughts of bowlers on this matter.

When you become discouraged with your income consider the sad plight of jockey Willie Hartack who has managed to make $30,784 per mile for his boss but only $307.84 per mile for himself . . . Terry Bethel of Collinsville is evidently slated for Indiana . . . Among winners in the second annual hole-in-one contest sponsored by the Pinehurst Lions Club over the weekend was A. Ciccone of 1449 Baldwin rd., Palatine, whose tee-shot landed 5 ft. 2 in. from the cup to take first prize on the 161-yard, 7th hole of the popular number one course of Pinehurst country club.

Coaches are of the opinion that when 12-foot lanes are introduced in high school basketball next season, the zone defense will increase sharply. The trend toward the zone is already noticeable.

One reason for more zones is an increase in screens and picks, where the offense sets up a play, not particularly to score a basket, but to draw a foul.

Drawing a foul is as important as scoring a basket, under the present 1-and-1 free throw rule. Some coaches advocate a return to the one shot free throw, or at least the adoption of the Big 10 rule, where the 1-and-1 doesn't go into effect until the seventh foul in each half.

Lake Shore Meet For 7 Schools At Arlington

Arlington will play host to the Lake Shore track meet Saturday afternoon with 7 schools in attendance. Field events will start at 7 p.m. with preliminaries in the running events slated to begin at 1:45. Finals in the dashes and relays will probably begin about 2:30.

Admission to the meet on the Arlington oval will be 60 cents for adults and 25 cents for students. Competing will be Arlington, Palatine, Glenbrook, Highland Park, Niles, North Chicago and Waukegan.

* * *

MEET CHAMPIONSHIP will probably go to either Arlington or Highland Park. Both teams have several outstanding individuals, plus fairly good team depth. It's that depth that pays off in any multi-school meet.

Coaches of the 7 schools will meet Thursday evening at Arlington to work out final plans and seedings in heats for the meet. Card chances received a blow over the weekend when Bill Palmer had to drop out of competition, at least for the present.

* * *

PALMER JUMPED 6-5 in the Oak Park Relays, and was state champ 2 years ago. Last year he finished second. Bill has weakened in the past after bouts with the flu. Coaches and fans are hoping Bill will be able to be back in action again later in the season.

Order of events will include high hurdles, 100, 880, frosh relay, 880 relay, 440, low hurdles, mile, 220 and mile relay. Here is a rundown of boys with the better performances:

100 - Fortune of Niles, Windels of Glenbrook, Lockwood of Arlington, Krase of Highland Park, Jim Eldridge of Palatine.

220 - Fortuna of Niles, Jim Eldridge of Palatine, Mule of Waukegan and Bob Mors of Arlington.

* * *

HIGH AND LOW hurdles, Brown of Highland Park and Ken Borg of Palatine.

440 - Mule of Waukegan, Bob Mors of Arlington and Evert Larson of Palatine.

Mile - Ken Courter and Ron Marks of Arlington, Dan Kusek of Palatine and Peters of Niles.

Pole vault - Rudolph of Highland Park and Jack Thome of Palatine.

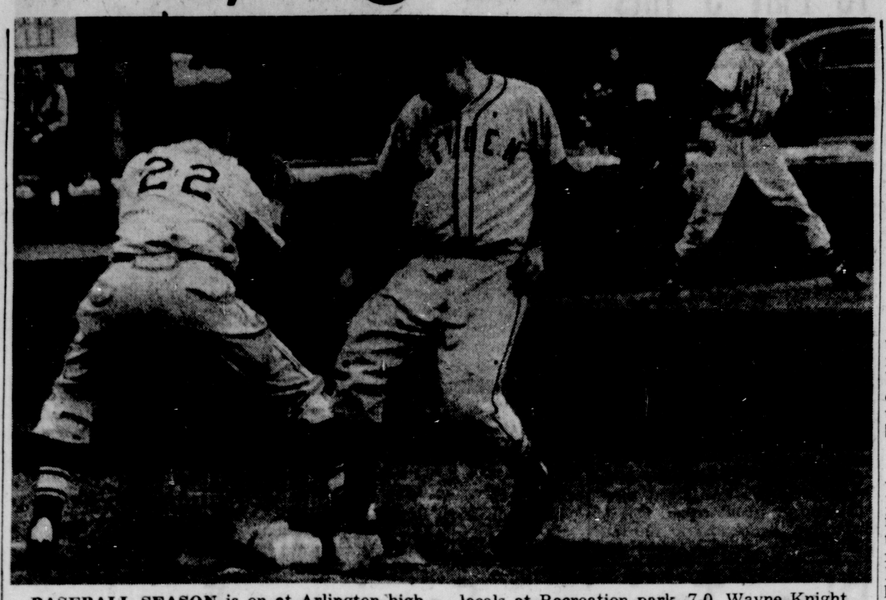
Shot and discus - Carl Klehm and Jack Weber of Arlington.

High jump - Stan Norman and possibly Bill Palmer of Arlington.

Broad jump, Stan Norman and Bob Lockwood of Arlington, and Jack Thome of Palatine.

880 - Roy Hahnfeld of Palatine.

Soph relay - Palatine (Paul Wagner, Dick Welty, Dave Knight and Lloyd Roberts). (Sp



BASEBALL SEASON is on at Arlington high school after a very slow start due to weather. The Cardinals are currently leading West Suburban league, but visiting Leyden had heard nothing about it as it disposed of the locals at Recreation park, 7-0. Wayne Knight, Arlington twirler, attempted to catch Fred Gareiss of Leyden off first in the game, tossing to first baseman Jerry Klement; but was unsuccessful.

Cardinals Booster Club Member Drive Next Week

Under the leadership of new prexy Byron Sayre, the Cardinals Booster club of Arlington high school is already making extensive, — and ambitious plans for next year's program. The club, less than 2 years old, boasts a membership of 1,000 parents, businessmen, and others interested in the high school athletic program. The number 1 purpose of the Booster club is to stimulate and develop interest and enthusiasm in Arlington high school sports.

The first project for the newly elected officers and board-of-directors will be the annual membership drive which is slated for the week of April 22. Members are asked to send their dues to Mrs. R. H. Barbour, 751 Bristol lane, Arlington Heights. Dues are $2.00 per year for a family membership including both husband and wife. There are approximately 60,000 persons residing in our high school district, and about 4,000 parents of high school students. With these figures in mind, Booster club officers are optimistic in their plans to greatly increase the present membership of 1,000.

* * *

ONE INNOVATION will be a spring sports banquet, planned for May 28 at the high school, honoring the spring sports squads of golf, track, tennis and baseball. Present plans are for 3 sport banquets next year, to be held about November, March and May. All will be "post season" affairs, giving awards and recognition (as well as meat and potatoes) to teams upon completion of competition in a particular season.

A baseball film entitled "Baseball by the Code" will be viewed by the May banqueteers. A sound and color film on the spirit and rules of the game, "Baseball by the Code" is one of several films owned by the high school in their growing film library. These films are all available to church and civic groups within the school district. The high school hopes to have in a few years, a film library that will have great appeal and value for general community use.

* * *

ANOTHER Booster club project for next year, just announced by the new officers, is sponsorship of student busses for all out-of-town football and basketball games. Plans are for a 25 cent bus fare to be paid by the student for the round trip fare, with the Booster club picking up the tab for the balance of the cost. A teacher "chaperone" will be provided for each bus making a trip. In order not to slight any so-called "minor sports" a bus will also be provided on the same basis as for football and basketball, if there is enough interest to warrant it.

One example of when there would likely be sufficient interest in another sport is the annual West Suburban conference track and field championships. That question of a bus, however, will not come up this year, for the conference meet this year will be at Arlington. (Sp

More Little League Tryouts At Arlington

Arlington Heights Little League will hold more tryouts this Saturday, April 20.

All Pony League boys who did not play with the Pony League last year or have not yet been assigned to a team are asked to come out Saturday at 1:30 at the high school baseball diamond.

BOYS 9 AND 10 years old living south of the tracks who have not been assigned to a major league team will try out at the Junior High School baseball diamond at 10 a.m. on this Saturday.

Boys 11 and 12 (Little League age) living south of the tracks and who have not already been assigned to a major league team will try out at 1 p.m. this Saturday at the Junior High school diamond.

* * *

THE BOYS LIVING north of the tracks who have not already been assigned to a major league team will try out at Recreation Park diamond Saturday, April 20, 10 years old only at 10 a.m., and 11 and 12 year olds (all Little League age) not already assigned to a major league team at 1:00 p.m.

All boys will need their mitts for tryouts. (Sp

Card Golfers Begin 'To Jell'

Qualifying rounds are about over for Arlington high school golfers with the varsity squad about set. Because Old Orchard has been so cooperative with Heights golf mentor Curtis Larsen in giving his squad free use of the links more boys are still with the team than normally.

There will probably be a few more cuts, but here is how the team stacks up as of Wednesday morning. Senior Tom Jacobsen and junior Jim Goodling stand 1-2. Seniors Bob Clancy and Bob Hammerl and juniors Rick Lindstrom and John Murry are fighting for the next positions.

Junior Ed Moehling and junior Ken Shaw are also still with the squad and making the decision as to the final cut a difficult one.

* * *

THE SOPHOMORES still with the team include leader Bob Sbarbaro, plus Ken Hadland, Dave Ebert, John Double, Dwight Pate, Bob Schultz, Jerry Haenggi and Wally Borman. A couple of these will probably be cut next week.

There are 5 freshmen, led by Al Kruse. Others include Ralph Ibbotson, Al Feige, Haenggi and Kruger. Heights linksmen are scheduled to meet Waukegan at Bonnie Brook Thursday morning. Frosh-soph coach Rusty Dowell, married over the weekend, hasn't been with the team this week. (Sp

Leading Cards At Hinsdale Friday

West Suburban league baseball season is only 2 games old, barring any possible contests played Wednesday in the face of rain, but the Cardinals of Arlington are determined to remain on top.

The locals defeated both Glenbard and Riverside—Brookfield in sterling pitchers' performances. They rest in first place, a half game ahead of Downers Grove and York. The latter 2 schools have just 1 league game under their belts thus far.

* * *

GAMES scheduled for Wednesday, though possibly not played due to early morning rains, included Hinsdale at LaGrange, Maine at Downers, R-B at Glenbard and York at Arlington. If postponed, some of these games may be rescheduled for Thursday of this week.

The Cardinals travel to Hinsdale Friday, come home to meet Maine Monday and start the second half of the schedule at home against Downers Wednesday, April 24. These 2 teams did not meet the first time April 4 due to cold weather. (Sp

Arlington Edged

Arlington's thinclads gave notive they meant business Tuesday in a triangular at Palatine when they lost the varsity meet by a single point to La Grange but copped the frosh-soph half of the meet by 5½ points. Palatine was third both times.

Palatine's only first in the varsity division was Borg in the high hurdles, covering the distance in :16.4. La Grange copped firsts were a 2:05.1 in the 880 by Wooledge, 143-3 1/4 in the discus by Dostabel, 10-6 in the pole vault by Maurey and Nelson, and both relays.

* * *

FOR HEIGHTS Bob Lockwood won the 100, the 220 and the low hurdles. Bob Mors took the 440 in :52.1. Ken Courter ran a beautiful 4:47.3 mile, better than the frosh-soph WSC record. Carl Klehm tossed the shot 51-2½ for his best mark of the outdoor season.

Stan Norman won both high jump and broad jump at 5-6 and 20-3. Bill Palmer was unable to compete for Arlington. Palatine seconds were taken by Eldridge in the 440 and Thome in the low hurdles. Seconds for Arlington were gained by Weber in the high hurdles, Mors in the 220 and Hoffman in the discus with a 138-5 toss.

* * *

FROSH-SOPHS of Arlington copped 5 firsts, but more seconds. It was Whitelaw in the high hurdles in :17.2 and discus, Barbour the 880, Ron Marks the mile in 4:52.4, and Striegel the shot. Gordon won the low hurdles for Palatine. The Pirates' Wagner tied Johnson of LaGrange for first in the 100.

La Grange won both relays, plus Swanson in the 440, Johnson in the 220, Baker the high jump and broad jump, and Miner the pole vault. (SP

Need Help For Saturday Meet

Arlington high school track coach Russ Attis is looking for adult help to run the 7-school Lake Shore track meet Saturday on the Cardinals' oval.

Any persons wishing to help score, or what have you, is urged to contact Attis this week before the meet Saturday afternoon. His home phone number evenings is CLearbrook 3-0277. The squad is scheduled to practice from 10-12 daily this week when weather permits. (Sp

More Local Players Report To Redwings

Arlington Redwings have added more local men to their roster, but Manager Bud Blumenthal is still in the market for more local players. "We're determined to have as many local players as possible this season," insisted Blumenthal, and are endeavoring to maintain the high caliber of play the league has had in the past. If any more players living out this way are interested, tell them to come out for workouts Saturday and Sunday at 2 p.m.

Three Arlington men have joined the squad in first workouts, including Eric Nelson, Bob Leja and Jim Intravartolo. Jim has an outstanding record behind the plate for the high school Cardinals a few years back, including 2 years all-conference. He received a pro ball tryout with St. Louis before going into the army. Jim will probably be No. 1 catcher for the Redwings this season.

* * *

ERIC NELSON is another Arlington player workout out. He was with the Redwings a couple of years ago, playing the outfield. Bob Leja is pitcher with Chicago high school experience and a couple of years in pro ball behind him who has moved to Arlington.

Bill Sprincz of northwest side of Chicago is back for another year with the Redwings. He played the outfield, center and right, last season, is a good man at most positions of the infield, too. Just where hell finally settle depends upon who joins the squad.

* * *

DICK LLOYD, a league all-star at third base last season, was also leading hitter for the loop in '56. He played third base, works for the post office, was recently transferred to Lake Villa. Dick has 5 years of Class A ball behind him, and hopes to schedule his work so he can play with the Redwings.

Tony Esposito, Redwings shortstop last season, is now a Chicago policeman and is playing with that aggregation in the city. First baseman Bill Anderson of a year ago has not reported to the team as yet.

* * *

DICK BOCKELMAN, Arlington's pride and joy twirler, is looking good in initial workouts, as is Lloyd Meyer, the ever-popular Arlington milkman. Squad will continue workouts at Recreation park just north of the high water tower in Arlington Heights starting at 2 p.m. Saturdays and Sundays. (Sp

Cards Lose To Leyden 9

Arlington's varsity baseball team finally got into action — thanks to the weatherman — and ended its first week on the diamond owning a 2-1 record. The Cards downed 2 WSC opponents, Glenbard and Riverside Brookfield, but suffered defeat against Leyden, falling prey to the Eagles by a 7-0 score.

Two bad innings meant the downfall for Coach Howard Lester's diamondmen as Leyden scored 4 runs in the second inning and 3 in the sixth.

* * *

THREE SINGLES, a balk, and a bit of shabby fielding by the Cards' defense led to the 4 run second inning against Arlington twirler, Wayne Knight. Sophomore Don Gerken, third Arlington pitcher of the day, also ran into trouble in the sixth with 2 doubles, a walk and a single tallying 3 Leyden runs. Another soph twirler, Dave Soenksen, looked impressive for Arlington as he hurled 2 scoreless innings without allowing a hit.

The pitcher of the day, however, was Leyden's Dave Schulte. Supported by several fine fielding plays in both outfield and infield, Schulte allowed the Card batsmen only 4 singles, 2 of which were of the scratch variety. Owners of the 4 scattered Arlington hits were Ralph Wille, Denny Thill, Dean Skadberg, and Jerry Klement. (Sp

MAC SAYS

by G. A. McELROY

ANY DOUBT concerning Bloom's role as favorite in the Palatine Relays next week should be eliminated by a glance at some of the marks made by Stebens' boys in the indoor season recently concluded. Fred Macklin, state broad jump champ, has made 23' 8 7/8" and run a 440 in :50.8; LeRoy Jackson, state 100 yard champ, has good 50 yard times; Llorca and West have 880 marks of 2:03.1 and 2:03.6 and West has run the 440 in :53.5; McDonnell has a 21' 6" broad jump; Thurman a 6' 4" high jump; Barbazzi a 52' 6" shot put; and Leahy a vault of 11' 9". There are others just about as good, including Jenkens in the sprints and McDonald in the hurdles. Maine township has almost as many top performers but no state champs.

Gene Jaskot

There have been some disappointments and heart breaks as well as rejoicing in the winning of championships at the Palatine Relays. Edgar Lindenmeyer of Lake Forest had a great team in 1938 and was leading the "A" class in the first year the meet was divided. In the final event, the 880 relay, a Lake Forest man cut in too soon on an exchange and bumped an opponent out of his lane. The disqualification gave Naperville the championship. Lake Forest had one of the best 880 relay teams in the area and ran away with the event only to lose by a foul.

IN 1948 PALATINE had the edge in a close meet, with Princeton second, and Grant third as the low hurdle event came up with the meet nearly concluded. Palatine won the hurdle shuttle but had to lose their 10 points because one runner started before he was tagged. This knocked Palatine out of the running and Princeton appeared to have the meet won when they streaked home in front in the 880 relay but on 1 exchange the pass was made outside the passing zone and Princeton lost 10 points, enabling Grant to go home the champ.

In 1940 Palatine had one of their best track teams, particularly in the running events, and were favored to win the "B" class division. In the medley relay, which was later changed to the mile relay, the Pirates dropped the baton on an exchange and it rolled out of the 20 yard zone.

It was picked up and Palatine took second but lost the 8 points by disqualification. Rattled by this bad break, the baton was again dropped in the 880 relay but picked up without disqualification and a second place was won. Geneva nosed out the Pirates to win the meet on the strength of good field men. The next week at the Proviso Relays, these same Palatine boys were so eager to make amends that thy set meet records in the mile relay and mile medley relays.

The 2 small, white, plastic base trophies in the Pirate track case represent the efforts of Bob Hollinger, Si Trepus, John Senne, and Anton Cipri, all juniors, in the mile relay; and Hollinger, Senne, Cipri, and sophomore Jim Langhoff in the medley. Langhoff ran a 2:06 half and Cipri two 52 second quarters that afternoon.

They were the first quartermiles run by Cipri in competition. For the next 3 years Palatine won the Palatine Relays, with the upward surge a reaction from losing a big meet the Pirates had expected to win.

THE AWARDS to be given at the Palatine Relays Silver Anniversary Meet are on display this week in the windows of Schoppe's store at the corner of Slade and Brockway streets in Palatine. Schoppe's is the oldest business establishment in Palatine dating back some 65 years and a fitting spot to display the awards for the 25 year old meet. The awards consist of silver trophies for first and second high teams in both divisions of the meet along with the two huge traveling trophies placed in competition 3 years ago by the George Spies company of Chicago, who sell the school the other awards.

A total of 12 small silver trophies to the schools winning the individual relay events will be awarded, plus medals for 5 places in each class in the individual events and to each runner on each team finishing in the first 5 in each relay.

A total of 310 medals will be awarded. The cost of the awards is about $500. This year an 8 page Silver Anniversary meet program has been prepared containing 9 photos, a history of the meet, meet records, past winners, schools entered, and meet officials. This will sell for 10c and carries no advertising. It has been the policy of Palatine high school under the present administration not to solicit advertising from the local merchants for any school publications. We hope this policy may continue as we see so many cases where merchants are nicked for cash donations to every little project anyone concocts. Most of it is not advertising but merely a respectable type of racketeering.

WE HEARD a very sad report this week. Paul D. Fry who was formerly a highly successful football coach at Barrington high, was crushed to death when a hydraulic dump truck box gave way and fell on him while he was unloading corn at his elevator at Polo, Illinois. Fry was 42. Married in 1949, he had sons age 1 and 8. He coached Northwest champ football teams at Barrington and then went to Princeton, Illinois and eventually into business. He had a 15 game winning streak in football at Barrington at one time.

Our friend "Bud" Nangle, who served for six years as prep sports editor of the Chicago Daily News, left last Friday morning for Twin Falls, Idaho, to take a position as wire editor on a daily paper with a circulation of 30,000. Twin Falls is the third largest city in the state located in the rich irrigated valley of the Snake River.

GENE JASKOT, one of the greatest Northwest conference athletes of all time, tried college work at Illinois this fall and, deciding that the books were not for him, has entered professional baseball. Jaskot is signed to a contract with the Toronto Maple Leafs, International League champions, and has been in spring training at Ft. Pierce, Florida.

When Barrington had its annual athletic banquet, sponsored by the Lions Club, 5 North Suburban championship trophies in golf, tennis, baseball, football, and basketball were presented.

Track was the only one the Bronchos missed from April 1956 to April 1957. Quite a record. Most valuable player awards were presented to John Walbaum in football and to Charles Berg in basketball while Walbaum also received the basketball free throw trophy with an unusual mark of 80.8% for the season. "Tug" Wilson, Big Ten Commissioner of Athletics was the banquet speaker.

With the Western State College of Macomb golf team on tour through Virginia, the Carolinas, and Florida this week are "Tinker" Meyer, junior; and John Goetz, sophomore, of Palatine. Both were regulars on the championship team last year in the IIAC conference, their sixth in a row for Macomb State. Other lettermen making the trip are Capt. Jerry Walz of Highwood and Dan Coleman of Highland Park, both seniors. Since starting to coach golf at Western in 1950 Harry Mussatte's teams have lost only one conference golf match. From April 11 to 20 the Western squad was scheduled for 8 matches including the Miami Invitational Tournament on April 20.

10 YEARS AGO—April 18, 1947: Palatine whipped West Chicago 67½ to 50½ as Harold Stephan scored 20 points by winning both dashes, the low hurdles, and the broad jump . . . Arlington outpointed Crystal Lake 88-25. Marv Berschet won the shot and discus and tied for first in the high jump for Coach W. J. Creamer's Cardinals . . . Arlington scored firsts in all events except the 220, won by Stephan, and the pole vault, by Werner, to crush Palatine's track squad 84 1/6 to 28 5/6 . . . Arlington frosh beat Palatine 63 2/3 to 49 1/3 as Krause scored 32¼ points for the Cardinals. He won 100, 220, low hurdles, shot, discus, and pole vaule, took third in the high hurdles and anchored a winning relay team.

20 YEARS AGO—April 16, 1937: Libertyville's track team doubled the count on Palatine 84-43 as Vlink and Jaeger each took 3 first places for the Wildcats. Cecil Kuhn won the 440 and took seconds in the 100 and 220 for the Pirates. John O'Brien scored 10 points and Cliff Haemker high jumped 5' 6" . . . Arlington beat the Bensenville Bisons 62½ to 59½ as Capt Richards of the Cards won 100 yard dash, broad jump, and 2 hurdle races. Richards was over 20 feet in the broad jump and Davis of the Bisons high jumped 5' 7". The Bison frosh-soph beat Arlington 57 1/3 to 54 2/3 . . . Waukegan shut out Arlington's baseball team, coached by Ray Hayes, 12-0.

Card Frosh 9 To Play 3 Tilts

Frosh baseball picture at Arlington high school still hasn't cleared.

Coaches Frank Bohac and Dick Kinneman have been attempting to get in line on 60 candidates but have been having difficulty due to inclement weather.

That opener and 2 other games are scheduled for next week. Young Cardinals will travel to Highland Park Monday, play host to Niles Tuesday and move on to Notre Dame Thursday of next week.

* * *

GOOD WEATHER Monday and Tuesday gave the coaches their first real look at many boys, though only 30 were on hand due to vacations, Cubs opener, etc. There are 6 catchers listed, with 1 or 2 showing well, but others haven't been given a fair chance to date.

Two or 3 have looked acceptable in the outfield. Two third basemen appear about equal. One of them may be moved to the outfield. (Sp

THE CARDINALS lost to Leyden, 7-0, Tuesday afternoon at Recreation park, but the Arlington 9, coached by Howard Lester, still leads the West Suburban league. Bud Booth was out at first at this moment of the game with Heights first baseman Jerry Klement getting the ball just in time.

Plan Training Sessions For Heights Little League Umps

Since many of the men who have volunteered to umpire in the Little League are without experience as sports officials, The League is conducting a special training program to teach techniques which have been used successfully by men experienced in the field. Rules and regulations will also be thoroughly explained in the Arlington Heights meetings.

Rolf Berg, umpire in charge of training, has announced a training program for Little League that no umpire should miss. Sessions will be held at Recreation Park field house at 8 p.m. on the following nights:

* * *

APRIL 25—"The umpire's part, his responsibility and conduct." A big league umpire in person to handle the presentation. Also a question and answer period with special charts and chalk talks for clarification of problem situations.

May 2—"Baseball by the code," a new instructional color film on rules and fundamentals of the game directed toward umpire training.

May 14—"Rules and regulations," special presentation by Joe Brodnan and Dick Bokelman covering problem play situations, with particular emphasis on pitching rules.

June 6—"Making decisions," continuation of rule interpretations with question and answer period.

June 20—"What's your problem?" Discussion of specific game problems to date.

* * *

ALL UMPIRES should be present at these sessions. Managers and coaches are invited to all sessions, but are especially asked to be present at the sessions May 2 and June 20.

Those interested and willing to help are asked to come to the first session Thursday, April 25. Those who can't make it are asked to call Jack Hermes, chief umpire, Cl. 3-6824, to make certain they are registered.

Further details of the meetings will be announced later. (Sp

Twirlers Toss 2 1-Hitters In First Card 9 Victories

Arlington captured 2 victories in conference play as Bob Miller, Dennis Thill, and Dave Oberg turned in stellar pitching performances. Miller was only a step away from a no-hitter as he shut out Glenbard 2-0 at Arlington. Thill and Oberg combined efforts in a 1 hit, 3-1 win over Riverside-Brookfield.

Glenbard went 4 innings before the visitors had a batter reach first base. A walk, Miller's only free pass for the day, put a runner on base in the fifth inning. Glenbard's only hit came in the sixth when Bob Inglis, number 9 in the batting order, beat out a ground ball to Dennis Thill at shortstop. Thill's throw arrived a half-step too late to save the perfect game.

* * *

ARLINGTON HAD moved out in front in the first 2 innings, scoring a run in each frame. Dennis Thill, leadoff man, was safe on an error in the first, moved to second on Lee Magnuson's sacrifice, and scored on an error by the Glenbard first baseman.

Jerry Klement led off the second inning with a long triple to right center. Ralph Wille walked, but Klement was out on a delayed double steal attempt. Wille moved to second on the play and later scored on a wild throw.

Lee Magnuson, with a single and a double in two official trips to the plate, led the Cardinal batters. Miller fanned 10 in the 7 inning contest, which was played on a cold, windy afternoon.

A FLUKE HIT robbed the Thill-Oberg combination of a no-hitter against R-B. Dave Jarom, pinch-hitting in the 7th inning, beat out a high bounder down the third base line for the losers' only safety.

Thill, who started the game, ran into trouble in the fourth inning when he walked 4 batters, forcing in a run. Oberg replaced him and faced the minimum of 10 batters in 3 and a third innings.

The pitchers received good offensive and defensive support, including 7 hits, errorless fielding, and 2 double plays. All 3 Arlington runs were earned.

Dean Skadberg, running for Nickelsen, who had singled to start off the ball game, went to second on an error, and scored on Dan Vittum's double. Jerry Klement singled to score Vittum and give the locals a 2-0 lead in the top half of the first.

Ed Meinken's single in the fifth inning was followed by Jerry Klement's triple to wind up the day's scoring. It was the second RBI for Klement and his second triple in 2 games. (Sp

Many Suburban Veterans On Illini Baseball Squad

by BOB FRISK

The University of Illinois' 1957 baseball team, hampered by lack of sufficient outdoor practices, departed on its annual southern tour with an optimistic outlook.

Coach Lee Eilbracht, starting his sixth season as head of the Illini, has the personnel to do the job this spring if injuries don't take too severe a toll. In 1956 the Illini lost such top players as John Kating, Vie Petreshene, and Dick Gunn due to injuries, and ineligibility took Jim Frillman, leading hitter in 1955.

A good pitching staff and better-than-average defense appear to be the main attributes of the current squad. The mound corps is headed by southpaw Dick Vorreyer (Morton) and right hander Frank Schwartz (Springfield). Backing up the two veterans are lefty Jim Flynn, a service returnee, and righty Bobby Tedesco, an outstanding sophomore from Belleville Cathedral.

* * *

VORREYER, who pitched for Oak Park in the Greater Midwest Semi-Pro loop last summer, was the Big Ten's earned run leader as a soph with a 1.29 mark. Dick was on the mound when the strong Berwyn Legion post defeated Arlington's 1953 club, managed by Lloyd Meyer, in the Cook county legion playoffs.

The infield shapes up with veteran Ray Thonn (Proviso) at first base; Don Lukaszewski (Chicago-Foreman) at second; soph Bobby Klaus (Fox Lake) at short; and soph Casey Barszcz (Schurz) at third. Soph Tom Haller (Lockport) is currently listed as the No. 1 catcher. Haller, who lettered in football and basketball, is bidding to become Illinois' first nine letterman since Dike Eddleman.

Both Thonn and Lukaszewski played for the Oak Park club in the summer action. Lukaszewski, who was a member of the Pan-American team as a college freshman, has never quite lived up to his high school press clippings, but Eilbracht is hoping the three-year veteran will make the grade this spring.

* * *

IF THE regular infield doesn't come around, such reserves as Jim Cvik (Waukegan), Billy Bolk (Terre Haute, Ind.), and Wayne Lanter (Freeburg) are ready to step in. Cvik played for the Lake Forest team which lost to Arlington's Boosters last summer.

In the outfield are Jim Frillman (Proviso), leading hitter in '55 with a .386 average, sophomore Rich Pawlow from E. St. Louis, and Vic Petreshene (Medford, Mass.), and Big Ten's home run leader in '55. Frillman also played for Oak Park last summer. Ranking reserves include John Kating and Jack Delveaux from Chicago; soph Don Siweck from Decatur; and Bobby Shotpaw from North Riverside. Delveaux was the No. 1 fullback for the gridders during the last three games last fall.

Illinois has the material to go all the way from the cellar to the top in the span of one year. In '56 the state school won 3 of 14 Big Ten games and finished in the basement.

Only time will tell how they finish in '57. The Illini open their Big Ten campaign April 26 with a single game against Purdue in Lafayette, Ind.

FREE GOLF CLASSES for the ladies will again be co-sponsored by Paddock Publications sports department and Arlington country club. Four classes, free to all ladies of the area, will be held the 4 Tuesday evenings of May, with instruction starting at 7:30 each night.

All lady golfers need bring are a club and a smile. Club pro George Dayiantis will give instruction on grip, stance, backswing, follow through, plus a workout on the putting green. No registration is necessary. Further details will appear next week in the sports pages of this paper.

Prep Track Honor Roll

by BILL BECKMAN

The first week of the outdoor season found many of the state's track stars turning in outstanding performances. The events that dominated the picture were the hurdles and the shot put.

Dave Northrup of West Rockford turned in exceptional times of :14.4 in the 120 yard high hurdles and :19.7 in the 180 yard lows. Dick Haas, the defending state champion in the high hurdles ran them in :14.8 in a duel meet with Mendota. Both performances are outstanding for this early in the season. This column notes that Bill Nickelson of Girard is back in competition, This is the lad who coaches himself, built his own hurdles and transported himself to and from meets last year—most coaches would give their right arm for a lad with that spirit.

* * *

IN THE SHOT PUT, state champ Bill Brown of Mendota served notice that he is ready to defend his laurels with a tremendous 57'9" throw. Bob Ornberg, Maine and Mike Pyle, New Trier, continue their rivalry, the former throwing 55'2" and the latter 55'½". York's Ron Hampson follows with a 54'3½" effort.

Times in the 880, mile, dashes and broad jump lag somewhat from last year, however, as the weather warms up these performances will be bettered.

JUST DOGS

by DAVE TERRILL

Pups and Baths

Just recently our editor was approached by an individual who was questioning at what age a puppy should be given a bath. This is a problem which many owners of new pups are faced with, especially if the pup has been recently acquired from a kennel or dog breeder where the pup has had an opportunity to play and in general roll around with other pups.

To begin with, a young pup should never be given a bath, especially when it is only 8 or 10 weeks old, because of the danger of it catching cold, or even worse, coming down with distemper.

Temporary distemper shots help, however, there is no reason to try to tempt fate; therefore, wait until the pup is 3 or 4 months old and the weather is warm before attempting such a thing as a bath. There are many preparations on the market which can be used to give the dog a so-called 'dry" bath. This consists mainly of sprinkling the preparation over the dog's coat, rubbing it in briskly and then combing and brushing it out.

The weather this year in our area has certainly not been of the type which permits bathing a young pup and proceeding to let him go out of doors in order to dry off. The usual practice adhered to by boarding kennels and veterinarians is to wash the dog and then put him under a drier. Even that is frowned upon unless it is required for some medical reason.

Chasing Cars and Jumping

Not long ago your editor read an article about the age old problem of trying to stop a dog from chasing cars. The article went on at length to describe a procedureo f having whoever is driving the car stop when the dog leasts expects it, thereby removing the invitation to the dog to chase something which is, so far as he is concerned, something to bark at.

For some unknown reason many dogs seem to be attracted the article of having someone wheels. The method described in to cars and their revolving drive along and then stopping the car is all right, but your editor feels that a more effective measure is to stop the dog before he even starts to chase after the car. A 12 inch stick tied by string in the middle and raised about 2 or 3 inches off the ground and attached to the dog's collar is a very effective way of stopping him from chasing cars. This method is especially suitable when you must consider that you would not always have a car with a sympathetic driver on hand to stop and start a number of times.

It all goes back to what was mentioned above, and that is to stop the dog before it starts. This is the same as stopping a dog from jumping up on you. A number of folks think that if you grab a dog's front paws and step on his hind feet, you can stop him from jumping on you. However, he has already done it, which is, in your writer's opinion, too late to apply the correction.

The correct and very decisive way of stopping a dog from jumping on you is to catch him at the start and when he is quite unaware of what is going to take place. The correction simply consists of raising your knee up very quickly when he starts to jump on you, catching him somewhere in the chest, and 2 or 3 of these sudden contacts will soon discourage him from jumping on you.

Obedience Trial

In our local area the Northwest Obedience club has completed plans to hold its second sanctioned obedience match Sunday, May 5, in the Palatine Community park. It will enable many individuals with obedience trained dogs to take advantage of a sanctioned match 2 weeks prior to the North Shore Dog Training club's annual licensed obedience trial, to be held Sunday, May 19, at the Highland Park Recreation house, Highland Park, Ill.

Although the Northwest sanctioned match does not count towards a degree, it does give many people the opportunity to work under actual judging conditions and a 2-week period to further train and correct their dog in time for the North Shore event.

A Sad Story

The New York Giants, in 1933, won the National League pennant, while taking 91 games. In 1935, they won the same number of games, and took third place in the league.

Several Palatine Relays Marks Should Fall April 27

by G. A. McELROY

A week from Saturday will be one of the big days in the history of the Palatine Community as the high school stages the silver anniversary running of the Palatine Relays, a track meet which is known statewide and has given Palatine more good publicity than any other sports event in the history of the village. Old timers who coached the teams in the first of these special meets 25 years ago will be guests of the school and meet and with 33 strong track schools lined up to compete the only uncertain factor in the big event is whether Palatine will be favored with clear skies and high temperatures.

The records of the meet are published this week and a glance at them indicates how far the meet has progressed in both quality of competition and in numbers of competitors and size of school competing. In 1955 14 records were smashed of which 13 were in running events as the meet became open to larger schools. Last year bad weather cut the chances of record breaking performances but the field this year is of a quality to make the meet the best in its history.

* * *

DEFENDING CHAMP Bloom of Chicago Heights in class "A" looks like a runaway favorite with a flock of talented boys, many of whom competed on the team which won the state championship last season. This spring Bloom copped the big Oak Park indoor relays and in almost every individual event the team coached by Ralph Stebens has a boy ranking among the top five in the state. Fred Macklin who has run a :50.8 quarter mile and set a new Oak Park Relays record in the broad jump at 23'8⅞" looks like a sure bet to break his Palatine broad jump mark of 22'2" set last year. LeRoy Jackson, who won the state 100 yard dash last year and won the Palatine Relays century at :10.2, will return an attempt to break a :10.1 which was set by Kraemer of Woodstock in 1934 and tied by John Zedrow of Naperville in 1941 and by Ron Etherton of York in 1955. The class "B" 100 mark of :09.9 by Vern Estes of North Chicago has the "A" mark beaten. Estes was also state champ in the 100 yard dash.

* * *

OTHER STATE champions who will compete in the meet in addition to Macklin are Bill Palmer of Arlington Heights and Dick Haas of Oregon. Palmer won the state high jump in 1955 as a sophomore and was second last year as a junior. This season he has jumped 6'5" indoors and with team mate Stan Norman who has made 6'2" should go over the record in that event. Tony Zacco of Geneva, a 5'8" lad, set a 6'2" record in 1938. Thurman of Bloom has high jumped 6'4" this year so Palmer may be pushed in his efforts for a record. Dick Haas of Oregon is state high hurdles champ.

Bill Ornberg of Maine took second in the state shot put last year and has a mark of 55'7" indoors. His team mate Neuman has a mark of 53'1". Ornberg is not expected to break the record of 56'3¾" set by Dick Winterbauer in 1954 but anything can happen if conditions are right. Jack Novak of North Chicago is touted as a pretty sure bet to set a new class "B" shot mark. He has been throwing the 12 pound ball close to 54' consistently and should better the mark of 50' set laet year by Palatine's Len Rohde.

* * *

TWO OF THE BEST individual marks on the record sheet are the 163'3½" discus throw of Dick Winterbauer of Arlington Heights in 1954 and the 12'7" pole vault of Merwin of Woodstock in 1935. Neither has much danger of being approached. Maynard of Maine Twp. has vaulted 12' this year but there is quite a difference between indoor vaulting and doing it out doors at this season of the year.

None of the 5 top miles of the area are from schools entered in the meet and this event is due to be way off the standard set by the best miler in the nation's high schools in 1956, James Bowers of DeKalb. Bowers' record of 4:25.1 made in 1955 should be considered the best of all the Palatine marks and only bad weather last year prevented this from being even lower. It may be 20 years before this mark is wiped from the records.

* * *

TOPS AMONG the relay records are those in class "A" in the mile and 2 mile relays. The 8:19 mark set in the 2 mile relay by Bruce Debes, Ken Manaugh, Louis Sefick, and Wm. Horning of Niles in 1955 means that the four runners averaged half miles run in 2:04.8. The mile relay run by York in 1955 at 3:28.2 was at the rate of :52 seconds for each of the four [illegible] sheim, Tom Bright, Ron Etherton, and Gra[illegible]

Palatine's only relay mark is the 320 yard high hurdle, shuttle of :44.1 set by George Sailer, Duane Gordon, Jack Thome and Ken Borg last year. (Sp

Simple and convenient. Just show your card and say "Charge It." Once a month a statement is sent to you, payable within 10 days after you receive your bill.

★

2. A 6-MONTH REVOLVING ACCOUNT

There Is No Down Payment Required - - - 6 Months To Pay!

- YOU decide how much you can conveniently pay each month, and your credit limit is set at six times this amount.

If You Agree To Pay	You Have Continuous Credit Up To
$10 a month	$ 60
$15 a month	$ 90
$20 a month	$120
$25 a month	$150

LARGER AMOUNTS ARRANGED IF YOU WISH

- With this account, you can easily keep within your budget . . . it reduces the temptation to spend more than you intended, since you never exceed your credit limit.

- It's easy to open an account. Simply fill-out and mail the coupon below.
- No down payments are necessary. A small service charge of only 1½% is added to your monthly statement.
- Each payment you make reduces the amount you owe, and permits you to add new purchases, up to the agreed credit limit.
- Your monthly statement always tells you just how much is due **this month.**
- If you prefer, you pay as much as you like at any time, above the amount of the minimum monthly payment. In fact, this is actually to your advantage, since it gives you more freedom to buy and reduces the service charge.

HOW TO GET HERE . . .

EVERYTHING BUT A GEIGER-COUNTER
and if a geiger-counter measured quality construction, you would be deafened by the reaction to this masterpiece. Super, super colossal even a billiard room and a golf course just across the street. Now let's not kid each other — neither the tax bill nor the price is low, but if you're a successful executive, who wants to live like one —stop in and let's talk this one over.

I WISH, I WISH, I WISH
I wish we had a swimming pool — I wish the whole house was air-conditioned — I wish there was a paneled recreation room — I wish the house was carpeted throughout — I wish there was a barbecue pit and patio in the back yard. I wish we had beautiful spacious grounds. Well, this answers all those wishes and many more, so why not stop wishing and start living. $53,500.

FOUR BIG EXTRAS
Here is one of those lovely colonial homes in beautiful Stonegate, that has the rariety of coupling four popular features under one roof— a utility room and a den on the first floor — 4 lovely bedrooms upstairs plus an attached 2-car garage and all the other expected deluxe features. $39,900.

IT'LL BE A SLOW BOAT TO CHINA
and you'll be on it, if the family finds out you could have bought this for them and didn't. Dean Tackett built this home on one of Scarsdale's loveliest streets — 3 spacious bedrooms, 1½ ceramic baths, and a "lush" recreation room all on seventy-five (75) feet of property. First offering $32,750. (A 4 3/4% mortgage can be assumed).

THE MORTGAGE COMPANY CALLED
and asked if we hadn't made a mistake on the price of this home — they thought it was priced too low. What better testimonial could a smart buyer want, if he desired a full basement 3-bedroom brick veneer home in the wooded Eastwood section. $21,500

These are only a few of our choice new and exclusive listings. You'll be wise to always check with us before you buy — many fine families are happy they did.

W. J. Morrow has been appointed assistant sales manager of the Wear-Ever specialty division, The Aluminum Cooking Utensil Company, Inc., New Kensington, Pa.

During the past 5 years, he has worked as a division sales manager in the company's Chicago district. From 1947 to 1952 he sold Wear-Ever products in Minnesota.

An air force veteran, Morrow was discharged as a captain in 1946 and holds the air medal and distinguished flying cross.

Mr. and Mrs. Morrow and their 4 children have resided in Arlington Heights. (BB

March Sales Highest Ever For Baird & Warner

Real estate sales during March were the highest ever recorded in the 102-year history of Baird & Warner, according to Stewart B. Matthews, general sales manager.

In his report covering first quarter sales of 1957, Matthews noted the firm's 16 offices in Chicago and suburbs sold 270 properties for a volume of $8,816,804. During the same period last year the company sold 282 properties for $8,805,457.

* * *

THOUGH JANUARY and February showed a drop of 9.33 per cent in volume over last year, March more than made up the deficit. In that single month, Matthews indicated, the firm sold 127 properties for a volume of $3,990,00.

This compares to 103 properties sold during the same month last year for $3,371,000, an increase of 23.3 per cent in the number of properties sold and an 18.4 per cent increase in sales volume.

Metropolitan Problems - Women Voters Confab Topic

The problems of metropolitan Chicago will be presented, if not unraveled, at a "Tangled Towns" institute to be held Tuesday under the sponsorship of the Cook County council of the League of Women Voters.

The all-day session at the Sherman hotel includes talks on land area planning, the Cal-Sag Port authority, political overlap among some 900 Chicago-area governmental units and highways, transportation, water, sanitation and law enforcement. Burr Tilstrom will present his Kuklapolitan Players in a luncheon interlude.

SPEAKERS include Mrs. Bernice VanderVries, former state representative now on the board of the CTA, William Mortimer, Cook county highway superintendent, and Clarence W. Klassen, Illinois superintendent of water.

Mistress of ceremonies is Frayn Utley, well-known news commentator.

Four members of the Arlington-Mt. Prospect chapter of the league will attend and the chapter has invited F. R. Buechner, Arlington village manager, to be its guest at the program.

Reservations may be made at the Cook County council, 59 E. Madison, Chicago (CEntral 6-0315). Cost for the day is $3.75, including luncheon. (B7

Parochial Schools Aid WTTW

Five northwest suburban parochial schools are aiding WTTW—Channel 11's spring fund drive.

Schools include St. James and Our Lady of the Wayside in Arlington Heights, St. Anne in Barrington, St. Theresa in Palatine, and St. Raymond in Mt. Prospect.

The drive is part of a general Chicago area effort to help underwrite the operations of the educational television station for the current fiscal year.

A TOTAL of $312,000 is needed. Of that sum, more than $150,000 has already been raised in an ongoing special gifts solicitation.

WTTW is telecasting a varied program schedule, including programs for use by Chicago and suburban schools for in-school enrichment purposes. (B7

This Is Story Of Dutch Dog, Rosco, And Habits

by BILL DILLINGHAM

ROTTERDAM — Rosco, a Saint Bernard dog, has strange habits.

At night, after a day of lounging about his master's house near Rotterdam, Holland, Rosco makes the rounds of the taverns. It is usually during the wee hours of the morning that he finally staggers home.

Needless to say, Rosco has a bad reputation among the teetotalers of his neighborhood, both human and canine.

* * *

BUT AMONG THE beer drinkers, Rosco is an esteemed comrade. Lacking money of his own that might enable him to buy an occasional drink, the animal is forced to rely upon friends.

In all of the 6 taverns that lie within his area, Rosco is known and respected. Customers are always willing to treat him to a beer.

The dog, however, has recently come under verbal attack. Complaints have been pouring in from the respectable animals and humans of the neighborhood. Rosco, it seems, cannot hold his liquor.

* * *

AFTER 3 OR 4 BEERS, this huge Saint Bernard gets nasty and wants to fight. When he approaches a man at the bar in a friendly way, and the fellow turns out to be a tight-wad and won't buy a round, Rosco growls.

Alcohol prompts Rosco to speculate on philosophy in general, and he probably concludes that he leads a dog's life. Last week, on his way home in a drunken stupor, barking and growling to himself over the state of things, he was arrested by the Dutch night-policeman and put into jail.

Rosco's master was not charged. After all, Rosco is too firmly an individual to have others assume responsibility for him. The formal complaint against this Saint Bernard was "creating a disturbance in a public street." In the morning, Rosco seemed to have a headache and also seemed repentent about the drunken scandal of the night before.

* * *

THE CRISIS came, though, 2 days later.

Rosco got himself into a contest of who could guzzle the most beer. It was late in the evening and the contest had left few men standing. Rosco was still game, although sharply unable to control his barking (which observers said was a kind of laughing bark).

In the past, Rosco had been quite careful about his sanitary habits. Admittedly, he avoided the men's room and used the lamp post just outside. This night however, he was apparently unable to distinguish the lamp post from the chatting bartender's leg.

A scandal followed, the bartender got angry and kicked Rosco, Rosco got angry and bit the bartender, one human hit another, Rosco bit somebody else, and the unfortunate Saint Bernard ended up in the local jail again.

This time, however, the 6 immediate bars have been notified not to sell or give Rosco alcohol. "Clients under 18 years of age shall not be served," the law reads, and Rosco is only 7.

County Opens Bids On Area Road Projects

The Cook county board has opened bids on 3 highway projects in the Arlington Heights-Palatine area. The jobs, all due for completion by the end of this summer, include resurfacing of portions of Arlington Heights rd. and Plum Grove rd. and the widening of Wilke rd. south of the Arlington Park racetrack.

The projects are among 9 in Wheeling, Elk Grove and Palatine townships slated for completion this year. Three are new bridges over Buffalo and Salt creeks and Wheeling drainage ditch. No contracts have been awarded on any of the 9 yet and it is uncertain as to how many of them will be finished this year.

* * *

THE COUNTY'S share of state motor fuel tax returns will pay for the work.

Local projects and apparent low bidders are:

Wilke rd. from Kirchoff rd. to Fremont st., .9 miles, Allied Asphalt Paving Co., $48,486. To be widened from 2 to 3 lanes.

Plum Grove rd. from Daniels rd. to Northwest highway, 1 mile; and Arlington Heights rd. from Northwest hwy. to Thomas st., 1.4 miles, Contracting and Material Co., $103,495.

* * *

A BID OF $224,211 was submitted by Arcole Midwest Construction Corp. for 4 resurfacing projects in Maine township: Des Plaines rd. from Northwest hwy. to a point 492 ft north of Perry st., Ballard rd. from Rand rd. to Milwaukee ave., Greenwood ave. from Rand rd. to Milwaukee ave. and Dempster st. from Northwest hwy. to a point 680 ft. west of Milwaukee ave.

The low bid on the Arlington Heights rd. and Plum Grove rd. projects was $4,495 over the county estimate; the Wilke rd. job estimate apparently covers only a part of the work involved, as it is less than half the amount of the county estimate of $80,000.

Throughout the county, 37.7 miles of roads will be resurfaced with blacktop this spring. (B7

Controversial Luther Film On Television April 23

"Martin Luther," a full-length dramatic film based on the life of the leader of the Protestant Reformation, wil have its Chicago-area showing on WBKB Channel 7, at 10 p.m., April 23, under commercial sponsorship.

"Martin Luther" made motion picture history when, as a church-sponsored movie, it became a box-office success in commercial theaters throughout the country. Originally, it was produced by 6 Lutheran church bodies for showing in churches. In 1953 it enjoyed a 13-week run in the loop.

* * *

IN ANNOUNCING the television showing to members of the Church Federation of Greater Chicago, Dr. John Harms, executive vice-president, said, "The 'Martin Luther' picture is a masterpiece of interpretation of Reformation history. It is a film to be seen again and again."

"Martin Luther" has been cited by the National Board of Review of Motion Pictures for its excellence of production and its superb treatment of religious history. It was a top contender for the Academy Award for best black and white photography. It was selected as one of the 10 best pictures of the year by several of the nation's top newspapers. It was chosen from more than 400 films for the coveted first-night showing at the Seventh International Edinburgh Film Festival. It was also cited at the Melbourne and Vienna Film Festivals.

Understanding Teens: Community Challenge

(Last of a Series)

by RICHARD HANNER, Jr.

In "The Gift of Power," Lewis Sherrill writes, "The power to become is more than a right, more than a vision. It is an empowering. In this, as in the right, man has been given a great gift. But with this, as with the right, he has to claim it. It is within man, yet it is the power of God. It is the right to become that which we were created to be."

This is the plea of today's teenager, the right to become what he was created to be!

To claim the destiny for which a man was born to become a self—is indeed a lifelong process.

Its beginnings are even before birth, yet adolescence is the time of crucial decision.

* * *

ALL OF THE PAST experiences in life influence the course for the future! All of the present relationships in life are called upon to help decide tomorrow. And tomorrow and tomorrow brings new potentiality which aspires to an end which cannot be attained by our own unaided power.

The adolescent is called to an awakening, an awakening to the right to become. To recognize this is a mark of selfhood in man. To remain incognito to oneself is today's teenage tragedy. Many adults are inevitably involved in this tragedy. For it centers around interpersonal relationships. Parents, teachers, adult club leaders, church workers, all play a role in the final product; all must take some responsibility.

* * *

ADOLESCENTS TAKE their place in adult society facing the future on the foundation of the

Some have healthy and realistic attitudes regarding self and others; some are carrying into the future a large burden of unresolved problems.

Every teenager has problems in the sense that he cannot exist without running into obstacles. To live and to grow means to venture. The adolescent is a growing person and one who is growing is changing, and one who is changing must accept the potentialities as well as the risk that goes with change.

Sure, the adolescent who strives to realize his potentialities is bound to meet disappointments and frustrations. The more ambitious he is the more conflict he will feel between contending motives within himself.

Such problems are part of the business of living. But living is raised to a more enriching level when one is self-accepting. Perhaps this is one of the most important goals that adults can strive for—to help young people come to an acceptance of self.

* * *

A BASIC ACCEPTANCE needed is for one's own body. Many anxieties in life stem from an inability to view one's physical body as good and acceptable.

"Lizzie" in "The Rainmaker" had this problem.

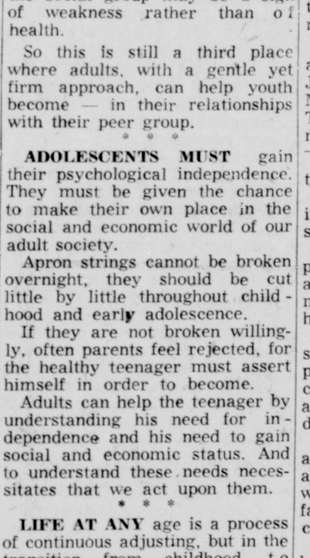
For the teenager this is closely associated with his sexual drive. At times this drive is used for a vehicle for other drives—as the need for mastery, revenge, conquest, competitive triumph. To become, to grow into selfhood, adolescents must be guided by the home, the school, and the church into an acceptance of their physical body and its complex drives.

Another mark of self-acceptance is when the hopes and demands which one makes on oneself are fairly well within the realm of possibility.

"Starbuck" in "The Rainmaker" was reaching for the moon, he spent his energy hitching his wagon to a star. It is unhealthy when there is so large a disparity between what a person is and what he thinks he should be.

This does not mean that there is not a place for ideals, and standards, and dreams, but ambitions should be developed in keeping with one's ability to attain them.

So here is another way in which adults can help youth become — help them keep in touch with



RICHARD HANNER

reality yet never losing their ability to dream.

* * *

SELF-ACCEPTANCE does not necessarily lead to being accepted by others.

Indeed, in the adolescent years when the peer group is the dominant influence, self-acceptance often gives one the courage to buck the crowd, which in turn may buck them.

But the heroes of the moment are not always those who are most sane, humane, and mature in their outlook.

Popularity is not always a sign of good social adjustment. The efforts of an adolescent to follow the crowd and to model his or her conduct on what is favored by the social group may be a sign of weakness rather than of health.

So this is still a third place where adults, with a gentle yet firm approach, can help youth become — in their relationships with their peer group.

* * *

ADOLESCENTS MUST gain their psychological independence. They must be given the chance to make their own place in the social and economic world of our adult society.

Apron strings cannot be broken overnight, they should be cut little by little throughout childhood and early adolescence.

If they are not broken willingly, often parents feel rejected, for the healthy teenager must assert himself in order to become.

Adults can help the teenager by understanding his need for independence and his need to gain social and economic status. And to understand these needs necessitates that we act upon them.

* * *

LIFE AT ANY age is a process of continuous adjusting, but in the transition from childhood to adulthood the individual is confronted with the necessity to make certain profound adjustments in emotion and conduct that are basic to all later adaptation.

During these years he is striving to reintegrate a changing personality on shifting ground.

Now basic changes are taking place not only in his own urges and aspirations, but in the demands and expectations made in his expanding world.

His striving for self is at once stimulated and threatened by profound physical changes, and consequent unwonted thoughts and feelings, and by conflicting demands of a world uncertain.

He is now childish, now like an adult, now betwixt and between, as he attempts to come to new workable terms with himself, his family, his peers, and his wider community.

Yet he has an empowering to become. This is his gift from God —to become a self—to become what he was created to be!

NEEDLE in the GROOVE

by PAUL LITTLE

by PAUL H. LITTLE

We're finding that more and more jazz discs are featuring original compositions over standard numbers, and it's all to the good. A prime example is Columbia's magnificent 12-inch waxing of "A Drum Is a Woman" by Duke Ellington and his great band, with some topnotch singers. The Duke has written an almost hour-long original which traces the history of jazz back to the West Indies, on through New Orleans, up into Harlem and back to Haiti. It's fascinating music, pungent with thythm and color so inimitably the Duke's very own idiom. We recommend this album as one of the finest ever issued on lp.

* * *

CAPITOL HAS 2 12-inchers by Les Baxter and his orchestra, "Skins!" and "Tamboo!" in which this versatile arranger-leader has written what amounts to orchestral suites spotlighting percussion and sultry Latin rhythms. You will recall his "The Passions," one of the most interesting documentary studies to be found on lp wherein music delineates the various human emotions. The two new waxings are done to a T, and they're stunning examples of hi-fi sound, too!

Norm Granz offers a sensational 12-incher entitled "Dixieland Jamboree," which is done jointly by the Santa Pecora Dixieland Band and Lu Watters and his Yerba Buena combo. We've seldom heard more authentic Dixieland; the disc features such favorites in that vein as "March of Mardi Gras," "My Louisiana," "Maple Leaf Rag," "Aunt Hagar's Blues," "Chanticleer," "Ostrich Walk," "High Society" and "Doing the Hambone." Powerful, hardhitting and compelling all the way!

* * *

"VISTAS D'ESPANA" (Capitol P-8367) stars the versatile jazz-classical guitarist Laurindo Almeida in hauntingly evocative music by Albeniz and Turina, which includes the former's "Malaguena" and "Cadiz" and the latter's "Sevillana" and "Rafaga." A superlative listening experience in Spanish mood music, and every subtle nuance of the guitar is emphasized by hi-fi reproduction. We must applaud the same firm for the 12-inch "Steinberg Conducts Wagner" (P-8368) on which the gifted William Steinberg leads the Pittsburgh Symphony in the moving Prelude and Good Friday Spell from "Parsifal," the rousing Prelude to "Die Meistersinger," and the exquisitly lyrical "Siegfried Idyl." Here is some of the finest music Wagner ever penned, beautifully interpreted and recorded.

From Columbia, Kurt Weill's remarkable ballet in song, "The Seven Deadly Sins" (ML-5175) with his wife Lotte Lenya the solo singer with male quartet and orchestra directed by Wilhelm Bruckner-Ruggberg. Written for the 1933 Paris ballet season, Weill's work already then showed his American influence of using banjo, piano and rich percussion with jazz motifs. This is a splendid listening experience, for which we have to thank the imaginative Goddard Lieberson, Columbia's president and erstwhile program director.

Buddy Laine Band At Drake Relays

Buddy Laine and His "Whispering Music of Tomorrow' has been chosen to replace Benny Goodman for the annual Drake Relay dance April 27 at Des Moines, Iowa. Goodman was originally scheduled to make the date. This is the second time in the past 4 years the Laine organization has been booked for this great occasion.

Buddy relates that dance band biz has shown an upward trend to dancing interest within the past year, and quote; "Give the people a nice dancing tempo, some personal attention, play their request and when you return for a repeat date, they'll be there to support you.'

For the past two years the Laine organization has been appearing on and off at the spacious Chevy Chase country club in Wheeling. The band is scheduled again in Wheeling 5 nights in May (Bill

Toll Road Linked To Expressway

A relocation of the Beloit end of the North Illinois tollway to enable the tollway to become a direct link in a federal-aid interstate expressway route across Illinois and Wisconsin was voted Monday by the Illinois State toll highway commission.

Charles L. Dearing, executive director, said that the action was taken on recommendation of the commission staff in order to cooperate with and benefit by a recent decision of the federal highway administrator as recommended by the bureau of public roads designating the Illinois toll highway as part of route FAI 01. FAI 01 will be from Chicago to Madison via Rockford and Beloit.

* * *

AS A RESULT, the North Illinois Tollway -- instead of terminating at route 51 near South Beloit, is to connect directly with the federal expressway east of route 51.

The expressway is to continue across the Wisconsin line to Janesville and will extend on to Madison and eventually to the Twin Cities of St. Paul and Minneapolis. (B7

Write Your State Legislator!

by REP. PAUL SIMON

What effect do your letters to legislators have?

You have a great deal of influence when we hear from you — but we don't hear from you as often as we should. There's probably more talk about letter writing than any other means of political action, but the hard truth is that Mr. and Mrs. Average Citizen seldom take the time to write.

If you would, you could change some of the major decisions the legislature makes.

DURING THE current session we will consider over 2,000 pieces of legislation, but I probably will receive mail on only 100 bills. The rest of them, 1900 of them, will go by largely unnoticed by the public.

Even on many of the big issues, the mail is surprisingly light.

On judicial reform — one of the most important issues — I don't believe I have received over 6 letters. On the constitutional convention proposal I have received none. And I could point out many other important issues on which we receive practically no mail.

Apparently the budget for public aid will be cut drastically. I have some serious questions as to the wisdom of this, but one reason it's happening is that there has been virtually no mail from anyone supporting the appropriations for public aid. Unfortunately, those who need the help of this program — and their friends — haven't expressed themselves. I don't believe I've received a single letter from my district indicating support of the public aid program.

* * *

ON MANY SMALL items we're snowed under with mail. Frequently it's not too difficult to determine the source.

Sometimes they come printed or mimeographed with the only change the sender's name at the bottom. Sometimes it's obvious the same typewriter has been used to send a large number of letters signed by different people. Sometimes there are a raft of letters from people, each word for word the same.

All of these letters help — but they're not as effective as the spontaneous sincere letter from an interested citizen who is aroused by one thing or another. This type of letter is in the minority and it swings real weight.

Telegrams and petitions help also, but they're still not as powerful as the simple, plain letter that says something from one sincere resident.

* * *

WHY ARE letters important? They're important for 2 reasons:

1) All legislators will pay close attention to the issues which interest the people in his district. It is impossible for each of us to thoroughly study all of the bills; when we receive mail on an issue, we make it a point to study that issue if we haven't already.

2) Your letters often change votes. This will vary with the legislator. Some view their position as primarily to reflect the opinion of the "folks back home." With this group your letters carry tremendous weight. Others — and I include myself in this group — feel that our duty is to study issues thoroughly and then vote our convictions. Here again your letters are important because they frequently bring additional information or new insights into what we're considering. In this way those letters change votes.

* * *

IF YOU HAVE convictions on any legislation, you should invest in a postcard or 3-cent stamp and help to make democracy's decisions.

In someways, it's just as important as the vote you case in November.

50 Years Ago

April 19, 1907

While we did not favor the election of A. F. Volz, yet we accept the verdict of the majority and shall always accord him a fair hearing and treat all his public acts with justice and impartiality. Volz is a young man of ability and has a splendid chance to make a good record. The village finances are in fine condition with a cash balance of over $2,000 in the treasury. The water works and sewer contracts have been wisely awarded so his responsibility will only require the carrying out of plans already well laid out.

THE THAW jury disagreed and the long trial of the muderer of Stanford White ended without result. Thaw was remanded to the Tombs without bail to await a new trial. Thus closed the most remarkable trial in New York's criminal annals. The trial cost the State, it is said, not less than $78,000. Conservative estimates place the cost to the defense at $235,000.

The marriage of Miss Sophia Quindel and Mr. Herman Spanhake occurred in the Schaumburg Lutheran church Sunday, April 14, and was celebrated by over 500 friends at the residence of the bride's father Charles Quindel. The young couple are popular and it took a large number of invitations to reach their friends and the excellent accommodation Charlie has for entertaining large crowds together with his noted hospitality, made it an affair that will be talked of for some time.

Palatine—The election Tuesday was a surprise to everybody. The new board won in a walk-a-way. This is largely due to the expressed desire of two of the old members, that they be not re-elected.

The returns are as follows:

For president, A. S. Olms, 145.

For president, scattering, 12.

HANOVER'S new fangled calathumpian band, composed of Aug Heine, base viol; John Berndt, violin; Henry Heine, Sr., horse fiddle; Aug Ackman, snare drum; Henry Heine, base drum; Albert Heine, tamborine; Louis Heine, cornet; Fred Volkening, base horn and a jolly crowd of Hoosier Govelts with tin pans, etc., met at the home of their leader, Fred Volkening, Sunday evening for regular practice, but finding their musical instruments of torture were out of tune they left them at the resort and continued on their way to surprise their friends, Henry Volkening and wife, in honor of the 25th anniversary of their wedding. It was a glorious charivari and serenade, a happy event for all.

Farmers are just beginning to realize what the high prices for wheat and other grain is going to mean to them. Last week a neighboring farmer received at the Roselle Mill over $185 for two loads of wheat. The same week a farmer near Barrington made six trips to that town with his spring wagon and for his wheat received nearly $375. A Staples Corner farmer has seen the "hand writing on the wall' and has sold nearly $700 worth of his stock and cattle that he might devote all his time and energies to raising grain. But, the best example of what the high prices mean to the farmer was the first of the month when George Klehm and his son shipped two car loads of wheat to the Chicago market which netted them over $2.00 a bushel.

ON ALL SIDES are heard stories told of the big prices in civil war times. Those were the days that many of the Schaumburg fortunes were made. Are those days to be duplicated. Lucky is the man who owns a farm. Here is his opportunity to make more money than he ever dreamed of making.

Mt. Prospect—Will the farmers have the courage to avail themselves of the city high school lads for hired help?

But after all, is the "slacker" so much to blame? There is a shortage of men in every line of business all through the country which is just as serious as fighting men in this "modern warfare."

Palatine's new sewer disposal plant project which has been hanging fire for many months, has been definitely rejected by the Federal government.

This issue carries many advertisements of "Help Wanted." In fact there are 22 ads this week in which someone is wanting to employ someone else. This certainly means that business is better and that times are better. A year ago the Want Ad columns were carrying practically no "Help Wanted" ads.

New Suburban Officials Must Face New Challenges

A housewife heaved a sigh of relief this week and swept her front stoop clean of the last election debris. Phones and doorbells have stopped ringing, neighborhood conversations are reverting to more regular channels of conversation, and civic apathy once again settles heavily over the area.

The hammer and banner political campaign has ended.

Suburban government has been entrusted to its keepers for the next 4 years—and many voters will settle back in threadbare Morris chairs and forget all about the issues and problems so hotly argued just a few days before.

Life in suburbia is becoming more complicated than ever.

City-dwellers, fleeing to the "country" in ever-increasing swarms, are becoming disillusioned to find themselves smack up against almost identical problems in the village as they confronted in the city.

How disheartening to envision rolling pasture and green trees and find nothing but flat pasture subdivided into 60-ft. lots and the green trees in danger of ravage by Dutch elm disease.

After gleefully signing a 30-year mortgage and buying a new car and furniture on time, our new suburbanite settles down to what he hopes will be worry-free existence.

He is enlightened, however, as to the inadequacy of local sewers after the first big rain. A representative of the PTA soon calls on him and brings him up-to-date on the most current crisis in the school finance merry-go-round.

Our new resident cannot help but notice that youngsters engage in activities which make the pranks of ante-bellum childhoods pale by comparison.

He finds the traditional "keeping up with the Joneses" has been slightly altered to "keeping up with the loan payments." Soon his wife must go to work in order to make ends meet, and the kids are left to shift for themselves. But there's always comic books, TV, radio, and the "unsettled times" to blame when the inevitable happens.

Perhaps the most dismayed of all is the "old timer" who moved to suburbs in pre-depression days when the towns were merely quaint imitations of refined country villages. Needs were simple. Life was uncomplex. The few necessities of community life were adequately handled by a board of trustees and an honorary chief executive. Planning was non-existent, regarded as a wastrel's dream.

But in the past few years the whole character of suburban living has been revolutionized. The rural personality of such villages has been wiped away with a single scoop of the bulldozer. Mammoth housing projects have funneled hundreds of new residents—with new problems—into new communities.

Village utilities have become outmoded. Schools are splitting at the seams. Towns are sweating out their revenue problem, wondering where the next dollar is coming from. The "country atmosphere" of suburban living is disappearing. To find that kind of environment, we must press out even further from the city.

The suburb, of course, is only 1 facet of American life that is undergoing change. As technological and industrial advancements are made, living becomes more complex and standards rise. A whole new generation that 25 years ago could never have considered a life outside of Chicago's southside are finding it possible to provide their families with a better way of life, materially.

The newly-elected officials of these suburban towns must answer the challenges of schools, sewers, delinquency, taxes, zoning, building, parks, planning, parking, etc. They and their constituents must survey their community with eyes wide open.

The good old days are gone, and gone forever. Yet, the basic charm of the suburb still lingers and is still the key to a better way of life.

A united community working cooperatively with planning and foresight can overcome the confused questions of rapid growth and change. With this approach, the suburb can continue to fulfill its destiny as an ideal environment for family living.

They did it again. This makes he second time Wood Dale has lost an opportunity to keep the taxes low. Honor Dead

As commander of the 86th AAA Missile Bn., with headquarters at the NIKE missile site at the former Arlington airport, I am happy to inform residents of Arlington Heights that authority has been granted by the Army Antiaircraft Command to dedicate local Nike Sites to the memory of selected, deceased Army antiaircraft artillerymen, whose names appear on the roster of local war dead.

We would be pleased, if there is a name which the community should choose to sponsor in memory of a local war hero, to dedicate our Site at Wilke and Central Roads, in that name.

Our installation will continue to be an area of constant growth and development in the community, and we hope to play an ever increasing role in the concurrent growth and development of Arlington Heights. We hope that the dedication of this site might serve not only as a memorial, but to further emphasize our relationship and the mutual benefit and progress we hope to engender.

Village Theatre Deserves Support

Community theatre is becoming an increasingly popular avocation for northwest suburbanites.

An outstanding example of this renewed interest is Arlington Heights' vigorous Village Theatre, Inc., which will climax a most successful season this month with a production of an adult comedy, "The Tender Trap."

The play will be presented April 25, 26, and 27 in the new Little Theatre at Arlington high school.

A record demand for tickets has already sold out one evening's performance with supply for the two remaining performances rapidly diminishing.

Some will undoubtedly be turned away from the door.

The fortunate theatregoers will be those patrons of Village Theatre who purchased season tickets. This not only marks them as supporters of an outstanding community theatre movement, as well as assuring them of better seats for Village Theatre's adult plays.

The patron plan has become popular with northwest suburbanites. Applications are now being accepted for patrons of Village Theatre for next season, when 2 or 3 adult plays will be produced.

Village Theatre, with its "new look" and competence exemplified in the current season, is a community project well worth community support and attention. We enthusiastically recommend the patron plan.

Farm Animals Needn't Worry About Next Meal

by L. H. SIMERL

The nation's pigs and other farm animals can stop worrying about where their next meal is coming from.

Feed supplies will probably continue at near record levels for at least another year. The large supplies will continue to bear down on prices. And price support levels announced for 1957 crops are slightly lower than those on 1956 crops.

* * *

IT IS TRUE that the acreage of corn will probably be reduced substantially, but many farmers aim to produce more of other feeds. This is evident from the USDA survey and report of prospective plantings released in March.

The March report says that "corn plantings may total 74.4 million acres, the smallest in 70 years, or 5 per cent less than in 1956 and 11 per cent below the 1946-56 average."

Farmers in Nebraska are cutting corn acreage most, about 21 per cent. Most of the cuts are probably on their nonirrigated dry land, which did not produce much last year. Iowa farmers are cutting about 5 per cent and Illinois 3 per cent. Ohio is cutting 4 per cent and Missouri 6 per

Two important states, Indiana and Minnesota, will plant about the same as last year, but more than their 10-year average.

The acreage of oats is forecast at 43.5 million acres, 3 per cent less than last year, but only 1 per cent less than the 10-year average. Most of the reduction apparently is on the low-yield lands of Nebraska and South Dakota.

Farmrs reported that they would plant 16 million acres of barley, 9 per cent more than last year and 30 per cent more than the 10-year average. The largest increases are in Montana and North Dakota.

Indicated plantings of sorghums total 26.5 million acres. This is 23 per cent more than last year and 74 per cent more than the 10-year average. The acreage expected to be harvested for grain is 15.6 million, 67 per cent more than last year.

Hay acreage shows little change, being down 1 per cent from last year.

Over two-fifths of next year's feed grain needs are already in the bin. Carryover stocks of old grains will be about 50 million tons compared with annual needs of about 118 million. With yields equal only to the 1951-55 average, total production will be 119 million tons, making a total supply of 169 million tons. Average weather, however, will make larger than average yields, so the total supply of feed grains may be near the record supply of 173 million tons available this year.

Illinois farmers are putting a little more corn under loan than last year, but other states are not. The increase in Illinois reflects bumper yields of the 1956 crop. It now appears that farmers will place about the same amount of corn under loan as they did last year, 421 million bushels. This may not be enough to tighten up the market supply this summer.

The CCC sold 140 million bushels from October 1 to March 20. This was nearly as much as was sold by CCC in the entire 1955-56 marketing year. CCC is expected to reduce its sales in the late spring and summer, but farmers, particularly in Illinois, have more corn yet to sell than they had a year ago.

In Washington, the unusual interest in cutting federal spending will help to block any new program for cutting production of corn and other feed grains.

April 30 Deadline On '56 Wool

April 30 is the final date for filing applications on wool shorn on or after January 1, 1955, and sold during the marketing year, April 1, 1956, through March 31, 1957, or on unshorn lambs sold during the 1956 marketing year.

Producers must make applications for payment on eligible shorn wool or unshorn lambs not later than 30 days after the end of the 1956 marketing year.

PRODUCERS who sold shorn wool or unshorn lambs after March 31, 1957, are not eligible for payment under the 1956 program; however, they will be eligible for such sales under the 1957 program. (Fm

Mums The Word This Spring

When you start working in your flower garden this spring, give the chrysanthemums some first attention.

C. E. Ackerman, University of Illinois floriculture specialist, says that spring is the best planting time for mums because they can then have a full summer's growth before cold weather.

Use varieties that will bloom before October 15. Those that flower after November 1, usually die in an early fall breeze before they bloom.

* *

YOU CAN either divide the crowns of old plants and transplant them or buy potted mums from a florist. When planting or transplanting mums in the outdoor garden, place the plants just as deep in the new location as they were in the former one. Firm the soil about the root system to establish good contact of soil with roots.

For best growth and appearance, mums should have full exposure to the sun. They grow well in a wide range of soil types — from light sandy loam to heavy clay loam. They require fertilizer and water more often on sandy soils than on clay soils. Regardless of the type, though, the soil must be well drained.

WHEN MUMS are about 12 inches long, cut the stems back to 6 inches. This will be about June 10. Several new shoots will grow on the cut stem. When they are about 12 inches long, cut them back to about 6 inches again.

Cutting back induces a bush-type plant with abundant flowers. But don't cut back the shoots after August 1. (FP

I SPOKE to a group of 35 students at the Proviso High school this past week. These students were interested in knowing more about a career in agriculture. It was quite a surprise to me when 29 out of 35 indicated that it was their intention to attend college.

I think some will attend the University of Illinois, College of Agriculture. There was not a single student in the group that lived on a farm.

One young lady asked the question, "What chance will we town kids have studying agriculture against those raised on a farm?"

There are many careers in agriculture that do not require a farm background.

WHILE AT Proviso I checked with the cafeteria manager about the 1/3 quarts of milk in the lunch program. Proviso serves between 3000 - 4000 1/3 quarts of milk daily. Students are pleased with this additional milk.

If a student is to drink a quart of milk a day surely he should get 1/3 quart during the school day.

I VISITED on the farm of Faustin Zeller. He showed me where the toll road came through his farm. It will divide his farm into 2 pieces. He will have approximately 75 acres on 1 side of the toll road and the balance of his farm on the other side. The road itself takes 22 acres. After the road is completed he will have 2 big problems to deal with. One will be the inconvenience of having part of his farm across the toll road and the other will be his drainage problem.

Many farmers are faced with these and many more difficult problems.

FROM TIME TO time during the summer I receive calls from people wanting to know how to control crab grass. There are 3 chemicals that will control it fairly successfully.

Potassium Cyanate (KOCN)

Mix 7 tablespoons with 2 gallons of water. This will treat 1000 square feet.

PMA (10 per cent active ingredients) In Scotts product this is known under the trade name "Scuttle." Mix 4 tablespoons in 2 gallons of water. This is enough for 1000 square feet.

SODAR - Tri Sodium Arsenate. This is the third, apply according to instructions on the container. Caution: This material will drift to your shrubs, flowers and vegetable garden. It will damage all 3, so watch this carefully.

One last precaution is always follow the instructions and mixing proportions on the label, regardless of what you have read elsewhere, including this column. The manufacturer knows more about his product than anyone else. (FP

Agriculture Scholarship Tests Scheduled April 27

High school students will take a county-wide examination Saturday, April 27, for 2 scholarships — —1 each in agriculture and home economics — from their county to the University of Illinois College of Agriculture.

In addition, 1 general county scholarship and scholarships for children of veterans in each county are also available for use in any college of the university. They will be awarded on the basis of the same competitive examination as the agriculture and home economics scholarships.

* * *

ACTING DEAN R. C. Ross of the College of Agriculture reports that each of these scholarships covers tuition charges for the regular 4-year course in the college. For 4 years of college the scholarships are worth from $520 to $600.

Contact your county superintendent of schools if you want to take the examination, Dean Ross suggests. Many counties have failed to take advantage of these scholarships in past years.

Many cash scholarships are also available for students at the University of Illinois. You may write for application blanks to the College of Agriculture, 104 Mumford hall, Urbana, or to the Director of Admissions, University of Illinois, Urbana.

* * *

HIGH SCHOOL students will have a chance to get answers to all of their questions about the university and to get full information about scholarships and other problems relating to college work at the annual Student Guest day on the campus in Urbana Saturday, April 13.

All high school students interested in learning more about college work and visiting the campus are cordially invited to attend, Dean Ross says.

Student guest day will also include special sessions for students who are primarily interested in the field of dairy technology or agricultural journalism. (FP

Bormet Tells Affects Of Underplanting

Carl M. Bormet, chairman of the Cook County ASC committee, states that farmers who have underplanted their acreage allotment for wheat may retain the history of their farms for allotment purposes under the Agricultural Stabilization and Conservation program.

Farmers who wish to preserve this past acreage history for future acreage allotments must notify the county ASC office of their desires by signing and filing a proper request form.

* * *

IN 1956, if 75 per cent of the acreage allotment on a farm was planted to wheat, the farm would receive full credit in history for planting the full allotment.

For 1957, however, to receive full credit the entire allotment must have been planted to wheat or placed in the wheat acreage reserve for 1957 except that if the landlord or tenant signs the proper request form on or before May 1, 1957 the farm will be given full credit for planting the entire allotment even though no land was planted to wheat or put into Acreage Reserve for wheat. Safety makes Sense

Old man Hawkins never did like to dress up—wore his overalls everywhere he went. Miz Hawkins use to keep after him to clean up and dress up, but he'd just say, "Why? Everybody knows me around here."

They did, too, and would have been sort a shocked to see him in a white shirt and tie once. Well, last year the Hawkins's decided to go to New York for a vacation, and as they were gettin' ready to go, she said "Now pa, I want you to take some good clothes along so you can dress up." But he repeated, "Why? Nobody knows me over there!"

up time. I'll bet the children's toys, old newspapers, and other odds and ends have accumulated around your corners and on your stairs all winter too. It always astounds me to find how much junk our three boys and I drag in for my wife to find a place to store. We're all alike too — never need anything until it's moved or thrown away. But a fast trip downstairs on one roller skate did the most to convince me that we'd better put things away even if they were right handy inside that back door.

Falls are the cause of more accidents than anything except automobile wrecks. Don't be too sure it won't happen to you. I read the other day about a fellar who

"Laughed when they told him the ladder was weak, And remarked it would hold half a ton. It cost him a hundred to settle the bill When the doctor and nurses were done."

JUST BE CAREFUL and don't fall down while you're reading this from the mailbox to the house.

Here Are Some Helpful Hints For Your Home Landscaping

All the plants around your home — trees, shrubs, vines, annuals and perennials — are part of the setting. Plantings around the foundation are meant to tie the house in with its surroundings. But plantings need not and often should not be limited to the area next to the foundation.

For best results, you'll want to keep some basic ideas in mind:

AIM TO INCREASE the attractiveness of your home rather than make it merely a background for the plants. While foundation plantings should have enough variety to give interest, they should not be so varied that they detract attention from the house.

Repeat the balance of the house in the plantings. If your house is symmetrical, the windows and the architectural arrangement are the same on each side of an imaginary line drawn through the middle of the house. You will want to repeat this balance in the plantings. With an asymmetrical design, you'll want to follow an informal balance, with variation in plant heights and groupings near corners and entrance.

* * *

LET GRASS GROW right up to the front of the house in places — if the foundation is attractive. When your house has only a 4-to 5-inch foundation, you'll find it appealing to leave a portion of the foundation exposed and let grass grow right up to it. If the foundation is high, however, you'll get a better effect by screening it entirely.

Tie in foundation plantings with other plants in surrounding areas. Small groups of plants along the drive or walk may be used to extend the plantings away from the house. Then lawn, plants and house all become one unit instead of giving the impression that here is a lawn and there a house with some plants around it.

In contrast to the previous suggestions, here are some things you won't want to do if you are to get the best results in landscaping your home:

DON'T indulge in a great variety of shapes, colors and textures.

Don't conceal attractive brick or stone with too many plants.

Don't cover windows with plants.

Don't have all the plants hugging the foundation. (FP

Cancer Crusade In 13 Towns Here Wednesday

"There's a time when it's all right for a wife to nag her husband," William C. Lathen of Arlington Heights told a group of women last week in a talk urging support of the Cancer fund-raising campaign Wednesday in the northwest suburban area.

* * *

A WIFE SHOULD urge her husband to have an annual physical and make sure "cancer isn't creeping up on him. If he is ok, he'll feel wonderful; if cancer is discovered, you may have saved his life," Lathen, area campaign manager, added.

Volunteer workers will make a house to house canvass Wednesday for funds to continue cancer treatment and research.

* * *

"THE PROGRAM is more than fund-raising," Lathen noted, "we hope to educate every family to the idea of a regular check-up. A lot of people don't realize that cancer isn't just a 'woman's disease' anymore. Of every 100 deaths from cancer since 1949, 52 have been men and 48 women," he said.

Sixty cents of every dollar raised by the Illinois division of the American Cancer society during the April campaign will be used in the state for cancer control, Lathen added.

Sixty per cent of the fund will go to support local education and service projects such as those carried on by the Northwest Suburban chapter of 121 S. Emerson, Mt. Prospect.

* * *

THE CHAPTER provides hospital beds, wheelchairs, dressing and other sickroom equipment for cancer patients. It also has available films on cancer control for loan to schools and organizations.

The remainder of the fund is used for cancer research, administration of national educational programs and for medical grants and scholarships.

"Only 2.8 per cent goes for general administration and 2.4 per cent for fund-raising expenses," Lathen said.

DRESSINGS, SICKROOM equipment, and supplies as well as hospital beds and wheelchairs are available free of charge to cancer patients from the northwest suburban chapter office in Mt. Prospect, one of 26 such centers throughout the state. Pictured with some of the equipment, purchased with voluntary cancer contributions, are Wheeling fund drive workers Mrs. Gordon Barrie, Mrs. Louis Rainer, Mrs. Peter LiPuma, and Mrs. Amy Plymale.

Every Month Cancer Control Month In Northwest Sub. Chapter Area

Congress set April aside as Cancer Control month.

But at American Cancer society offices in Illinois, every month is set aside for the services of the ACS.

At headquarters office for the northwest suburban chapter, 121 S. Emerson, Mt. Prospect, the year-round cancer volunteers have more than doubled their ranks this month to wage their greatest battle of the year against cancer during the April Cancer Crusade.

Next Wednesday, all residents will be asked to help in the fight against cancer. They will be asked to give to continue and expand the ACS programs of research, education, and service.

But they will also receive cancer information. In Capsule form, the public will be told how to recognize the first signs of cancer and how to guard against the disease by a yearly physical examination.

The Mt. Prospect office, which serves 13 northwest suburbs, is one of 26 information centers in Illinois. Here, cancer patients may come for confidential counseling of their needs and problems.

HEADED BY the executive secretary, Mrs. C. H. Rosene, the center works closely with volunteers and professionally-trained people.

"The center is actually a clearing house, actively helping those who need help through the cooperation of the medical profession, resource agencies and volunteers workers," explained Mrs. Rosene. "A year-round program is maintained at the center by the Illinois division. It's an active program — designed to save lives and to relieve or minimize suffering from the disease."

Volunteers devote many hours each week attending to a variety of services to assist cancer patients.

Dressings, small sickroom equipment and supplies are provided from the loan closet for use in the home. Hospital beds and wheelchairs are also available without charge.

* * *

THE CENTER is essentially involved with the counseling of patients to determine their needs. The executive secretary conducts interviews with a sympathetic and full understanding of the nature of the disease and the psychological problems involved.

In the field of public education, during the year-round program the center is engaged in the setting up of programs in schools and clubs and arranging for film exhibitions to the general public.

"Alerting the public to the 7 danger signals of cancer and urging regular medical check-ups through the educational program is not only a function of the Cancer Crusade but a year-round project," said Mrs. Rosene. "The recognition of cancer and its early treatment is one of the reasons why 1 out of 3 persons who have cancer is now being saved."

Headquarters phone number is CLearbrook 3-8148.

VOLUNTEER WORKERS prepare dressings, available in many sizes from chapter headquarters, 121 S. Emerson, Mount Prospect. Left to right are Mrs. Roy Hammond and Mrs. Frank Kolerus, members of the board, Mrs. Walter Johnson, public education chairman, and, standing, Mrs. Charles Kimball, board member.

Where Do Your Cancer Dollars Go?

Sixty cents of every dollar raised by the Illinois division of the American Cancer society during its appeal Wednesday will be used within the state for local cancer control programs, announced William C. Lathen, northwest suburban campaign chairman.

The house-to-house canvas will be held in most suburbs all day Wednesday.

* * *

THE 60 PER CENT support goes to local educational and service projects such as those carried on by the northwest suburban chapter at 121 S. Emerson, Mt. Prospect.

Twenty-five per cent supports a national program of cancer research conducted by more than a thousand top scientists in 140 institutions.

Twelve per cent is used by national headquarters to administer nation-wide programs of education and service. Only 2.8 per cent goes to general administration and 2.4 per cent to fund raising.

* * *

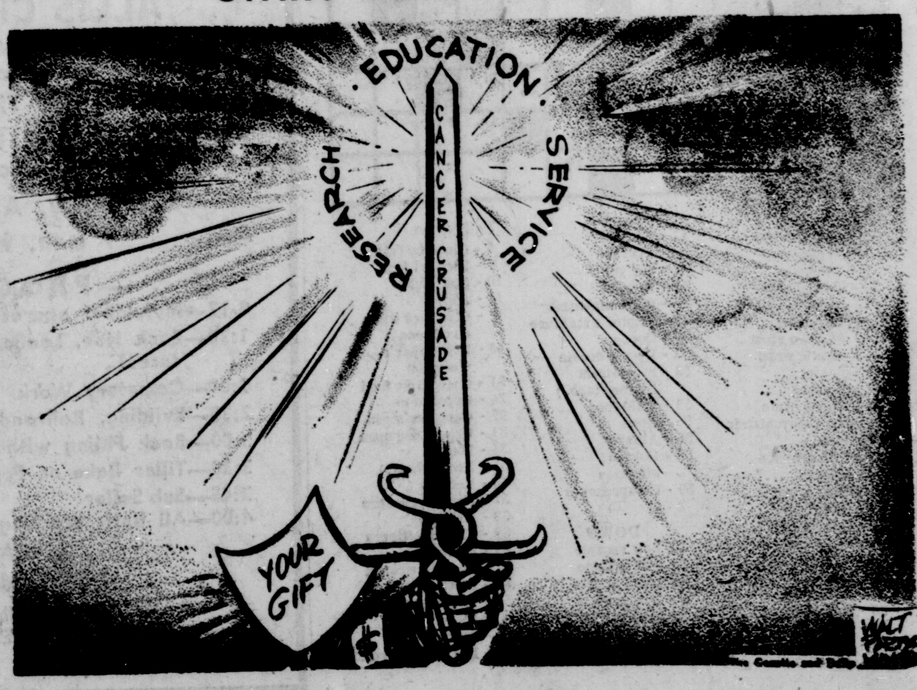
THE REMAINING 3 per cent provides medical grants, scholarships, and fellowships. Since 1951, nearly 600 young scientists have received advanced training in cancer research.

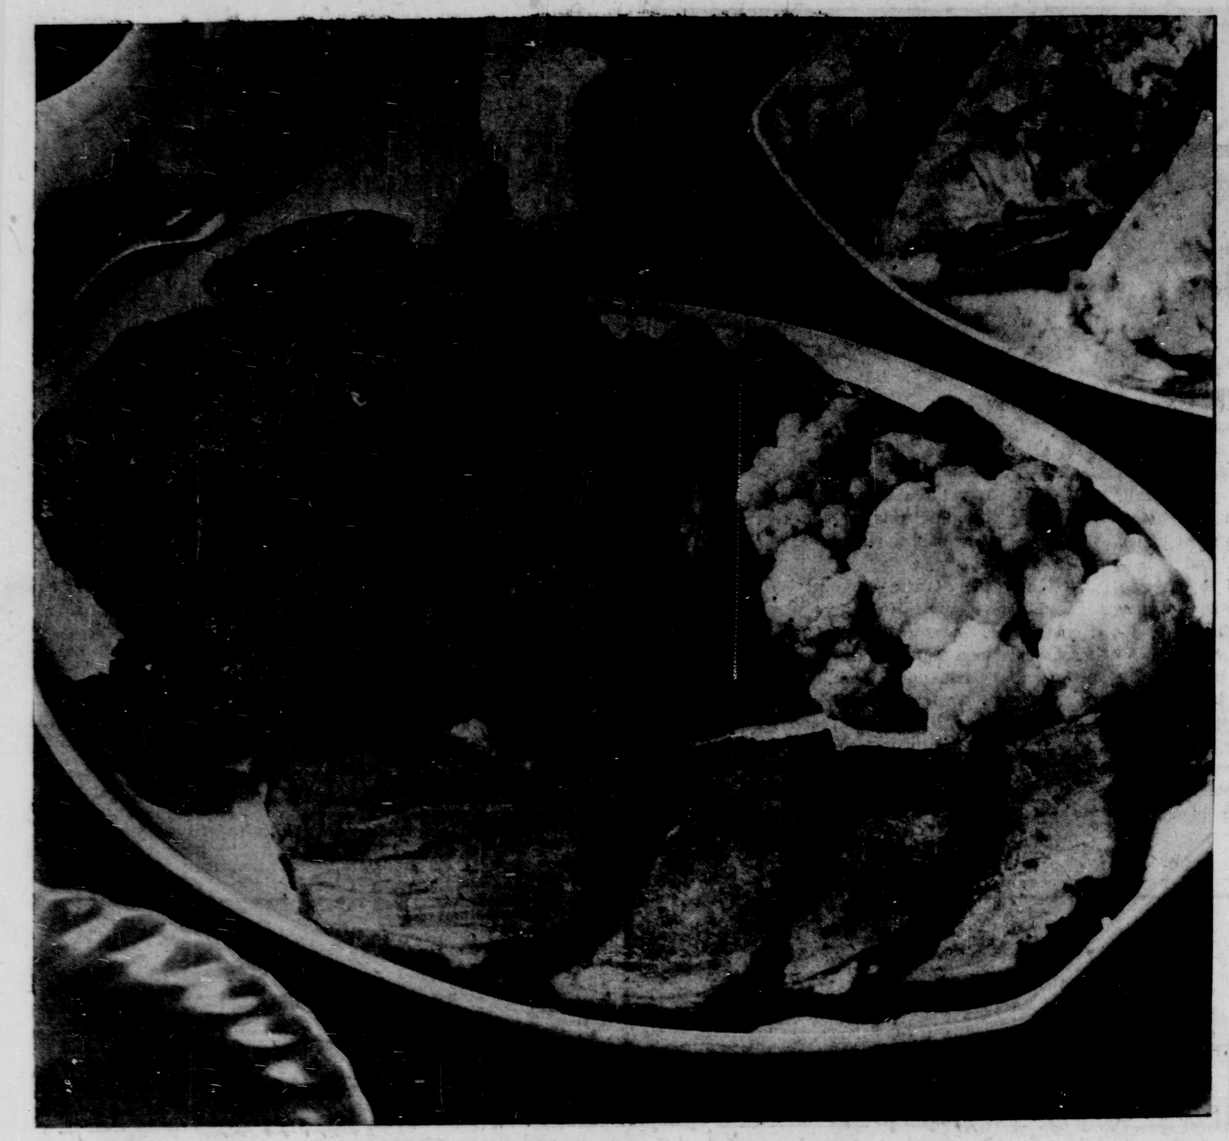
"Incidentally," said Lathen, "I want to make it quite clear that the campaign workers who attended luncheons in Chicago did so at their own expense. Not a dime of the society's funds goes to these hard-working people who contribute so generously of their time.

THREE OFFICERS of the American Cancer society's northwest suburban chapter are William Lathen, general fund campaign manager, Dr. Keith Wurtz, vice chairman, and George Glow, general chairman.

FUND CAMPAIGN LITERATURE for next Wednesday's Cancer Crusade in 13 northwest suburbs is presented to Mt. Prospect fund chairman Mrs. Henry Peters by Mrs. C. H. Rosene, executive secretary of the northwest suburban chapter. At right is Mrs. Joseph Schmoeller, Wheeling fund chairman.

Strike Back At Cancer





THIS VEAL RUMP ROAST was browned in hot fat, then braised in a sweet-sour sauce. It could have been cooked by dry heat—oven roasted—with bacon or salt pork strips covering it. Cauliflowerets and carrots accompany the juicy pot roast.

SAVORY VEAL POT ROAST

5 pounds veal rump roast
3 tablespoons flour
1 teaspoon paprika
2 tablespoons lard or drippings
1 tablespoon dry mustard
1 teaspoon basil, marjoram, or poultry seasoning
1 tablespoon brown sugar
1 tablespoon salt
¼ teaspoon pepper
1 small onion, diced
2 tablespoons vinegar
¼ cup water

Roll veal in flour mixed with paprika. Brown in hot fat in a large, heavy pan. Add mustard, basil, sugar, salt, pepper, onion, vinegar, and water. Cover pan and cook over low heat about 2½ hours, or until meat is tender. (To test doneness, pierce the meat with fork to determine tenderness.) To thicken drippings for gravy, blend 1½ tablespoons flour with ¼ cup water, then slowly add to drippings in pan. Continue to stir while cooking until gravy boils and thickens. Taste for seasoning adjustment. 8 to 10 servings.

1-Bowl Chocolate Cup Cakes Are Quick And Easy To Make

by LOIS SEILER

Quick and easy to make and delicious to taste are the chocolate cup cakes we are featuring this week.

The recipe has been shared with us by Mrs. Stuart F. Atsatt, and it is one of her special favorites, along with a Minute Boiled Frosting with which she ices the cup cakes.

These cup cakes can be prepared in a jiffy. All of the ingredients are mixed together in one bowl and the cakes are baked for 10 to 15 minutes. The frosting, too, is prepared in the same manner, with all of the ingredients combined in one saucepan and boiled for 1 minute.

The chocolate cup cakes are moist, light-textured and will stay fresh for days. They freeze well, too, and are wonderful to keep on hand in your freezer for unexpected guests, or as a ready dessert treat for the children in the family.

Like most children, the Atsatts 2 sons, John, 13, and Tommy, 10, love these tasty cup cakes, and busy mothers will appreciate the easy method of preparation.

The Atsatts moved a year ago from Minneapolis, to their home at 802 Milburn in Mt. Prospect. Mrs. Atsatt is a member of the Tri-City Bowling league and also attends a weekly class in tailoring and dress design.

One Bowl Chocolate Cup Cakes

1 egg
1/3 cup cocoa
1 teaspoon vanilla
½ cup salad oil
1½ cups sifted cake flour
1 teaspoon soda
1 teaspoon baking powder
½ teaspoon salt
½ cup sour milk
1 cup sugar
½ cup hot water

Break egg into mixing bowl. Add the cocoa, vanilla and salad oil. Sift the flour, soda, baking powder and salt together into the bowl. Add the remaining ingredients and combine thoroughly with a rotary beater. Pour into greased muffin tins and bake in 400 degree oven 10 to 15 minutes. Makes 18 cup cakes.

Minute Boiled Frosting

Place in a saucepan:
2 ounces chocolate, finely cut
1½ cups sugar
7 tablespoons milk
2 tablespoons shortening
2 tablespoons butter or margarine
1 tablespoon corn syrup
¼ teaspoon salt

Bring slowly to a full, rolling boil, stirring constantly, and boil briskly one minute. (On a rainy or very humid day, boil mixture 1½ minutes.)

Cool to lukewarm and add:
1 teaspoon vanilla.

Beat by hand until thick enough to spread. Will cover two 8-inch layers or an 8 by 12 inch cake.

Any left-over frosting may be combined with nuts and used as fudge. (S

Delta Zetas To Model 'Did It Myself' Fashions

Mrs. James Viger, Mt. Prospect, and Mrs. Henry Korff, Arlington Heights, will be hostesses to members of north suburban chapter of Delta Zeta alumnae at a spring luncheon Saturday, April 27, 12:30 p.m. at Park Ridge Country club.

An "I Did It Myself' fashion show will highlight the afternoon, with members of the alumnae chapter modeling spring ensembles they have made themselves. Mrs. Carl Hyltman, Glenview, will act as commentator for the review. Mrs. Henry Hill, Glenview, is chairman of the show.

June Kraft Moser, contributor of feature articles to the Chicago Tribune, herself a Delta Zeta alumna, will speak to the group on how she combines mothering her family of 5 with a writing career.

Guests will be 18 seniors of Alpha Alpha chapter of Delta Zeta at Northwestern university. Alumnae will hold "little reunions" at various tables decorated for grads of the 20's, 30's, 40's and 50's.

Election of officers for the coming year will take place after luncheon, according to Mrs. Sidney Frisch, Highland Park, outgoing president.

An exhibit on the sorority's philanthropy project, a camp for diabetic children in Lake Geneva, will be shown by Mrs. John Farley, Park Ridge, service chairman.

Milord Of Mortgaged Manor — THURSDAY, APR. 18, 1957

It's Still True: Male Is Most Colorful Of Species

by CHUCK BENNETT

With some notable exceptions, the male of the species is always the more colorful.

This is common knowledge to all but milord of mortgaged manor. If you think he's going to give up without a struggle, well you underestimate the determination of this suburban male. And the manner he uses to fight would shock both the Marquis of Queensberry and Beau Brummel.

LET'S TALK a minute or 2 about the modern suburban male—that unique fashionplate—as he is seen dressed for an evening out.

To talk about him with any degree of authority, we have to delve back a bit into his history. As you might remember, he wore drab service colors for a number of months. When the enemy stopped shooting at milord, he made a beeline for the nearest men's wear store for something loud or something "different."

What developed was a cult of individuality in men's fashions, a cult that still defies the dictates of the "Ivy League."

REMEMBER BACK before the war, when party givers weren't afraid to indicate the desirability of formal attire? When Joe got himself mustered out, he declared war on regimented formal attire. Yes, it was the suburban male and his buddies who caused the temporary demise of tuxedos and tails.

Informality, even at formal affairs, was the catchword and the dark suit was permissable. When some enterprising designer took a good look at things and realized the need for more color in formal wear, the suburban male came alive again.

In an effort to take the spotlight away from milady, the old man now gets himself jigged up in formal wear that might well have come from some comedian's wardrobe—plaids, colorful solids, and two-tones.

But, that's formal wear. What about the common man who is still paying off the mortgage?

REMEMBER WHEN a tie was a pretty substantial piece of material? Well men's designers, with milord's full knowledge, took turns in fads featuring shoe strings. Then they fattened the shoe string up and squared off the bottom. When they introduced new shirt collars, the skinny tie had to be double knotted to be seen ,so they introduced the bigger tie. Now ties are somewhere's in-between, lengthened for double duty, as emergency suspenders.

Much more than collars had to change on shirts to keep up with milord. White, plain and simple, once was the sign of a finished dresser. Then, if you wore white before 6 you just weren't with it. Now, if you wear a plain color you're a threat to the cult.

DOTS, PLAIDS, stripes, appliqued flowers, yes, even ruffles, are milord's battlement.

Suits, too, have gone through numerous phases. Not too many years ago the lapels met down around the belt line. Today, they are meeting up around the adams apple. For a while, designers promised 'a figure built into every suit coat.' Today, brother, you're on your own.

About all that has happened to shoes in their color. Time was once that it was perfectly all right to wear brown shoes with almost anything short of formal. Not today — milady's stock of shoes doesn't look so complete when compared with what the well dressed male "should" have.

SOMEWHERE back there about 8 paragraphs we lost milord of mortgaged manor. He really wasn't lost — he's in there somewhere, a rather unstable aggregate of everything that has come and gone in men's fashions since 1945.

Whenever you find him dressed for an evening out, you can be sure he'll be mixing his periods.

Another thing of which you can be sure — whether it is a clash of colors or the latest suit cut — milord isn't giving in to the fact that milady is still the most colorful of the human species. (S

Dolores Villadonga Is Mrs. Robert Sklodowski

(Photo by Robert

Miss Dolores Villadonga, daughter of Mr. and Mrs. Edward Villadonga of Mt. Prospect became the bride of Robert Sklodowski, son of Dr. and Mrs. L. Sklodowski of Cicero in an 11 a.m. nuptial high mass February 23 in St. Mary church, Des Plaines. Rev. Joachim De Prada, great uncle of the bride and director of the National Shrine of St. Jude, officiated at the service during which Mr. Villadonga gave his daughter in marriage.

White gladioli and stock decorated the altars of the church and organist was Mrs. M. Lauer, Jane Morrisey was soloist.

For her marriage the bride wore a dress of imported satin and alencon lace fashioned with long sleeves, bustled sides and back, chapel train, sweetheart neckline and front skirt panel studded with pearls and sequins. She wore a starshaped crown of lace motifs outlined with pearls and sequins to which was attached her illusion fingertip veil of English heathcote illusion. Her flowers were a spray of stephanotis and a white orchid.

Miss Carla Korn, a childhood friend of the bride, was maid of honor and wore a cobalt blue velveteen princess dress with feathered pillbox hat and a spray of pompons and carnations of pale blue.

Bridesmaids were Barbara Villadonga, sister of the bride, Corrinne Lopez, cousin of the bride, Elsie Sklodowski, sister-in-law of the bridegroom, and Charlotte Soberski. Miss Lopez is from Cumberland and the latter 2 bridesmaids from Chicago. They were gowned identically to the maid of honor but carried pale pink sprays of pompons.

The bridegroom's sister, Cindy Sklodowski, was junior bridesmaid. Her gown was also of cobalt blue velveteen fashioned with scalloped hemline and hooped skirt over nylon ruffled netting. She also carried a spray of the pink pompons and carnations. The bride's 5-year-old sister, Charmaine, was flower girl and wore a gown identical to the junior bridesmaid's gown. She carried a basket of matching velveteen and pearls with flower petals.

Best man was Arnold Swec and ushers were Edward Villadonga, Leroy Sklodowski, George Soberski, Leo Skalodowski and Billy Sklodowski.

Following the service, a reception and luncheon for members of the bridal party was held at Hapsburg Inn, Des Plaines. A reception for 400 guests was held later in the Luxemburg Gardens, Morton Grove.

Mr. Sklodowski and his bride honeymooned in Wisconsin and since February 28 the couple has been residing at 3006 Laramie, Chicago.

The bride was graduated from St. Patrick academy and also attended Northwestern university. She is employed at Confidential Loan Co. The bridegroom is presently attending Kent Law school, Chicago.

Just Around The Corner From Patty McArdle

World Without Television

Dear Peg:

If you don't mind feeling as if you're living in a vacuum, you can get along without television quite well, I find. As a metter of fact, it's amazing how well the members of the family get to know each other when they are forced to create their own entertainment.

Megan and Bridget have learned to play a pretty fair game of Checkers. Daddy has taught Megan to play Scrabble and Mama has done more card playing (Fish and Old Maid) and book reading in the last two weeks than she'd done all last year!

Frankly, I think the children have enjoyed so much more attention since the set broke down that they don't care much when we get a new one. Fortunately, the weather has been nice enough for them to play outside on their bicycles (Bridget spends most of her day on her bike, since only a week ago she learned to ride her 2-wheeler) and by the time they are ready to come in, it's dinner time for them.

Ah! that wonderful dinner—all served at the table, so I need only walk from one end of the kitchen to the other, instead of from one end of the apartment to the other, delivering food to the living room.

And our table manners are impeccable (well, almost). Occasionally conversation lags and there's a dissenting grumble about Kukla, Fran and Ollie being on while we sit in the kitchen (must admit I go along with that grumble — I miss them too) but hastily we get back on the favorite subject: What Megan Did in School Today.

After dinner, the most beautiful part of this whole thing takes place — the girls have discovered (all by themselves) what fun it is to do the dishes!

Why, they had no idea that while they used to sit in the living room watching that old TV, I was in the kitching having such a marvelous time playing with the soap suds, mixing up soap-water-shakes and playing "magic bunny" with the SOS. This has become their major form of indoor activity and I'm doing everything possible to keep them uninformed.

I imagine Bridget is hardest hit by our loss. She misses Captain Kangaroo and Lunchtime Little Theatre, even though bike riding has taken the edge off somewhat. On rainy days it's the worst, but, one thing, Easter will never catch us unprepared — on the last rainy day, Bridget pasted pictures on, painted and dyed a couple of dozen eggs and using an old basket, made and unmade several Easter baskets.

Have a lovely Easter, dear.

My love,
Patty

Panel Discusses Migrant Workers At AAUW Meeting; Dance May 4

"The Migrant Worker" and problems relating to his health, sanitation, welfare and education on national, state and local levels will be discussed by a panel at the April 25 meeting of the northwest suburban branch of the American Association of University Women.

The April meeting, which has been changed to the fourth Thursday of the month, will begin at 8:15 p.m. at the South Park lodge, Des Plaines.

Mrs. L. W. Phinney of Des Plaines, who was an alternate from the Illinois Council of Churches to the Commission on Migrants of the National Council of Churches in December, will discuss work concerning migrants by the Council of Churches and the federal government. Dr. Elfriede Horst of Des Plaines, a member of the committee on agricultural migrant workers of the Illinois Commission on Children, will discuss the problem on the state level and Mrs. J. S. Stroud of Park Ridge, the past chairman of the AUW migrant school, will present local facts.

Miss Joan Shaw, migrant school chairman, is in charge of the program and Mrs. Morton Collins is social chairman for the evening.

WITH A GAY nineties atmosphere, the branch's annual spring dinner-dance will be held Saturday, May 4 at the VFW hall in Des Plaines. Dinner will be at 7 p.m. and dancing to the Henry Voit Trio will begin at 9 p.m. Reservations may be made with Mrs. Lee Gunter Jr., CL 3-5619.

Mrs. Myron Penny, migrant school rummage chairman, has made a request for old clothes, dishes or toys for the annual migrant school rummage sale. Members and all others wishing to contribute may call Mrs. Penny at TA 3-5625. (S

John Aldrich Takes Bride in Missouri

Childress chapel of Central Presbyterian church in Clayton, Mo. was the scene of a double ring ceremony March 23 in which Miss Nancy Paddon, daughter of the E. E. Paddons of St. Louis and John David Aldrich, foster son of Mr. and Mrs. Howard O. Elliott, 2507 Wilke rd., Arlington Heights, were united in marriage.

The bride was given in marriage by her father and wore a gray suit with orchid hat and a white orchid corsage. She and her bridegroom were each attended by a member of their family.

Following the service, a reception for 50 relatives and close friends was held in the church basement where Mrs. Paddon received in a blue grey dress with blue accessories while Mrs. Elliott received in a navy blue dress with white accessories.

The newlyweds are now residing in Lancaster, Cal. where the bridegroom is employed by an electric company. He was graduated from Wilson school and Arlington high school and spent 3½ years in the navy.

Luncheon Thurs. Will Benefit School For Girls

Luncheon Thursday-18 goudy ital Mrs. Dyke Born of Arlington Heights, chairman of the Suburban Welfare league benefit luncheon, and her committee are anticipating a pleasurable afternoon for their guests April 18 at the luncheon to be held at the Park Ridge School for Girls.

A hot Lenten lunch is to be served at 12:30 followed by Mal Bellairs, who is to conduct his Lucky Ladies program, heard each week day on WBBM at 2:45. Many guests will be "lucky ladies" and have the opportunity to chat with Bellairs and receive one of many gifts. Following Mr. Bellairs broadcast there will be cards.

This luncheon and entertainment is given by the Suburban Welfare league to raise funds for the school.

Those wishing to attend this benefit luncheon may come to the Park Ridge School for Girls at 733 North Prospect today, Thursday, and anyone interested in joining the Suburban Welfare league may call the membership chairman, Mrs. Born, CL 5-5191.

Kappas Install New Officers

The April meeting of Kappa Kappa Gamma alumnae association was held at the home of Mrs. Gene Coughlin, Arlington Heights, with Mrs. George Cridland of Palatine as co-hostess. Following dessert, Mrs. William Manbeck of Park Ridge, retiring president, installed the new officers. She then was presented with a gift from the Kappa group. Remaining part of the meeting was a white elephant sale.

Next meeting will be the annual May luncheon May 14 at the Country Squire. Further information and reservations may be obtained by calling Mrs. Allan Kovar, CL 3-8094. All Kappas in the area are invited.

Newly-installed officers are Mrs. Charles Strother, Arlington Heights, president; Mrs. Melvin Lannert, Park Ridge, vice president; Mrs. John McCallister, Park Ridge, recording secretary; Mrs. Gene Coughlin, Arlington Heights, corresponding secretary; Mrs. Leonard Castle, Arlington Heights, treasurer. Appointed chairmen are recommendations, Mrs. Fred Empkie, Arlington Heights and Mrs. Kimball Hill, Park Ridge; membership, Mrs. Arvid Hanson, Mt. Prospect, and Mrs. Robert Cushman, Des Plaines; publicity, Mrs. Clark Gutru, Arlington Heights, and Mrs. Phillip Tone, Park Ridge.

St. Raymond Women Complete Plans For May 8 Fashion Show

Committees from the womans club of St. Raymond Catholic church, Mt. Prospect, are completing arrangements for their annual fashion show to be held May 8 at 8 p.m. in Arlington high school auditorium.

Mrs. Richard Broeren and Mrs. W. Skowron, co-chairmen of the event, announce that fashions of the evening will be presented by Strass' Ladies Apparel, Marietta James Fashions and Jewelry and McMahons, all Mt. Prospect shops.

Highlight of the evening will be the presentation of 3 gifts, a vacuum cleaner, a string of cultured pearls and a jeweled alarm clock.

Tickets for this evening of fashion are available from any member of St. Raymond womans club. (S

Gamma Phi's Elect Officers In March

Elections for officers of the northwest suburban chapter of Gamma Phi Beta took place at the March meeting of the group. Mrs. Walter Christopher of Park Ridge was elected president and Mrs. Robert Witthans of Arlington Heights, vice president.

Arlington Heights' Mrs. H. S. Mattingly was elected recording secretary and Mrs. C. C. Eastman of Park Ridge the corresponding secretary. Historian is Mrs. John Stead of Barrington and Mrs. Peter Kalmer of Park Ridge is magazine chairman. Mrs. Robert Berg of Park Ridge holds the office of membership chairman.

Next meeting of the group will take place at the home of Mrs. S. O. Johnson in Park Ridge at 8 p.m. April 24. Anyone needing transportation or information may phone Mrs. Witthans at CLearbrook 5-0771. (S

Syndicate Columnist To Speak April 25

'How to Syndicate Your Ideas" will be the subject of a talk by Katy Collins, Winnetka writer of the nationally syndicated column, "Spouse-Keeping" when she speaks before the North Shore alumnae chapter of Theta Sigma Phi, professional sorority for women in journalism, Thursday evening, April 25.

Mrs. Frank Whitehand of Glenview will be hostess for the 7:30 p.m. meeting in the home of her mother, Mrs. Carl Lovgren, 1134 Greenwood ave., Wilmette.

Assisting Mrs. Whithand as co-hostesses for dessert preceding the meeting will be Mrs. Ray Burlingham, 138 Laurel ct., Wheeling, and Mrs. Robert K. Miller of Northbrook.

Mrs. Collins' column, a feature dealing with husband, home and children, is based on some of her own experiences as a housewife; she is the mother of 3 young sons and wife of Chicago newspaperman Thomas H. Collins, writer of the weekly feature, "The Golden Years," and of the book by that name published last year. (S

PREPARING FOR A first annual card party to benefit Notre Dame High School for Boys are, left to right, Mrs. A. J. Jolie of Park Ridge, president; Mrs. Louis G. Bacher and Mrs. Norbert Starshak of Mt. Prospect, co-chairman, and Fr. d'Auttremont, principal. The women are members of the Mother's club of the high school and announce that the benefit will be held at 8 p. m. May 4 at the school, 7655 Dempster st., Niles. Mrs. R. L. Dickinson of Mt. Prospect is co-chairman of the decorations committee. Tickets may be purchased at the door the night of the party.

A COOL DESSERT SERVED in a tall, sparkling glass and topped with a drift of whipped cream spells a parfait to most of us. "Parfait" literally means perfect, and a better adjective has yet to be found to describe this sophisticated confection. A brand new ingredient in parfaits this season is blackberry-flavored vitamin C gelatin, just arrived at grocery stores in time to bring spring to your dinner table. The flavor is temptingly tart and fresh, lending itself perfectly to your luncheon and dinner menus as well as to the occasion of an afternoon or late evening refreshment. Here's the simple recipe for you to try when you introduce blackberry gelatin parfaits to your family.

Royal Blackberry Parfait

1 pkg. vitamin C gelatine, blackberry flavor
1 cup hot or boiling water
1 cup cold water
½ cup heavy cream, whipped

Dissolve gelatin in boiling water. Stir in cold water. Measure 1 cup of the gelatin and set aside in a separate bowl. Chill both portions of gelatin until thick but not set. Set one of the bowls in a bowl of ice and beat the gelatin until it is light and foamy. Pile the whipped gelatin and the thickened gelatin into parfait glasses in alternate layers, ending with thickened mixture. Chill until firm, about 1 hour. Just before serving, top each glass with a spoonful of whipped cream. Makes 5 servings.

Cheek To Cheek: Where'd It Go?

by MARY

Whatever happened to the old fashioned waltz? For that matter, whatever became of dancing?

The other night on Disneyland there were some chaps called "the blue men." According to legend, they are blue because their wives do such a punk dye job on their clothes. It comes off on them. The dye does.

ANYWAY, a tribal dance was done which consisted of quite a lot of shivering and shaking. They were dancing because the price of camels had gone way down and they were going over the mountains to find a new market. Which is a pretty good reason for a hoedown in any man's language.

The men stood around clapping like crazy while the girls did some pretty snappy head spinning. They all had beads in their hair and were proud of it. My young laughed and laughed to see such sport.

What gets me is, why were my females laughing. I have watched them sit in front of the TV for hours making cooing noises over the gyrations of the youthful dancers on Bandstand Matinee. From what I can gather, dancing today is pretty grim business.

IT CONSISTS of clutching hands, a look of grim determination and a nice lot of stamping of the feet. One of the cardinal rules seems to be not to look at your partner. Keep the old eyes on the feet, boy.

Why, I can remember back when cheek to cheek dancing was the thing even if it was a little sweaty. If a girl's partner was slightly shorter than she, it brought out some interesting innovations in posture too. But, at least it looked as though we were dancing together. In fact, there was no doubt about it.

This old dog is not going to learn any new tricks. The dip and glide is about as jazzy as I'm going to get. I'm going to continue to gaze into the big blue eyes of my partner and my feet will just have to get along as best they can. (S

BUSINESS CAREER OPENING FOR YOUNG MAN IN ELGIN

This is not just a job we're offering—it is a genuine chance at a real career in one of the most dynamic, yet stable industries in the country. We're looking for a young man, 18 to 25 years old, with a good high school background, who wants the opportunity to go far with a good company.

In the beginning job you will represent the company in dealings with our customers. It is interesting and challenging work. You will be thoroughly trained, not only in your immediate job but in the whole business. If you have the ability, we will want to promote you as quickly as possible.

The starting salary is excellent. It is a 40-hour (no Saturday) week, with frequent raises and paid vacations. And again — the opportunity for advancement to higher supervisory positions is excellent.

If you are clean-cut, intelligent and ambitious, we want to talk with you. A career is waiting . . . Please call today for an interview appointment.

Modern Ettiquette

by ROBERTA LEE

Q. What is considered the proper length of time between the announcement of an engagement and the wedding

A. There is no definite rule, this depending naturally upon circumstances. Usually, the maximum is six months, and if a couple anticipates a greater length of time, they will postpone the announcement of their engagement until they are fairly certain of the date of their marriage.

Q. When cake is served and no forks are provided, how should one eat it

A. Break it into individual pieces, much as you would a slice of bread or a bun, and convey it to your mouth with the fingers.

Q. When a man is assisting a woman out of an automobile, should he take her hand or her elbow

A. He should assist her by placing a hand under her elbow.

Q. Our women's club is having several guest speakers at a meeting soon. Who should greet them when they arrive, and how should they be conducted to their places

A. Ushers should be appointed to meet these people, greet them, and conduct them to the platform or to their places at the table.

Q. When giving an informal dinner, how should the hostess let her guests know the seating arrangement she wishes

A. The hostess should stand at her place, and tell each guest just where he or she should be seated.

Q. Should a guest at a wedding thank the usher who leads him or her to the proper pew in the church

A. If the usher happens to be a friend, you may say "thank you" in a low voice. Otherwise, a nod and an appreciative glance are enough.

Q. From time to time I have written many notes of sympathy to bereaved friends, but with very few exceptions, have never received replies or acknowledgments. Isn't this wrong of these people

A. Not exactly. Your acts of kindness should be unexacting, and especially from people who are in sorrow.
